## **1.2** Planning scheme components

- (1) The planning scheme, in respect of:-
  - (a) the planning scheme area, other than that part of the planning scheme area referred to in paragraph (b) below, comprises the following components:-
    - (i) about the planning scheme (this part);
    - (ii) state planning provisions (Part 2);
    - (iii) the strategic framework (Part 3);
    - (iv) the priority infrastructure plan (Part 4);
    - (v) tables of assessment (Part 5);
    - (vi) the zones and, where applicable zone precincts specified in **Table 1.2.1 (Zones** and zone precincts) below (Part 6);

Table 1.2.1 Zones and zone precincts

	s and zone precincts dential zones category		
(a)	Low density residential zone, including:-		
(u)	(i) Precinct LDR 1 (Protected Housing Area)		
(b)	Medium density residential zone		
(c)	High density residential zone		
(d)	Tourist accommodation zone		
	re zones category		
(e)	Principal centre zone		
(f)	Major centre zone		
(g)	District centre zone		
(h)	Local centre zone		
	stry zones category		
(i)	Low impact industry zone		
(j)	Medium impact industry zone		
(k)	High impact industry zone		
(I)	Waterfront and marine industry zone		
Recr	eation zones category		
(m)	Sport and recreation zone		
(n)	Open space zone		
Envi	ronmental zones category		
(o)	Environmental management and conservation zone		
	r zones category		
(p)	Community facilities zone		
(q)	Emerging community zone		
(r)	Limited development (landscape residential) zone		
(s)	Rural zone, including:-		
	(i) Precinct RUR1 (Meridan Plains Extractive Resource Area)		
(t)	Rural residential zone		
(u)	Specialised centre zone		
(v)	Tourism zone including:-		
	(i) Precinct TOU1 (Australia Zoo)		
	(ii) Precinct TOU2 (Aussie World)		
	(iii) Precinct TOU3 (Big Pineapple)

- (b) Airport environs overlay
- (c) Biodiversity, waterways and wetlands overlay
- (d) Bushfire hazard overlay
- (e) Coastal protection overlay
- (f) Extractive resources overlay
- (g) Flood hazard overlay
- (h) Height of buildings and structures overlay
- (i) Heritage and character areas overlay
- (j) Landslide hazard and steep land overlay
- (k) Regional infrastructure overlay
- (I) Scenic amenity overlay
- (m) Water resource catchments overlay
  - (ix) the development codes specified in **Table 1.2.4 (Development codes)** below (Part 9);

#### Table 1.2.4 Development codes

Deve	Development codes		
State	Statewide codes		
(a)	Community residence code		
(b)	Forestry for wood production code		
(c)	Reconfiguring a lot (subdividing one lot into two lots) and associated operational work code		
Use	codes		
(d)	Business uses and centre design code		
(e)	Caretaker's accommodation code		
(f)	Child care centre code		
(g)	Community activities code		
(h)	Dual occupancy code		
(i)	Dwelling house code		
(j)	Extractive industry code		

Deve	lopment codes
(k)	Home based business code
(I)	Industry uses code
(m)	Market code
(n)	Multi-unit residential uses code
(o)	Nature and rural based tourism code
(p)	Relocatable home park and tourist park code
(q)	Residential care facility and retirement facility code
(r)	Rural industries code
(s)	Rural uses code
(t)	Sales office code
(u)	Service station code
(v)	Sport and recreation uses code
(w)	Telecommunications facility code
(x)	Utility code
Othe	r development codes
(y)	Advertising devices code
(z)	Landscape code
(aa)	Nuisance code
(bb)	Reconfiguring a lot code
(cc)	Safety and security code
(dd)	Stormwater management code
(ee)	Sustainable design code
(ff)	Transport and parking code
(gg)	Vegetation management code
(hh)	Waste management code
(ii)	Works, services and infrastructure code

#### (x) structure plans for the Maroochydore and Palmview declared master plan areas specified on Map SCC1 (Local government planning scheme area and context) (Part 10);

- (xi) schedules and appendices;
- (xii) the planning scheme policies specified in **Table 1.2.5 (Planning scheme policies)** below which support the planning scheme (Schedule 6);

Table 1.2.5	Planning scheme policies
-------------	--------------------------

Plan	ning scheme policies		
	Planning scheme policies relating to Part 7 (Local plans)		
(a)	Planning scheme policy for Landsborough (urban design guidelines)		
(b)	Planning scheme policy for Sippy Downs Town Centre		
Plan	ning scheme policies relating to Part 8 (Overlays)		
(c)	Planning scheme policy for the acid sulfate soils overlay code		
(d)	Planning scheme policy for the airport environs overlay code		
(e)	Planning scheme policy for the biodiversity, waterways and wetlands overlay code		
(f)	Planning scheme policy for the bushfire hazard overlay code		
(g)	Planning scheme policy for the extractive resources overlay code		
(h)	Planning scheme policy for the flood hazard overlay code		
(i)	Planning scheme policy for the heritage and character areas overlay code		
(j)	Planning scheme policy for the landslide hazard and steep land overlay code		
(k)	Planning scheme policy for the scenic amenity overlay code		
Plan	ning scheme policies relating to Part 9 (Development codes)		
(I)	Planning scheme policy for the utility code		

#### Planning scheme policies

- (m) Planning scheme policy for development works
- (n) Planning scheme policy for the nuisance code
- (o) Planning scheme policy for the reconfiguring a lot code
- (p) Planning scheme policy for the transport and parking code

(q) Planning scheme policy for the waste management code

Planning scheme policies relating to Part 10 (Other plans)

- (r) Planning scheme policy for Maroochydore Principal Regional Activity Centre Structure Plan
- (s) Planning scheme policy for Palmview Structure Plan

 Other planning scheme policies

 (t)
 Planning scheme policy for biodiversity offsets

Planning scheme policy for biodiversity offsets
 Planning scheme policy for information that local government may require

(v) Planning scheme policy for performance bonds

(b) that part of the planning scheme area within Development Control Plan 1 Kawana Waters which is the subject of the Kawana Waters Development Agreement as shown on Map SCC1 (Local government planning scheme area and context), incorporates Development Control Plan 1 Kawana Waters<sup>1</sup>.

## 1.3 Interpretation

### 1.3.1 Definitions

- (1) A term used in the planning scheme has the meaning assigned to that term by:-
  - (a) the Act; or
  - (b) the Planning Regulation 2017 (the Regulation), other than the regulated requirements; or
  - (c) the definitions in **Schedule 1 (Definitions)** of the planning scheme, unless the term is separately defined in another part of the planning scheme where the term is used; or

Editor's note—for example Part 10 (Other plans) includes definitions for terms specific to the structure plans for Maroochydore Principal Activity Centre and Palmview declared master plan areas.

- (d) the Acts Interpretation Act 1954; or
- the ordinary meaning where that term is not defined in the Act, the Regulation, Schedule 1 (Definitions) of the planning scheme, another part of the planning scheme or the Acts Interpretation Act 1954.
- (2) In the event a term has been assigned a meaning in more than one of the instruments listed in clause 1.3.1(1), the meaning contained in the instrument highest on the list prevails.
- (3) A reference in the planning scheme to any act includes any regulation or instrument made under it, and where amended or replaced means the amended or replaced act.
- (4) A reference in the planning scheme to a specific resource document or standard means the latest version of the resource document or standard.
- (5) A reference to a part, section, table or schedule is a reference to a part, section, table or schedule of the planning scheme.

