## 2. ADMINISTRATION

### 2.1 Issue of Rates Notices

Separate rate notices will be issued in the first six months of the financial year (July to December), and in the second half of the financial year (January to June), for the billing periods 1 July 2019 to the 31 December 2019, and 1 January 2020 to the 30 June 2020 respectively. Each rate notice includes one half of the annual rates and charges levied for the financial year. Land valuation fees issued by the Department of Natural Resources, Mines and Energy will be passed on to land owners via the rate notice.

In accordance with section 118 of the *Local Government Regulation 2012*, and section 115 of the *Fire and Emergency Services Act 1990* all rates and charges and the State Government's Emergency Management Levy are to be paid by the due date shown on the rate notice.

The council is required to collect the Emergency Management Levy in accordance with the *Fire and Emergency Services Act 1990* and this levy is included on the rate notice. The council billing frequency and method noted above will be applied to the Emergency Management Levy. All funds raised from this levy are forwarded to the Queensland Fire and Emergency Services. For the financial year 2019/20, the rates are those as prescribed by the *Fire and Rescue Service Regulation 2011*, which is subject to alteration from time to time and are therefore outside the Sunshine Coast Regional Council's discretion. An early payment discount as shown in section 2.3 and council pensioner concessions as shown in section 2.4 will not be applied to the Emergency Management Levy.

### 2.2 Adjustment of Rates and Charges

Supplementary rates notices for variations in rates and charges will be issued as required during the financial year. It is the owner's responsibility to check that all rates and charges are correct at the time of the issue of the rate notice. Adjustment to rates and charges up to a maximum of twelve months prior to the current rating period, will only be done in exceptional circumstances.

Adjustment for rates and charges levied in the prior twelve months will **not** be made where; a property has been categorised in Differential General Rate Categories 16,16UT,16RT, 17,17UT,17RT,18,18UT,18RT,19,19UT,19RT, 27, 27UT, 27RT, 29, 29UT or 29RT and the owner/s have not provided a completed differential general rate objection notice advising that the property is his/her/their principal place of residence per section 3.2.4 of this Revenue Statement.

### 2.3 On-time Payment Discount

Discounts for prompt payments will be allowed on the rates and charges stipulated in council's Revenue Statement as having discount applying to them. Such discounts are allowed in accordance with section 130 of the *Local Government Regulation 2012*. A discount will be allowed where full payment of the current period rates and charges, plus any overdue rates and charges and interest thereon, is received before the first working day following the due date shown on the rate notice.

#### 2.3.1 Method of Calculation

Subject to section 2.3.2 of this Revenue Statement the following discount will be allowed on differential general rates where the net amount payable shown on the rate notice is paid by the due date shown on the rate notice:

- 5% of the differential general rate; or
- \$200 per annum (ie \$100 for each half yearly rate period)

whichever is the lesser amount.

In the case of pensioners complying with the eligibility criteria contained in the Queensland Government's Rate Subsidy Scheme and Retirement Villages as per Differential General Rate Category 23, the half yearly discount offered will be 5% of the differential general rates. No maximum will apply.

No Discount is applied on the following rates and charges which may appear on the rate notice:

- Emergency Management Levy

- All Special Rates
- All Special Charges
- All Separate Charges
- Utility Charges
- Change of Ownership Fee
- Backflow Device Registration Fee
- Valuation Fee
- Infrastructure charges or overdue Infrastructure charges
- Any property charge relating to the provision of temporary services or the carrying out of council works on or in connection with the property
- Any non-rate item included on the rate notice
- Legal costs incurred in rate collection
- Interest charges on overdue rates
- Any other rate, charge or amount unless a discount is specifically permitted by this Revenue Statement.

### 2.3.2 Payments Made Before the Due Date

A discount will be allowed where full payment of the current period rates and charges, plus any overdue rates and charges and interest thereon, is received before the first working day following the due date shown on the rate notice. This will apply to all payments made at a council office, an approved agency, or by electronic means. For payments made through an approved agent or by electronic means the payment is deemed to be received on the transaction date provided by the approved agent or relevant financial institution.

