### **Local Access**

We encourage minimal vehicle movement and kindly ask that you follow the directions of our licenced Traffic Controllers. They will manage road closure barriers to ensure safe and smooth movement throughout the day for residents, hotel guests, and shop owners accessing their properties.

Early Saturday morning deliveries may be impacted. We encourage you to liaise with your suppliers and reach out to us in advance so we can work together to accommodate vehicle access where possible.

Emergency vehicle access will be accommodated at all times.

### **Transport**

- The TAXI rank, normally on Minchinton Street will be re-located to Ormuz Avenue by the roundabout.
- The BUS route (605) will be changed from Esplanade / Leeding Tce., to Suller Street, for the duration of the event.

### **Earlier bin collection**

Please be advised that due to event road closures, waste collection services of commercial and public place bins will commence earlier than usual at 4am on **Saturday 30 & Sunday 31 May 2025**.

No changes to bin presentation – bins will be serviced from your usual collection point.

We encourage you to put your bins out the night before. If your bins are missed, please contact Sunshine Coast Council on 5475 7272.

### **Thanks for your patience**

We realise these closures impact the local community, and we thank you for your co-operation and support.

It is very important to us to control the event activities and minimise the local impact.

Participants in our event are required to have registered vehicles and register with us to attend the event inside the noted ZONES and understand the code of conduct that is required.

Burnouts and similar behaviour is not part of our event philosophy, if you see something, please note the vehicle registration and notify us. Our Event Security Team Leader is involved in all our activities and has the task of investigating reports.

If you would like any further information, or would like to chat to us, please email [directorqld@asrf.org.au](mailto:directorqld@asrf.org.au) or phone: Matt 0439 334 854