Editor's note—terms defined in Schedule 1 (Definitions) appear in *italicised* text throughout the planning scheme, other than in Part 10 (Other Plans) and Schedule 6 (Planning Scheme Policies).

Editor's note-the regulated requirements do not apply to this planning scheme.

<sup>&</sup>lt;sup>1</sup> Editor's note—section 316 (Development control plans) of the Act provides that section 86(4) (Planning schemes for particular local governments) and section 857 (Development control plans under repealed LGP&E Act) of the SP Act continue to apply to the extent necessary to administer *Development Control Plan 1 Kawana Waters*.

## 1.3.2 Standard drawings, maps, notes, editor's notes and footnotes

- (1) Standard drawings contained in codes or schedules are part of the planning scheme.
- (2) Maps provide information to support the outcomes and are part of the planning scheme.
- (3) Notes are identified by the title "note" and are part of the planning scheme.
- (4) Editor's notes and footnotes are extrinsic material, as per the *Acts Interpretation Act 1954*, are identified by the title "editor's note" and "footnote" and are provided to assist in the interpretation of the planning scheme; they do not have the force of law.

Note—this is an example of a note. Editor's note—this is an example of an editor's note. Footnote—this is an example of a footnote.

### 1.3.3 Punctuation

- (1) A word followed by ";" or alternatively "; and" is considered to be "and"; and
- (2) A word followed by "; or" means either or both options can apply.

### **1.3.4** Zones for roads, waterways and reclaimed land

- (1) The following applies to a road, closed road, *waterway* or reclaimed land in the planning scheme area:-
  - (a) if adjoined on both sides by land in the same zone the road, closed road, *waterway* or reclaimed land is in the same zone as the adjoining land; or
  - (b) if adjoined on one side by land in a zone and adjoined on the other side by land in another zone the road, closed road, *waterway* or reclaimed land is in the same zone as the adjoining land when measured from a point equidistant from the adjoining boundaries; or
  - (c) if the road, closed road, *waterway* or reclaimed land is adjoined on one side only by land in a zone – the entire road, closed road, *waterway* or reclaimed land is in the same zone as the adjoining land; or
  - (d) if the road, closed road, *waterway* or reclaimed land is covered by a zone then that zone applies.

## 1.4 Categories of development

- (1) The categories of development under the Act are:-
  - (a) accepted development;

Editor's note—a development approval is not required for development that is accepted development. Under section 44(6)(a) of the Act, if a categorising instrument does not apply a category of development to a particular development, the development is accepted development. Schedule 8 of the Regulation also prescribes accepted development.

- (b) assessable development requiring either:-
  - (i) code assessment; or
  - (ii) impact assessment;

Editor's note—a development approval is required for assessable development. Schedules 9, 10 and 14 of the Regulation also prescribe assessable development.

(c) prohibited development.

Editor's note—a development application may not be made for prohibited development. Schedule 10 of the Regulation prescribes prohibited development.

## 5.9.9 Mooloolaba/Alexandra Headland local plan

#### Table 5.9.9 Mooloolaba/Alexandra Headland local plan: material change of use

Note – This table identifies variations to the category of development and category of assessment for a defined use specified in **Table 5.5.3 (High density residential zone)** and **Table 5.5.16 (Community facilities zone)** and. This table must be read in conjunction with **Table 5.5.3** and **Table 5.5.16**.

Defined use	Category of development and category of assessment	Assessment benchmarks for assessable development and requirements for accepted development

## Part 7 Local Plans

## 7.1 Preliminary

- (1) Local plans organise the planning scheme area at the local level and provide more detailed planning for the zones.
- (2) Local plan areas are mapped and included in Schedule 2 (Mapping).
- (3) A precinct may be identified for part of a local plan.
- (4) The categories of development and categories of assessment for development in a local plan are in **Part 5 (Tables of Assessment)**.
- (5) Assessment benchmarks for local plans are contained in a local plan code.
- (6) Each local plan code includes the following:-
  - (a) the application of the local plan code;
  - (b) the purpose of the local plan code;
  - (c) the overall outcomes that achieve the purpose of the local plan code;
  - (d) the performance outcomes that achieve the overall outcomes of the local plan code; and
  - (e) the acceptable outcomes that achieve the performance outcomes of the local plan code.
- (7) The following are the local plan codes for the planning scheme:-
  - (a) Beerburrum local plan code;
  - (b) Beerwah local plan code;
  - (c) Blackall Range local plan code;
  - (d) Bli Bli local plan code;
  - (e) Buderim local plan code, including:-
    - (i) Precinct BUD LPP-1 (Gloucester Road South);
  - (f) Caloundra local plan code, including:-
    - (i) Precinct CAL LPP-1 (Bulcock Street);
    - (ii) Precinct CAL LPP-2 (Ormuz Avenue);
    - (iii) Precinct CAL LPP-3 (Bowman Road/Oval Avenue);
    - (iv) Precinct CAL LPP-4 (Moffat Beach/Shelly Beach);
    - (v) Precinct CAL LPP-5 (Events Centre Hospitality Area);
    - (vi) Precinct CAL LPP-6 (Bulcock Street Hospitality Area);
    - (vii) Precinct CAL LPP-7 (Bulcock Beach Hospitality Area);
    - (viii) Precinct CAL LPP-8 (Kings Beach Hospitality Area);(ix) Precinct CAL LPP-9 (Omrah Avenue);
    - (x) Precinct CAL LPP-10 (Caloundra Aerodrome);
  - (g) Caloundra West local plan code, including:-
    - (i) Precinct CAW LPP-1 (Homestead Drive);
  - (h) Coolum local plan code, including:-
    - (i) Precinct COL LPP-1 (Palmer Coolum Resort and The Coolum Residences);
  - (i) Eudlo local plan code;