### 2.3.3 Allowance of Early Payment Discount for Late Payments

There are occasions when payment by the due date is not achieved through circumstances beyond the control of the ratepayer and section 130(9) of the *Local Government Regulation 2012* provides council with a discretionary power to allow discount in such circumstances.

#### 2.3.3.1 *Payments made after the Due Date*

Discount will be allowed if the full payment of the overdue rates and charges is made within a period specified by council AND the applicant provides proof satisfactory to council of any of the following:

- Illness involving hospitalisation and/or incapacitation of the ratepayer at or around the due date for payment; or
- the death or major trauma (accident/life threatening illness/emergency operation) of the ratepayer and/or associated persons (Spouse/Children/Parents) at or around the due date for payment; or
- the loss of records resulting from factors beyond the ratepayer's control (Fire/Flood etc); or
- prepayments did not clear net rates and charges resulting in \$50 or less remaining unpaid; or
- as a result of a change of ownership, where council received notification between the generation of the rates notice and the due date for payment.

**and** council is satisfied that the event was the cause of the ratepayer's failure to make full payment by the due date.

#### 2.3.3.2 *Late payments Due to Delivery Difficulties*

An application for allowance of discount on late payment under the circumstances detailed in this section will only be considered where the application is received within 35 days after the Rate Notice due date and the account has been paid in full. Discount will be allowed due to delivery difficulties only:

- following the non-receipt of the rates notice by the ratepayer, or
- the non-receipt or late receipt of the rates payment by council, and

- where the reason for either, the non-receipt of the notice or the non-receipt of payment or late payment of payment, is separately substantiated as detailed below and discount has not been allowed on a previous late payment in similar circumstances in the last five (5) years.

To substantiate the claim for discount, due to non-receipt of the rates notice or non-receipt of the payment by council or late receipt of the payment by council, the following is required:

- a written statement from the ratepayer detailing non-receipt of the rates notice; or
- other evidence that payment of the rates was made by the ratepayer before or on the due date, but did not reach council due to circumstances beyond the control of the ratepayer; or
- other evidence that an administrative error occurred at the Department of Natural Resources, Mines and Energy which resulted in the rates notice being incorrectly addressed by council.

Discount may also be allowed, if substantiated by evidence, the return of the rate notice to council although correctly addressed occurred through no fault or instigation of the ratepayer and beyond the ratepayer's reasonable control.

Discount will **NOT** be allowed if the circumstances above are:

- as a result of the failure of the ratepayer to ensure that council was given correct notification of the postal address for service of notices prior to the issue of the rate notices; or
- as a result of the failure of the ratepayer to ensure that council was given correct notification of the email address for service of the notices prior to the issue of the rate notices.

#### 2.3.3.3 *Administrative Errors*

An extended discount period will be allowed if council has failed to correctly issue the rates notice in sufficient time to permit the ratepayer to make payment before the expiration of the discount period. The extended discount period will be equivalent to that period provided to other ratepayers and will commence from the date council specifies.

#### 2.3.3.4 *Payment Errors*

Where there is an apparent accidental short payment of the rates resulting from a miscalculation of the net amount payable, arising from the payment of a number of rate notices at one time (i.e. addition error) OR the tendering of an incorrect amount for a single rate notice (i.e. transposition error) THEN discount will be allowed in the following manner:

- Where the amount of the error is \$50 or less:  
Full discount will be allowed and the underpaid amount will be treated as 'Arrears of Rates'.
- Where the amount of the error exceeds \$50:  
The ratepayer will be given 14 days to pay the shortfall. If the shortfall is paid by the date advised, full discount will be allowed at that time.

Allowance of discount in these circumstances will **NOT** be allowed if any transposition error or addition error exceeds 20% of the total net rates payable on the single rate notice or the number of rate notices paid at one time.

## 2.4 Pensioner Concession

Council's pensioner rate concession to eligible pensioners will be allowed under Chapter 4, Part 10 of the *Local Government Regulation 2012*.

