# Risks

The 2024-25 budget has been developed to ensure long term financial sustainability for the Sunshine Coast region. A key element to long term financial sustainability is achieving the targeted operating result.

The following items need continued attention:

- The achievement of revenue targets
- The delivery of the \$14.7 million in savings initiatives included in the operating result

Failure to achieve the budgeted operating result will negatively impact Council's financial sustainability both in the short term and long term.

Continued monitoring of the delivery of the capital works program within budgeted scope and cost. Confirmation of capital works deferrals will need to be addressed during Budget Review processes.

Thanks for your time