'art 7

- (j) Eumundi local plan code, including:-
  - (i) Precinct EUM LPP-1 (Eumundi Butter Factory);
- (k) Forest Glen/Kunda Park/Tanawha local plan code;
- (I) Glass House Mountains local plan code;
- (m) Golden Beach/Pelican Waters local plan code;
- (n) Kawana Waters local plan code, including:-
  - (i) Precinct KAW LPP-1 (South of Point Cartwright Drive);
  - (ii) Precinct KAW LPP-2 (North of Point Cartwright Drive);
  - (iii) Precinct KAW LPP-3 (Nicklin Way North Minyama);
  - (iv) Precinct KAW LPP-4 (Buddina Urban Village), including;
    - (A) Sub-precinct KAW LPSP-4a (Urban Village Residential);
    - (B) Sub-precinct KAW LPSP-4b (Bermagui Crescent/Iluka Avenue);
    - (C) Sub-precinct KAW LPSP-4c (Pacific Boulevard);
  - (v) Precinct KAW LPP-5 (Nicklin Way Warana);
  - (vi) Precinct KAW LPP-6 (Regatta Boulevard Wurtulla);
- (o) Kenilworth local plan code;
- (p) Landsborough local plan code, including:-
  - (i) Precinct LAN LPP-1 (Landsborough Town West);
  - (ii) Precinct LAN LPP-2 (Landsborough Town East);
- (q) Maleny local plan code, including:-
  - (i) Precinct MAL LPP-1 (Maleny Community Precinct);
  - (ii) Precinct MAL LPP-2 (Maleny West);
  - (iii) Precinct MAL LPP-3 (Walkers Creek);
  - (iv) Precinct MAL LPP-4 (Maleny North);
- (r) Maroochy North Shore local plan code, including:-
  - (i) Precinct MNS LPP-1 (Sunshine Coast Airport);
  - (ii) Precinct MNS LPP-2 (Town of Seaside);
  - (iii) Precinct MNS LPP-3 (Marcoola Tourist Accommodation);
- (s) Maroochydore/Kuluin local plan code, including:-
  - (i) Precinct MAR LPP-1 (Evans Street);
  - (ii) Precinct MAR LPP-2 (Wharf Street);
  - (iii) Precinct MAR LPP-3 (Maud Street/Sugar Road);
- (t) Mooloolaba/Alexandra Headland local plan code, including:-
  - (i) Precinct MAH LPP-1 (Mooloolaba Hospitality Area);
  - (ii) Precinct MAH LPP-2 (Mooloolaba Spit Government Uses);
  - (iii) Precinct MAH LPP-3 (Mooloolaba Heart Street Activation);
- (u) Mooloolah local plan code;
- (v) Nambour local plan code, including:-
  - (i) Precinct NAM LPP-1 (Nambour Hospitality Area);
  - (ii) Precinct NAM LPP-2 (Former Mill Site and Hospitality Area);
  - (iii) Precinct NAM LPP-3 (Town Centre Frame);
  - (iv) Precinct NAM LPP-4 (Nambour Health Hub);
- (w) Palmwoods local plan code;
- (x) Peregian South local plan code;

- Sippy Downs local plan code, including:-(y)
  - (i)
- Precinct SID LPP-1 (Sippy Downs Town Centre), including:-(A) Sub-precinct SID LPSP-1a (Sippy Downs Town Centre Core);
  - (B) Sub-precinct SID LPSP-1b (Sippy Downs Business and Technology Subprecinct);
  - (C) Sub-precinct SID LPSP-1c (Sippy Downs West Neighbourhood);
- Woombye local plan code; and (z)
- (aa) Yandina local plan code.

## 7.2.20 Mooloolaba/Alexandra Headland local plan code

#### 7.2.20.1 Application

- (1) This code applies to assessable development:-
  - (a) within the Mooloolaba/Alexandra Headland local plan area as shown on Map ZM34 contained within **Schedule 2 (Mapping)**; and
  - (b) identified as requiring assessment against the Mooloolaba/Alexandra Headland local plan code by the tables of assessment in **Part 5 (Tables of assessment)**.
- (2) The following provisions of the code are assessment benchmarks for applicable assessable development:-
  - (a) section 7.2.20.3 (Purpose and overall outcomes);
  - (b) Table 7.2.20.4.1 (Performance outcomes and acceptable outcomes for assessable development); and
  - (c) Figure 7.2.20A (Mooloolaba/Alexandra Headland local plan elements).

### 7.2.20.2 Context and setting

This section is extrinsic material under section 15 of the *Statutory Instruments Act 1992* and is intended to assist in the interpretation of the Mooloolaba/Alexandra Headland local plan code.

The Mooloolaba/Alexandra Headland local plan area is located centrally in the eastern part of the Sunshine Coast to the south of Maroochydore and includes the coastal area from Alexandra Headland to Mooloolaba extending west to the Sunshine Motorway. The local plan area takes in a diverse range of land uses including tourist accommodation and associated services and events, business centres, marine industries, a variety of residential areas, as well as a range of community and sport and recreation uses. The local plan area has a land area of approximately 536 hectares.

The Mooloolaba/Alexandra Headland local plan area is a renowned and popular tourist destination and is characterised by its frontage to a spectacular natural coastline, which includes Alexandra Headland, Mooloolaba Beach, Mooloolaba Spit and the Mooloolah River. Extensive foreshore parklands include surf lifesaving clubs, playgrounds, barbeque facilities, tourist parks and the Coastal Path. Impressive water views are available from foreshore areas and particularly from Alexandra Headland.

Business and commercial uses are concentrated in the Mooloolaba District Centre focussed on Brisbane Road and Walan Street. This area provides a range of retail, business and entertainment venues at the main entry road into Mooloolaba. A range of local businesses extend along the southern part of Brisbane Road, providing local convenience shopping and business activities for the surrounding residential community.

The beachfront areas are characterised by medium rise residential development catering for visitor and permanent accommodation. These uses are supported by small scale boutique shopping, cafes, restaurants and tourist and entertainment facilities located at key nodes along Alexandra Parade and Mooloolaba Esplanade and at Underwater World/Mooloolaba Wharf. Other low to medium rise multiple dwellings are located around the activity centres. Traditional low rise residential areas are located on the slopes to the west of Alexandra Headland and around Mooloolaba Waters.

The Mooloolaba marina, boat ramp and Yacht Club are popular recreational boating facilities within the local plan area. The Mooloolaba State Boat Harbour caters for commercial fishing operations and associated marine industries, including seafood retail and wholesale operations. Community services such as Air Sea Rescue and the Coast Guard also operate in the Mooloolaba State Boat Harbour.

Pedestrian and cycle pathways are located along the foreshore and along major roads. The CoastConnect Priority Public Transport Corridor is intended to travel along Brisbane Road, Walan Street, Mooloolaba Esplanade and Alexandra Parade providing opportunities for transit oriented redevelopment. Alexandra Parade, Brisbane Road and Buderim Avenue provide the major road links into the local plan area.

Urban zoned land within the local plan area is connected, or has the ability to be connected, to reticulated water and sewerage.