To qualify for council's Pensioner Rate Concession the ratepayer **MUST ALSO** qualify for the Queensland Government Pensioner Rate Subsidy.

### 2.4.1 Eligibility Criteria

For Queensland Government Pensioner Rate Subsidy

The pensioner:

- (a) Must possess a current, valid qualifying concession card, namely:
  - (i) Pensioner Concession Card issued by Centrelink or the Department of Veteran Affairs,  
**OR,**

- (ii) Repatriation Health (Gold) Card - (for all Conditions) issued by the Department of Veteran Affairs; and
- (b) Must be the owner (either solely or jointly), or be an eligible life tenant, in accordance with the guidelines for Queensland Government Pensioner Rate Subsidy, of property within the Sunshine Coast Regional Council local government area which is their principal place of residence, AND must have (either solely or jointly with a co-owner/s), the legal responsibility for payment of rates and charges which are levied in respect of the said property by the council. In the case of joint ownership, the subsidy will only apply to the applicable rates and charges proportionate to the share of property ownership of the approved pensioners. Where a co-owner is a declared dependant displayed on the applicant's pension card the declared dependant's proportionate share of property ownership is incorporated when assessing the proportionate share of property ownership of the applicant. For holders of the Repatriation Health (Gold) card issued by the Department of Veteran Affairs the name of the co-owner de facto/spouse, is not listed on cards and therefore when assessing the proportionate share of property ownership of the applicant the co-owner de facto/spouse portion is consequently incorporated; and
- (c) Must, if a 'first time' applicant, lodge and complete the prescribed application to be entitled to a Queensland Government Pensioner Rate Subsidy. The information on this application form will be used by council to verify the eligibility of all pensioners (Centrelink and Veteran Affairs pension recipients). Upon proof of eligibility, the entitlement to a subsidy will commence from either the card start date shown on the Pensioner Concession Card or the date of occupation of their principal place of residence or the start of the current rating period, whichever is the later date. Such entitlement will continue until the sale of that property or until the entitlement to a pension ceases to exist; and
- (d) Must, if an 'existing' applicant, lodge another application on the acquisition of a replacement property within the Sunshine Coast Regional Council local government area, OR if required by council; and
- (e) Pensioner Rate Subsidy will only be allowed where there is an approved habitable residence on the land which complies with the *Queensland Building Act 1975*.

For the Sunshine Coast Regional Council Pensioner Rate Concession

In addition to the above, the ratepayer **MUST**:

- a) Have owned property within the Sunshine Coast Regional Council local government area for the preceding three years. Pensioner concession may be allowed where the applicant has paid rates on property within the Sunshine Coast Regional Council local government area for five of the last ten years, so long as the "gap" between ownerships in this period does not exceed twelve months. If currently not eligible and upon meeting the qualifying period of three years, rating concession will be applied from the start of the next rating period. Discretion may be applied in relation to contribution to the Sunshine Coast Regional Council local government area regarding continuous residency, consistent with pensioner concession arrangements as listed above.

For holders of the Repatriation Health (Gold) card issued by the Department of Veteran Affairs who have been classified as Totally and Permanently Incapacitated the three year ownership provision is waived.

#### 2.4.2 Method of Calculation – Per Property

| Pension Rate                                | Sole title to the property | Joint title to the property |
|---|----------------------------|-----------------------------|
| Maximum level of pension (full pension)     | \$230 per annum maximum    | \$180 per annum maximum     |

## 2.7 Differential General Rate Exemptions and Concessions

Section 93 (3) of the *Local Government Act 2009* states that certain land is exempt from differential general rates. Additionally, section 73 of the *Local Government Regulation 2012* provides details of land that is exempt from rating in accordance with section 93(3)(j)(ii) of the *Local Government Act 2009*.

In applying these sections of the *Local Government Act 2009* and supporting regulation, council will be guided by the principle of communication by raising the awareness of target groups that may qualify for these exemptions.

