## Petrie Creek Road Upgrade - Rosemount

 Construction update – Stage 2 construction and detour timing

 Stage 2 – July 2026

 Petrie Creek Road and Paynters Creek Road, Rosemount

### Project update

Further to our last Construction Notification (May 2026), Council wishes to provide you with further information about recent changes to the Petrie Creek Road Upgrade project timeline.

Stage 2 works along Petrie Creek Road (approx. 400 metre section from the Western Service Road to Eastern Service Road intersection), including the detour arrangement via Paynters Creek Road, are now expected to start in July 2026 (rather than June).

The delay is due to wet weather impacting the completion of Stage 1 works, as well as underground services information relating to Stage 2 required from Telstra.

Advance notice of the Stage 2 start date will be provided in a future update.

Electronic road signs will be erected on Petrie Creek Road at least two weeks in advance of Stage 2 works starting.

Council apologises for any inconvenience and will continue to keep you informed.

To learn more about the project, including viewing the staging and detour maps, and frequently asked questions, please visit the [project's web page](#).