### 7.2.20.3 Purpose and overall outcomes

- (1) The purpose of the Mooloolaba/Alexandra Headland local plan code is to provide locally relevant planning provisions for the assessment of development within the Mooloolaba/Alexandra Headland local plan code.
- (2) The purpose of the Mooloolaba/Alexandra Headland local plan code will be achieved through the following overall outcomes:-
  - (a) Mooloolaba/Alexandra Headland local plan area is a diverse coastal urban area with a strong focus on tourism. The local plan area comprises a number of urban and suburban residential areas and high density visitor accommodation areas supported by a district activity centre at Mooloolaba, community and sport and recreation facilities, a harbour and associated waterfront and marine uses.
  - (b) Urban development in the Mooloolaba/Alexandra Headland local plan area is limited to land within the urban growth management boundary so as to protect the environmental and landscape value of foreshore areas and the Mooloolah River.
  - (c) Development in the local plan area is sited and designed to protect significant environmental areas and retain the key landscape elements that contribute to the setting, character and identity of Mooloolaba and Alexandra Headland, including beaches and dunal systems, foreshore parkland, Alex Forest Conservation Area, Mooloolaba environmental reserve, Nelson Park, Charles Clarke Park, character *vegetation* along the foreshore and views either to or from important landscape features.
  - (d) Development recognises and reinforces the beachside location of the local plan area by providing for high quality, contemporary sub-tropical building and landscape design that emphasises the casual, outdoor lifestyle. Development is of a scale and form which protects and enhances the existing character and identity of established parts of the local plan area.
  - (e) Development on land with *frontage* to Alexandra Parade, Brisbane Road, Mooloolaba Esplanade and River Esplanade achieves a high standard of urban design and contributes to *streetscape*, landscape, public art and public space improvements which enhance gateway locations, create attractive boulevards along these roads and promote the beachside character of the local plan area.
  - (f) Development in the District centre zone contributes to the Mooloolaba Town Centre's role as a district activity centre providing a range of business, community and residential uses to service the needs of residents and visitors. Mixed uses and uses which enhance the tourism focus and district level role and function of the Mooloolaba Town Centre are encouraged.
  - (g) Development in the District centre zone contributes to the economic vitality of Mooloolaba Town Centre through the provision of improved streetscape and landscape treatments, active street *frontages* and improved public spaces.
  - (h) Development in the District centre zone on Key Site 1 (Brisbane Road Carpark) provides for an integrated, high quality *mixed use development* incorporating a range of centre activities and residential accommodation. Development provides for significant streetscape and landscape improvements to all *frontages*, strong pedestrian connections to the adjoining tourist accommodation area, a new road link between Smith Street and Brisbane Road to improve accessibility, and a well-designed and integrated public carpark.
  - (i) Development in the Tourist accommodation zone reinforces these areas, and in particular the *frontage* to Mooloolaba Esplanade, as the primary tourism focus areas with vibrant and pedestrian friendly active street *frontages* providing a range of small-scale boutique retail and outdoor dining experiences with residential accommodation above, and strong visual and pedestrian linkages with the foreshore areas and surrounding residential, business and community activities.
  - (j) Development in Precinct MAH LPP-1 (Mooloolaba Hospitality Area) provides a range of entertainment activities including *food and drink outlets*, *function facilities*, *bars* and *hotels* that may operate after hours and include live music which creates a vibrant atmosphere.
  - (k) Development in the Tourism area zone on Key Site 2 (Underwater World/Mooloolaba Wharf) provides for an integrated, high quality *mixed use development* which complements the existing range of tourism facilities on the site and contributes to the vitality and attractiveness

Dart 7

of Mooloolaba, and in particular Underwaterworld/Mooloolaba Wharf, as a visitor and entertainment destination, whilst maintaining the operation of the marina and protecting the amenity of surrounding residences. Development provides for Hancock Street to be enhanced with streetscaping, landscaping and public art to create an improved entrance from River Esplanade into the *site*, and includes an accessible, safe and integrated public parking facility.

- (I) Redevelopment of Key Site 2 (Underwater World/Mooloolaba Wharf) provides for a pedestrian friendly, activated village square or plaza which links to the Mooloolaba Town Park and provides improved pedestrian and visual connections through to the Mooloolah River.
- (m) Development in the Tourist accommodation zone on Key Site 3 (Club Eatery) provides for an integrated, high quality *mixed use development* which incorporates facilities capable of attracting and accommodating a five-star international standard accommodation hotel and reinforces the role of Mooloolaba as a premier tourist destination and visitor accommodation area. Development provides for exemplar architecture, streetscape and landscape design, through a sub-tropical design response that recognises the beachfront and landmark nature of the *site*.
- (n) Development in the Local centre zone along Brisbane Road functions as a local (not full service) activity centre servicing the local convenience needs of nearby residents and visitors. Development in this area supports the role of the Mooloolaba Town Centre (District centre zone) as the district activity centre for the local area and contributes to the establishment of a vibrant centre and entry boulevard to Mooloolaba.
- (o) Development in the Low density residential zone maintains the traditional beachside residential character of these parts of local plan area.
- (p) Development in the Medium density residential zone in Alexandra Headland respects the existing topography and contributes to a high level of residential amenity and design quality consistent with the scale and character of the *streetscape* and surrounding development.
- (q) Development in the Waterfront and marine industry zone provides for the continued operation of Mooloolaba State Boat Harbour and associated industries and small-scale complementary business uses, to support the ongoing viability of the commercial fishing operations at Mooloolaba.
- (r) The existing tourist park sites located on Mooloolaba Esplanade and Parkyn Parade are maintained or redeveloped as tourist parks to provide short term, affordable visitor accommodation to complement Mooloolaba's role as a tourism focus area.
- (s) The State government uses at Mooloolaba Spit are rationalised and provide for low key government functions which are dependent on water access, with a limited number of small scale business uses which contribute to the activation of the area and the attractiveness and safety of Mooloolaba Spit as well as improved access to adjoining parkland.
- (t) Development in the Sport and recreation zone at the Yacht Club and boat ramp contributes to tourism opportunities in Mooloolaba by providing for enhanced recreational boating opportunities and associated business uses and improving public access between Parkyn Parade and the Mooloolah River.
- (u) Development provides strong pedestrian and visual links to the coastal foreshore and Mooloolah River including through block pedestrian connections, and facilitates safe and convenient pedestrian and cycle connections to and between other key destinations within the local plan area. The coastal foreshore area provides an important continuous pedestrian, cycle and open space link from the mouth of the Mooloolah River north along the full length of the local plan area.
- (v) Development adjacent to the CoastConnect Priority Public Transport Corridor is for transit oriented development which is fully integrated with the corridor, in particular through the protection and provision of land required for major *infrastructure* in the corridor and the provision of works to minimise vehicle *access* points to roads in the corridor.
- (w) Development in the High density residential zone in the vicinity of Muraban Street and Naroo Court, Mooloolaba, provides for a future road link between Muraban Street and Naroo Court to improve local connectivity.

## 7.2.20.4 Performance outcomes and acceptable outcomes

			-
	e Outcomes	Acceptable	
Developme PO1	nt in the Mooloolaba/Alexandra Headl. Development provides for buildings, structures and landscaping that are consistent with and reflect and enhance the coastal urban character of Mooloolaba and Alexandra Headland in terms of form, composition and use of materials.	AO1.1	<ul> <li>Area Generally (All Zones)</li> <li>Development for a residential, business or community activity provides for building design which incorporates the following features:- <ul> <li>(a) a mix of lightweight and textured external building materials, including timber finishes or masonry construction with variation provided in texture and detailing;</li> <li>(b) articulated, pitched, skillion or curved roof forms;</li> <li>(c) open or transparent balustrades; and</li> <li>(d) landscaping integrated into the building design.</li> </ul> </li> </ul>
		AO1.2	Development uses understated colour schemes and low-reflective roofing and cladding materials.
PO2	Development contributes to the establishment of attractive and coherent <i>streetscapes</i> and gateways to enhance the sense of entry to, and the beachside character of, Mooloolaba and Alexandra Headland, including boulevard treatments along Alexandra Parade, Brisbane Road, Mooloolaba Esplanade and River Esplanade.	AO2.1	<ul> <li>Development adjacent to a primary streetscape treatment area, boulevard treatment area or gateway/entry point identified on Figure 7.2.20A (Mooloolaba/Alexandra Headland local plan elements):-</li> <li>(a) provides landscaping, public art and public space improvements;</li> <li>(b) incorporates a high standard of urban design and architectural and landscape treatments which enhance the sense of arrival to, and the beachside character of, Mooloolaba and Alexandra Headland, and emphasise corner locations; and</li> <li>(c) incorporates design elements such as varied roof forms, changes in materials, and variations of projected and recessed elements and facades.</li> </ul>
		AO2.2	Development provides for streetscape improvements which complement existing or proposed streetscape works in the local area to ensure continuity of <i>streetscapes</i> and landscape design. Note— <b>Section 9.4.2 (Landscape code)</b> sets out requirements for streetscape landscapes including entry statement landscapes. Note—a landscape master plan may provide further guidance regarding particular streetscape treatments in a local plan area. Note—streetscape materials and palettes can be referenced from the <i>Council's</i> Infrastructure and Guideline Standards for each centre as required.