Section 73 of the *Local Government Regulation 2012* states that for section 93(3)(j)(ii) of the Act, the following land is exempted from rating:

- (a) land owned by a religious entity if the land is less than 20ha and is used for 1 or more of the following purposes:

In addition to those classes of land granted a differential general rate exemption under section 93(3)(j)(ii) of the *Local Government Act 2009* and section 73 of the *Local Government Regulation 2012* council grants a differential general rate concession to land identified in section 120(1)(b) of the *Local Government Regulation 2012* to the extent council is satisfied the land is owned by an entity whose objects do not include making a profit or an entity that provides assistance or encouragement for arts or cultural development and is one of the following:

If a property has previously been granted a differential general rate concession in the previous financial year the owner will not be required to re-apply to obtain the concession for the current financial year, however they may be required to provide proof of their ongoing eligibility if requested to do so. Property owners must immediately notify council if there is a substantive change of land use for a property in receipt of a differential general rate concession.

Section 97 of the *Local Government Act 2009* allows a local government to fix a cost recovery fee and section 172(1)(c) of the *Local Government Regulation 2012* provides that the Revenue Statement must state the criteria used to decide the amount of any cost recovery fees.

All fees and charges will be set with reference to full cost pricing. Cost-recovery fees will be charged up to a maximum of full cost and reflect as far as possible the actual cost of providing services and facilities. Commercial charges will be at commercial rates. Council acknowledges the community benefit associated with not-for-profit organisations and Traditional Owners conducting activities on the Sunshine Coast. All not-for-profit organisations are exempt from cost recovery fees for applications to conduct activities requiring an approval on public and private land within the Sunshine Coast Regional Council local government area. All applications from Traditional Owners of the Kabi Kabi and Jinibara people are exempt from cost-recovery application fees in relation to tourism and cultural business activities occurring on community land within the Sunshine Coast Regional Council local government area.

If the PSC commences during a financial year it will be charged on a pro-rata basis. In accordance with the Infrastructure Agreement interest will be applied to all overdue Prescribed Service Charge payments. Charges, in accordance with section 5.1.9 or 5.1.10 shall apply to all lands and/or premises within the local government area of council where waste collection services are, or can be, made available.

If premises are in an area designated by council as an area in which council will conduct general waste or green waste collection, council will determine, having regard to the nature and volume of the general waste produced as a result of the ordinary use or occupation of the premises:

- (a) the number of standard general waste containers to be supplied to the premises; and
- (b) the size and type of each standard general waste container; and

For the avoidance of doubt, in making a determination, from time to time, council is not obliged to have regard to:

  - (iv) one 240 litre waste container for the collection of domestic waste from the domestic premises serviced weekly and one 360 litre waste container for the collection of recyclable waste from the domestic premises serviced fortnightly
  - (v) if 2 or more domestic premises are located on land, for example, domestic premises located on a community title scheme, and the place set aside for the keeping of waste containers for the domestic premises on the land is not adequate to accommodate waste containers for the collection of domestic waste and recyclable waste in the number specified in paragraph (a), (i), (ii), (iii) or (iv):
    - (A) 1, or multiple, 660 litre low noise waste containers for the collection of domestic waste from the domestic premises located on the land serviced weekly and 1, or multiple, 660 litre low noise waste containers for the collection of recyclable waste from the domestic premises located on the land serviced fortnightly; or

- (b) charge waste management utility charges for each collection of waste from the domestic premises in accordance with section 5.1.9.

