

**NOTICE OF MOTION**

**SUBMITTED BY COUNCILLOR:** Cr Tim Dwyer

**COUNCIL MEETING:** Ordinary Meeting 30 January 2020

I hereby notify of my intention to move the following motion at the Ordinary Meeting to take place on Thursday 30 January 2020:

That Council authorise the Chief Executive Officer to advocate to the Queensland State Government to:

1. Ensure the current fleet meet noise emission limits, and this is regularly checked for compliance
2. Request the bus operator to instruct their drivers to be mindful of their driving techniques to reduce noise, particularly out of hours
3. Investigate low cost, easy retrofit opportunities for current fleet vehicles to reduce noise emissions (e.g. improved exhaust elements)
4. Request the bus operator to consider the bus fleet scheduled to use the Caloundra Bus Interchange to be buses in the current fleet with lowest noise emission ratings.
5. Ensure all new fleet chosen includes low noise emissions as an important decision consideration to benefit the whole community, both long term and during all hours of the day as they serve residential areas
6. Bring forward fleet upgrades for the Sunshine Coast