# Table 7.2.20.4.1 Performance outcomes and acceptable outcomes for assessable development

Art 7

Performanc	e Outcomes	Acceptable	Outcomes
PO3	Development provides for the retention and enhancement of significant views and vistas contributing to the setting, character and sense of place of Mooloolaba and Alexandra Headland.	A03	Development on sites fronting Mooloolaba Esplanade, Alexandra Parade and Parkyn Parade are designed to minimise the impact on significant views to and from important landmark sites and landscape features including Alexandra Headland Beach, Alexandra Headland, Mooloolaba Beach, Mooloolaba Spit, Point Cartwright, the Pacific Ocean and elevated parts of the local plan area including where identified on Figure 7.2.20A (Mooloolaba/Alexandra Headland local plan elements).
PO4	Development protects and enhances the major open space links and scenic qualities offered by the foreshore park and reserve system, Alex Forest Conservation Area, Mooloolaba environmental reserve, Nelson Park, Charles Clarke Park	AO4.1 AO4.2	Development protects and enhances the greenspace links identified on Figure 7.2.20A (Mooloolaba/ Alexandra Headland local plan elements). Development provides for the retention
DOG	and the character <i>vegetation</i> along the foreshore area.	405 (	and enhancement of character vegetation along the foreshore and Mooloolah River. Note—in some circumstances, the eradication of weed species and planting of locally native species that make a comparable contribution to local character may also satisfy the Acceptable Outcome.
PO5	Development is fully integrated with the CoastConnect Priority Public Transport Corridor, including through the protection and provision of the land required for the major <i>infrastructure</i> corridor that is located on the premises and the provision of works to minimise vehicular <i>access</i> points to roads in the corridor.	AO5.1	<ul> <li>Development on sites identified on</li> <li>Figure 7.2.20B (Brisbane Road upgrade) as subject to road widening provides for:-</li> <li>(a) development to be sufficiently set back to accommodate the protection of the major <i>infrastructure</i> corridor located on the premises that is required for road widening to service the Sunshine Coast; and</li> <li>(b) land to be provided as required to accommodate the protection of the major <i>infrastructure</i> corridor located on the premises that is required to accommodate the protection of the major <i>infrastructure</i> corridor located on the premises that is required for road widening to service the Sunshine Coast.</li> </ul>
		AO5.2	Development provides for integrated vehicular access which minimises the number of access points to Brisbane Road, Mooloolaba Esplanade, Alexandra Parade, Hancock Street, Walan Street and Venning Street in the CoastConnect Priority Public Transport Corridor.
PO6	Development improves pedestrian accessibility by providing through block linkages as shown on Figure 7.2.20A (Mooloolaba/Alexandra Headland local plan elements).	AO6	No acceptable outcome provided.
Developme	nt in the District Centre Zone General	ly	
P07	Development in the District centre zone:- (a) contributes to the creation of a contemporary, subtropical	A07	Development in the District centre zone:- (a) provides <i>primary active street</i> <i>frontages</i> , built to boundary, where

Performanc	e Outcomes	Acceptable (	Outcomes
Terrermane	Carpark) identified on Figure 7.2.20A (Mooloolaba/Alexandra Headland local plan elements):- (a) improves pedestrian and vehicular accessibility between		Road to improve accessibility as indicated on Figure 7.2.20A (Mooloolaba/Alexandra Headland local plan elements).
	Smith Street and Brisbane Road as an extension of Muraban Street; and	AO10.2	Development provides through block pedestrian linkages through the site.
	<ul> <li>(b) provides for well designed, accessible and integrated public car parking.</li> </ul>	AO10.3	Development provides a well designed and integrated public carpark to service the development and meet public parking needs.
P011	<ul> <li>Development in the District centre zone on Key Site 1 (Brisbane Road Carpark) identified on Figure 7.2.20A (Mooloolaba/Alexandra Headland local plan elements), where integrating a multi-storey public car parking facility, may:- <ul> <li>(a) increase site cover to a maximum of 90% for that part of the building up to 4 storeys and a maximum of 65% for that part of the building exceeding 4 storeys; and</li> <li>(b) build to the primary active street frontages for that part of the building up to 4 storeys.</li> </ul> </li> </ul>	AO11	No acceptable outcome provided.
Developmer	nt in the Tourist Accommodation Zon	e Generally	
0010	Development in the Tourist accommodation zone provides a focus for high-density visitor accommodation and a range of ancillary retail and entertainment/catering uses that contribute to the tourism focus of the Mooloolaba/Alexandra Headland local plan area and support the role of the Mooloolaba Town Centre.		No acceptable outcome provided.
PO13	<ul> <li>Development in the Tourist accommodation zone:- <ul> <li>(a) contributes to the vitality of Mooloolaba Esplanade, Alexandra Parade and other key streets;</li> <li>(b) provides a continuous pedestrian friendly facade;</li> <li>(c) contributes to the creation of a contemporary coastal built form and <i>streetscape</i>; and</li> <li>(d) provides functional and integrated parking and <i>access</i> arrangements that do not dominate the street.</li> </ul></li></ul>	AO13.1	<ul> <li>Development in the Tourist accommodation zone ensures that the ground storey level of premises on a site having a primary active street frontage where identified on Figure 7.2.20A (Mooloolaba/Alexandra Headland local plan elements):- <ul> <li>(a) is built to the front boundary;</li> <li>(b) provides a fine scale built form;</li> <li>(c) has building openings overlooking the street;</li> <li>(d) incorporates shopfronts, indoor/outdoor cafes and restaurants and other activities that are likely to foster casual, social and business interaction for extended periods;</li> <li>(e) provides all weather protection in the form of continuous awnings and/or light verandah structures with non-load bearing posts over footpath areas with mature or semi-mature shade trees planted along the <i>site frontage</i> adjacent to the kerbside;</li> <li>(f) ensures that signage is integrated with the building; and</li> </ul> </li> </ul>