#### *Commercial premises*

If commercial premises are in an area designated by council as an area in which council will conduct general waste or green waste collection, council may, having regard to the nature and volume of the commercial waste and the recyclable waste produced as a result of the ordinary use or occupation of the commercial premises:

- (a) require the supply and servicing of waste containers, at a frequency considered necessary by council, but in any event not less frequently than the following:
  - (i) one 140 litre waste container for the collection of commercial waste from the commercial premises serviced weekly and one 240 litre waste container for the collection of recyclable waste from the commercial premises serviced weekly; or

- (b) charge waste management utility charges for each collection of waste from the commercial premises in accordance with section 5.1.10

Also, if commercial premises are in an area designated by council as an area in which council will conduct general waste or green waste collection and council determines, having regard to the nature and volume of the commercial waste produced as a result of the ordinary use or occupation of the commercial premises, that the supply and servicing of one 140 litre waste container for the collection of commercial waste from the commercial premises, or one 240 litre waste container for the collection of commercial waste from the commercial premises, is not adequate, then council may:

- (a) require the supply and servicing, for the collection of commercial waste from the commercial premises (each an “other commercial waste service”), of waste containers, at a frequency considered necessary by council, but in any event not less frequently than the following:
  - (i) a second 140 litre waste container, or multiple 140 litre waste containers, serviced weekly; or
  - (ii) a second 240 litre waste container, or multiple 240 litre waste containers, serviced weekly; or

- (b) charge waste management utility charges for each other commercial waste service in accordance with section 5.1.10.

- (a) require the supply and servicing, for the collection of recyclable waste from the commercial premises (each an “other recyclable waste service”), of waste containers, at a frequency considered necessary by council, but in any event not less frequently than the following:
  - (i) a second 240 litre waste container, or multiple 240 litre waste containers, serviced weekly; or
  - (ii) a second 360 litre waste container, or multiple 360 litre waste containers, serviced weekly; or
  - (iii) 1, or multiple, low noise waste containers having a capacity of 660 litres or 1100 litres, serviced weekly; or
  - (iv) 1, or multiple, bulk waste containers having a capacity of 1m<sup>3</sup>, 1.5m<sup>3</sup>, 2m<sup>3</sup>, 3m<sup>3</sup> or 4.5m<sup>3</sup> serviced weekly; or

- (b) charge waste management utility charges for each other recyclable waste service in accordance with section 5.1.10.

If:

- (a) the premises which comprise a community titles scheme include both domestic premises and commercial premises, and
- (b) the domestic premises and commercial premises which comprise the community titles scheme share waste containers because that part of the land on which the community titles scheme is situated which is set aside for the storage of waste containers is not adequate to accommodate both standalone waste containers for the storage of commercial waste and standalone waste containers for the storage of domestic waste.

Council may:

- (c) require, having regard to the nature and volume of the general waste produced as a result of the ordinary use or occupation of the premises comprising the community titles scheme, the supply and servicing of waste containers, at a frequency considered necessary by council, but in any event not less frequently than the following:
  - (i) multiple 240 litre waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and multiple 240 litre waste containers for the collection of recyclable waste from the premises serviced fortnightly; or
  - (ii) 1, or multiple, 660 litre low noise waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 660 litre low noise waste containers for the collection of recyclable waste from the premises serviced fortnightly; or

  - (v) 1, or multiple, 1.5m<sup>3</sup> bulk waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 1.5m<sup>3</sup> bulk waste containers for the collection of recyclable waste from the premises serviced fortnightly; or

- (vi) 1, or multiple, 2m<sup>3</sup> bulk waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 2m<sup>3</sup> bulk waste containers for the collection of recyclable waste from the premises serviced fortnightly; or
  - (vii) 1, or multiple, 3m<sup>3</sup> bulk waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 3m<sup>3</sup> bulk waste containers for the collection of recyclable waste from the premises serviced fortnightly; or
  - (viii) 1, or multiple, 4.5m<sup>3</sup> bulk waste containers for the collection of commercial waste and domestic waste from the premises serviced weekly and 1, or multiple, 4.5m<sup>3</sup> bulk waste containers for the collection of recyclable waste from the premises serviced fortnightly; and

Utility charges for waste management, including waste removal activities, are levied pursuant to section 94(1)(b)(ii) of the *Local Government Act 2009* for the purpose of defraying the costs of operating, maintaining and managing the collection and disposal of waste from all lands and premises in council's local government area, including the Maroochydore City Centre Priority Development Area.

### 5.2.2 Charge to apply (general)
