Operating Net Result

Council's financial results at 31 December 2011 show the organisation tracking closely to budget with a \$5.1 million better than forecasted operating position against the year to date budget. With the Budget Review 2 requests reflected in the ledger the end of year position is forecast to be an operating deficit of \$8.1 million

The 31 December 2011 operating surplus variation of \$5.1 million is made up of higher than budgeted operating revenues of \$2.7 million and lower than anticipated expenses of \$2.4 million.

Operating Revenue

Prepaid rates is causing a \$1.2 million favourable variance YTD, this variance is expected to be significantly reduced with the January rate run.

Operating Expenses

The favourable variance in operating expenses of \$2.4 million is made up of higher than budgeted employee spend of \$3 million which is offset by a lower than budget material & services spend of \$4.9 million. The YTD VAST efficiency target saving for employee costs is \$2.5 million, which is not being achieved. Further work will be completed with the business in the new year to identify possible savings.

Operating Revenue

31 December 2011

Operating Revenue

As at 31 December 2011 operating revenues are \$2.7 million or 1.4% ahead of budget.

Prepaid rates is causing a \$1.2 million favourable variance YTD, this variance is expected to be significantly reduced with the January rate run.

As part of the Budget Review 2 requests, development services fees were reduced by \$2 million. The year to date portion of this adjustment has been reflected in the year to date budget (\$1 million). With this adjustment made development services revenue is still \$1.2 million behind budget as at 31 December 2011.

There are increases in revenue across all other departments, with no one particular variance greater than \$600,000.

Operating Expenses

31 December 2011

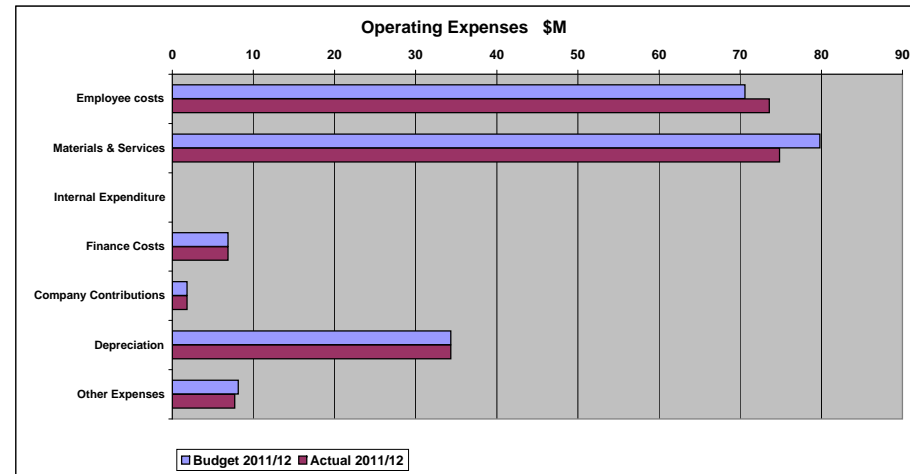

Operating Expenses

At 31 December 2011, operating expenses were \$2.4 million or 1.4% under budget with the main contributing factor being a positive variation within materials and services of \$4.9 million.

The favourable variance in operating expenses of \$2.4 million is made up of higher than budgeted employee spend of \$3 million which is offset by a lower than budget material service spend \$4.9 million. The YTD VAST efficiency target saving for employee costs is \$2.5 million, which is not being achieved.

\$1.8 million of the labour variance is coming from the Infrastructure Services Department, who are currently investigating options to find further VAST savings from their Material and Service spend to fund the shortfall in employee costs.

There are no other operating expenditure issues at 31 December 2011.