Performanc	e Outcomes	Acceptable (	Dutcomes
			(g) includes provision of landscaping,
			shaded seating and consistent and
			simple paving materials on
			footpaths.
		AO13.2	Development in the Tourist
			accommodation zone:-
			(a) provides for loading docks and
			service areas to be located and screened so as to be visually
			unobtrusive;
			(b) provides for car parking below
			ground level in a basement
			structure(s) or which is sleeved
			behind buildings; and
			(c) provides for vehicular access to be
			rationalised and minimises access
			across active street frontages.
	nt in the Tourist Accommodation Zong		
PO14	Development in the Tourist accommodation zone on Key Site 3	AO14	No acceptable outcome provided.
	(Club Eatery) identified on <b>Figure</b>		
	7.2.20A (Mooloolaba/Alexandra		
	Headland local plan elements):-		
	(a) provides for the site to be		
	redeveloped as a high quality,		
	integrated, mixed use		
	development, and		
	(b) provides for exemplar		
	architecture, streetscape and		
	landscape design which is		
	highly articulated and		
	epitomises sub-tropical and sustainable design and that		
	recognises the beachfront and		
	landmark nature of the site.		
	Note-for the purposes of this		
	performance outcome, exemplar		
	architecture will be demonstrated through a sub-tropical design response to create		
	a landmark building, which results in a		
	development with a form and function		
	that epitomises the Sunshine Coast		
	lifestyle and effectively links the		
	development to public spaces through an integrated landscape and built-form		
	response.		
	Editor's note-a peer review will be		
	required to demonstrate best practice		
	sub-tropical design principles have been appropriately considered and		
	incorporated in the proposed design.		
PO15	Development in the Tourist	AO15	No acceptable outcome provided.
	accommodation zone on Key Site 3		
	(Club Eatery) on Figure 7.2.20A		
	(Mooloolaba/Alexandra Headland		
	local plan elements) where		
	incorporating a five-star international		
	standard accommodation hotel		
	component may provide for:-		
	(a) a maximum <i>building height</i> to RL 50m AHD, as identified in		
	Specific Site Note 1 on the		
	applicable Height of Buildings		
	and Structures Overlay Map;		
	and and and		
	allu		

Performance	Outcomes	Acceptable (	Dutcomes
Performance	<ul> <li>(b) a maximum <i>site cover</i> of 90% for that part of the building up to 2 <i>storeys</i> and a maximum <i>site cover</i> of 65% for that part of the building exceeding 2 <i>storeys</i>, provided the development includes a minimum building <i>setback</i> of 6.0m to River Esplanade (that includes a 10m by 10m corner truncation <i>setback</i> for the south east corner of the site) for the part of the building exceeding 2 <i>storeys</i>.</li> <li>Note—for the purposes of this performance outcome, the following physical components are required to be incorporated to demonstrate that the proposal will provide for and operate as a five-star international standard accommodation hotel component of the development:</li> <li>exemplar architecture and landscape design (refer PO14);</li> <li>over-sized guest rooms;</li> <li>expansive lobby;</li> <li>multiple restaurants;</li> <li>conference facilities;</li> <li>wide passageways;</li> <li>high ceiling heights;</li> <li>dedicated service lift;</li> <li>housekeeping and linen store on every floor;</li> <li>covered porte cochere capable of bus set down; and</li> <li>publicly accessible rooftop amenities and facilities (e.g. restaurant, day spa and pool).</li> </ul>	Acceptable	Dutcomes
	development. Note—for the purpose of determining <i>site</i> <i>cover</i> for this performance outcome, <i>site</i> <i>cover</i> shall be determined based upon the floor plane of each level and not the aggregate of all levels, when viewed in		
Developmen	plan view. t in Precinct MAH LPP-1 (Mooloolaba	Hospitality A	rea)
PO16	Development in Precinct MAH LPP-1 (Mooloolaba Hospitality Area) identified on Local Plan Map LPM34 provides for a range of entertainment/catering business uses and other business uses including food and drink outlets, function facilities, bars and hotels that may operate after hours and include live music which creates a vibrant atmosphere.	AO16	No acceptable outcome provided.

	(Mod	oloolaba/Alexandra Headland		
	loca	l plan elements):-		
	(a)	provides for the site to be		
		redeveloped as a high quality,		
		integrated, mixed use		
		development providing for a		
		range of uses that complement		
		existing tourism uses and		
		providing for the continued operation of the marina;		
	(b)	provides for outstanding		
	(0)	building, <i>streetscape</i> and		
		landscape design which is		
		highly articulated, epitomises		
		sub-tropical and sustainable		
		design and recognises the		
		landmark nature of the site;		
	(C)	provides for buildings which are		
		sited and designed to minimise		
		building bulk and achieve		
		visual permeability through the		
		site to maintain views to the		
		Mooloolah River from the Mooloolaba Town Park, River		
		Esplanade and Parkyn Parade;		
	(d)	complements the amenity of		
	(u)	adjoining uses and provides		
		strong links to open space on		
		Parkyn Parade and River		
		Esplanade;		
	(e)	incorporates active uses such		
		as outdoor dining on terraces,		
		in courtyards and on verandahs		
		at ground and first storey		
	(0)	levels;		
	(f)	provides an attractive and		
		pedestrian friendly central community meeting space such		
		as a village square or plaza		
		which links to and effectively		
		extends the Mooloolaba Town		
		Park located on the northern		
		side of Parkyn Parade;		
	(g)	provides an attractive address		
	,	to all street frontages and to		
		the Mooloolah River;		
	(h)	provides a public open space		
		esplanade, and improved		
		through block pedestrian and		
		cycle access, including along		
		the full length of the Mooloolah		
		River frontage linking existing parklands along the wharf		
		frontage to Charles Clarke		
		Park; and		
	(i)	protects bank stability, water		
	(7)	quality and hydrological		
		processes within the Mooloolah		
		River.

<Figure to be inserted>

# 7.2.21 Mooloolah local plan code

### 7.2.21.1 Application

- (1) This code applies to assessable development:-
  - (a) within the Mooloolah local plan area as shown on Map ZM41 contained within **Schedule 2** (Mapping); and
  - (b) identified as requiring assessment against the Mooloolah local plan code by the tables of assessment in **Part 5 (Tables of assessment)**.
- (2) The following provisions of the code are assessment benchmarks for applicable assessable development:-
  - (a) section 7.2.21.3 (Purpose and overall outcomes);
  - (b) Table 7.2.21.4.1 (Performance outcomes and acceptable outcomes for assessable development); and
  - (c) Figure 7.2.21A (Mooloolah local plan elements).

## 7.2.21.2 Context and setting

This section is extrinsic material under section 15 of the *Statutory Instruments Act* 1992 and is intended to assist in the interpretation of the Mooloolah local plan code.

The Mooloolah local plan area is located in the southern part of the Sunshine Coast on the North Coast Rail Line between Landsborough and Eudlo. The local plan area comprises the small rural town of Mooloolah and adjacent urban and rural residential areas. The local plan area has a land area of approximately 790 hectares.

The Mooloolah local plan area is framed to the west by the Blackall Range, to the south by the tall eucalypts of the Dularcha National Park, Mooloolah Forest Reserve and Tunnel Ridge and to the north by the Mooloolah Range. The local plan area is traversed by the Mooloolah River and South Mooloolah River and their tributaries and has a generally flat to gently undulating landform reflecting its location adjacent to the Mooloolah floodplain. Steeper parts are found on the edges of the local plan area where the land rises around the adjacent ranges.

The Mooloolah local plan area derives its character from its picturesque rural and natural landscape setting, village character and strong community feel. Mooloolah Connection Road provides a physical and visual gateway to the town, with a distinct sense of arrival provided by striking views to the Blackall Range, and the current railway crossing and traditional style pedestrian overpass. The town has a strong horse riding community with a pony club and riding school both located in close proximity to the town centre. Riders often travel through the town, adding to the rural character.

The Mooloolah Town Centre provides important commercial, community, social, and recreational facilities to service the local level needs of its resident population as well as the needs of the surrounding rural residential and rural communities. The town centre is currently divided into two parts by the North Coast Rail Line, with the western side of the rail line focussed on Bray Road and Jones Street, and the eastern side predominantly along Mooloolah Connection Road. The open level crossing provides good connectivity between the two sides of the town centre and functions as a gateway to the town.

Although the buildings in the centre are relatively new, they comprise characteristics of traditional rural towns, particularly on the western side of the railway. The town centre is complemented by the open space reserves of the Village Green and Martin Rungert Park. A number of community facilities are located within the local plan area including a local State primary school, community centre, public hall and recreation reserve (pony club). The Mooloolah railway shelter is of local heritage significance.

The local plan area consists of small residential lots focused on Jones Street and the northern side of Paget Street with the remaining residential areas of the town characterised by dwelling houses on larger sized lots.

The rural residential and rural lands surrounding the town are constrained by flooding, sloping topography and native vegetation which also contribute to the scenic amenity and character of the local plan area.

The North Coast Rail Line is planned to be subject to realignment and duplication. As part of the duplication, provision has been made for a potential road overpass and closure of the current open level crossing. Closure of the open level crossing will physically and visually segregate the town and has the potential to impact significantly on the character and functionality of the town centre. If this option is pursued, maintaining connectivity for pedestrians, cyclists and horse riders will be critical.

Mooloolah Road/Connection Road is the major road link within the local plan area. Other important local road links include Neil Road, Bray Road and King Road. Urban zoned land within the local plan area is connected, or has the ability to be connected, to reticulated water and sewerage.

### 7.2.21.3 Purpose and overall outcomes

- (1) The purpose of the Mooloolah local plan code is to provide locally relevant planning provisions for the assessment of development within the Mooloolah local plan area.
- (2) The purpose of the Mooloolah local plan code will be achieved through the following overall outcomes:-
  - (a) Mooloolah remains a small rural town with an intimate rural character and identity, primarily servicing the local community and visitors to the area. Some expansion of local business, residential and rural residential uses is provided for.
  - (b) Urban and rural residential development within the Mooloolah local plan area is limited to land within the urban and rural residential growth management boundaries respectively so as to protect and reinforce the character and identity of Mooloolah, provide for the efficient provision of *infrastructure* and services, avoid constrained land and protect the character and productivity of surrounding rural land.
  - (c) Development retains the key landscape, built form and natural environment elements that contribute to the setting, character and identity of the Mooloolah local plan area as a rural town with a strong sense of place and associations with the past.
  - (d) The Mooloolah Town Centre functions as a local (full service) activity centre providing a range of convenience goods and services to residents of the local plan area and surrounding rural and rural residential areas and provides a focus for small scale retail, commercial and community activity.
  - (e) Whilst the retail and commercial functions of Mooloolah centre may expand and be enhanced, the town centre remains compact and focused on the western side of the railway, with any expansion limited to land included within the Local business zone. Residents of Mooloolah continue to rely upon larger centres such as Beerwah, Sippy Downs or Caloundra to fulfil higher order business and industry needs.
  - (f) The 'rural town' feel, traditional built form and streetscape character of the Mooloolah Town Centre is retained and reinforced with Bray Road, Jones Street and Mooloolah Road enhanced as wide, attractive and pedestrian friendly main streets. Development in the Local centre zone addresses the street and complements and enhances the traditional streetscape and building form established on the western side of the railway line.
  - (g) Development in the Local centre zone on Lot 2 on RP8474 and Lots 1 and 2 on RP8476, Mooloolah Road, provides for the establishment of a *hotel* (tavern) and *short-term accommodation*. Such development is configured, designed and operated in a manner which minimises impacts on local residential amenity and *adjoining premises*.
  - (h) Development is designed and sited to protect significant views from Mooloolah Connection Road and the Mooloolah Town Centre to the Blackall Range.
  - (i) Development in the Medium density residential zone provides for the establishment of medium density housing which contributes to a high level of residential amenity and design quality consistent with the rural character of the Mooloolah local plan area, the scale and character of the *streetscape* and surrounding development.
  - (j) Development in the Low density residential zone and Rural residential zone, including road and lot layouts and streetscape, reflects traditional rural town residential qualities such as low rise detached housing on large lots, open streetscape and mature street trees. Development is designed and sited to sensitively respond to the physical characteristics of the land including

flooding and slope constraints, and provides for the retention and enhancement of native *vegetation* and appropriate riparian buffers to the Mooloolah River, South Mooloolah River and tributaries. Where applicable, development provides for the effective treatment and disposal of effluent on-site.

- (k) Home based business, bed and breakfast accommodation and other complementary uses support local employment and take advantage of the comparatively large lot size and the town's picturesque rural and natural setting. These complementary uses are located and designed to protect the local environment and the amenity of surrounding areas.
- (I) Development in the local plan area is supported by a network of open space to meet the needs of the local community and facilitates safe and convenient pedestrian and cycle connections to, between and around key destinations within the local plan area.
- (m) Development does not compromise or adversely impact upon the future provision or operation of the North Coast Rail Line realignment and duplication and preserves the option for an associated road overpass and pedestrian and cycle connections.

#### 7.2.21.4 Performance outcomes and acceptable outcomes

 Table 7.2.21.4.1
 Performance outcomes and acceptable outcomes for assessable development

ince Outcomes	Acceptable	Outcomes
Development provides for buildings, structures and landscaping that reflects and enhances the rural town character of Mooloolah in terms of form, composition and use of materials.	A01.1	Buildings and structures incorporate traditional external building materials, such as timber cladding and corrugated iron roofs. Roof forms use simple, traditional Queensland style roof designs including
	A01.3	gable, hip, pitched or multiple gable roof forms. Development uses understated colour schemes and low-reflective roofing and cladding materials.
Development provides for the retention and enhancement of key landscape elements including historical structures, significant views and vistas, existing character trees and areas of significant	AO2.1	Development provides for the retention or relocation and adaptive re-use of, the Mooloolah railway shelter and pedestrian overpass.
<i>vegetation</i> contributing to the setting, character and sense of place of Mooloolah.	AO2.2	Development protects and emphasises, and does not intrude upon, the important views to the Blackall Range, particularly from Mooloolah Road and the town centre, and other views to surrounding rural and natural areas including Dularcha National Park and adjacent ranges where identified on Figure 7.2.21A (Mooloolah local plan elements).
	AO2.3	Development provides for the retention and enhancement of existing mature trees and character <i>vegetation</i> that contribute to the <i>streetscape</i> character and vegetated backdrop to the town including:- (a) character <i>vegetation</i> in Martin Rungert Park and the Village Green where identified on <b>Figure 7.2.21A</b> (Mooloolah local plan elements); and (b) riparian <i>vegetation</i> along the

## 7.2.22 Nambour local plan code

### 7.2.22.1 Application

- (1) This code applies to assessable development:-
  - (a) within the Nambour local plan area as shown on Map ZM18 contained within **Schedule 2** (Mapping); and
  - (b) identified as requiring assessment against the Nambour local plan code by the tables of assessment in **Part 5 (Tables of assessment)**.
- (2) The following provisions of the code are assessment benchmarks for applicable assessable development:-
  - (a) section 7.2.22.3 (Purpose and overall outcomes);
  - (b) Table 7.2.22.4.1 (Performance outcomes and acceptable outcomes for assessable development); and
  - (c) Figure 7.2.22A (Nambour local plan elements).

## 7.2.22.2 Context and setting

This section is extrinsic material under section 15 of the *Statutory Instruments Act* 1992 and is intended to assist in the interpretation of the Nambour local plan code.

The Nambour local plan area is located in the central hinterland of the Sunshine Coast on the North Coast Rail Line and west of the Bruce Highway. The local plan area takes in the town centre and surrounding urban areas of Nambour, which is the largest rural town on the Sunshine Coast. The local plan area has a land area of approximately 1,990 hectares.

The local plan area has a picturesque setting, framed by surrounding hills and hillside vegetation. The local plan area itself is characterised by variable topography with steeper slopes around the margins of the area and undulating land in the central parts. Petrie Creek, Paynter Creek, Whalleys Creek and Tuckers Creek are the main waterways that traverse the local plan area, with central parts of the local plan area, including the fringes of the town centre, being subject to periodic flooding.

Areas of significant riparian vegetation, open space and natural bushland are contained within the local plan area, with Petrie Creek and tributaries providing an important ecological and open space spine. Bushland parks such as Koala Park and Cilento Bushland Conservation Reserve contain high quality remnant vegetation and contribute to the visually attractive setting of Nambour. Nambour also enjoys significant vistas to the Blackall Range in the west and east along the Petrie Creek floodplain to the coast.

Nambour serves an important role as a major regional activity centre providing higher order retail, employment and service needs of its resident population and surrounding hinterland areas, including the nearby rural towns of Woombye, Palmwoods, Montville, Mapleton and Yandina.

These services are mainly provided by the traditional town centre of Nambour focused around Currie Street and Howard Street. A number of smaller local business centres provide for the convenience needs of residential neighbourhoods within the local plan area.

The local plan area also accommodates industrial uses and development, including established industrial estates located in and around Windsor Road, Daniel Street and Rigby Street. The north-eastern corner of the local plan area, focused around the Bruce Highway/Bli Bli Road interchange, includes large extractive industry operations as well as major municipal uses including a regional waste management facility and wastewater treatment plant.

A range of State and Commonwealth Government services are provided in the town and Nambour is also the centre of local government administration for the Sunshine Coast Council. Nambour is also the main regional hub for health and medical services on the Sunshine Coast accommodating two major hospitals, being Nambour General Hospital and the Nambour Selangor Private Hospital. The local plan area contains a range of educational facilities, including a number of primary and secondary schools as well as the Sunshine Coast Institute of TAFE, which is one of the key centres for learning in the region.

A range of cultural and sport and recreation facilities are also located in the local plan area, including the Nambour Civic Centre, police citizens youth club, indoor sports centre, Nambour Showgrounds and numerous other clubs and societies that provide a valuable community focus for the surrounding hinterland and the wider Sunshine Coast.

Nambour provides a mix of residential types to meet community needs, including several retirement communities. However, housing remains predominantly detached in character. Significant consolidation and redevelopment opportunities are available in the local plan area, particularly within walking distance to the town centre and railway station. The older residential parts of the local plan area contain pockets of character housing in the traditional Queensland style. Consolidation is intended to be undertaken in a manner which is sympathetic to the established character of these areas, including the retention of existing character buildings within the development design.

The main north-south road access through the local plan area is via Nambour Connection Road. Bli Bli Road and Petrie Creek Road provide the main road connections between the local plan area and the coastal urban area to the east. Nambour-Mapleton Road provides the main road connection between the local plan area and rural towns and communities to the west. The Bruce Highway passes through the north-eastern corner of the local plan area.

Nambour provides a key transit hub connecting the passenger rail system from Brisbane to the Sunshine Coast's public transport (bus) network. The proposed realignment and duplication of the North Coast Rail Line north to Nambour will further enhance opportunities for transit oriented development in and around the town centre.

Urban zoned land within the local plan area is connected, or has the ability to be connected, to reticulated water and sewerage.

### 7.2.22.3 Purpose and overall outcomes

- (1) The purpose of the Nambour local plan code is to provide locally relevant planning provisions for the assessment of development within the Nambour local plan area.
- (2) The purpose of the Nambour local plan code will be achieved through the following overall outcomes:-
  - (a) Nambour is progressively developed as a major regional activity centre, providing a broad range of higher order uses and activities capable of servicing its resident population as well as surrounding rural towns, villages, rural residential and rural communities.
  - (b) Significant urban consolidation and redevelopment opportunities are provided for within Nambour, with a focus on transit oriented development in and around the town centre and railway station.
  - (c) Urban development within the Nambour local plan area is limited to land within the urban growth management boundary so as to protect and reinforce the separate identity of Nambour, provide for the efficient provision of *infrastructure* and services, avoid constrained land and protect the landscape character and productivity of surrounding rural lands.
  - (d) A broad range of higher order retail, commercial, community, cultural, health, entertainment and employment generating uses that support the role and function of Nambour as the dominant major regional activity centre for the central Sunshine Coast hinterland are provided to service the needs of Nambour and surrounding areas including Woombye, Palmwoods, Montville, Mapleton and Yandina.
  - (e) Development in the Major centre zone provides for mixed use premises incorporating residential uses above the ground *storey* so as to provide greater vitality and causal surveillance within the town centre and achieve residential densities that support centre functions and public transport. Whilst the retail and commercial functions of Nambour Town Centre will increase in scale and intensity, the town centre remains compact, with any expansion consolidated and contained to land included within the Major centre zone.
  - (f) Development in Precincts NAM LPP-1 (Nambour Hospitality Area) and NAM LPP-2 (Former Mill Site and Hospitality Area) provides a range of business uses and entertainment activities including food and drink outlets, function facilities, bars, hotels and nightclub entertainment facilities that may operate after hours and include live music which creates a vibrant atmosphere.

- (g) Development in Precinct NAM LPP-2 (Former Mill Site and Hospitality Area) consolidates Nambour's role as a major regional activity centre and integrates the site with the traditional town centre through a permeable pedestrian and street network. Building form and urban design on the site provides for an outwardly focussed, main street development which is sympathetic to Nambour's traditional built form and streetscape character.
- (h) The State heritage-listed Mill Houses form part of a courtyard setting for passive recreation and social interaction. The heritage significance of the Mill Houses is maintained and development provides for the retention and re-use of these buildings for business, community, cultural, entertainment and catering uses.
- (i) Development in Precinct NAM LPP-3 (Town Centre Frame) provides for *mixed use development* with retail business uses at a scale and intensity less than in other parts of the Major centre zone in accordance with Table 7.2.22.4.2 (Nambour local plan supplementary table of consistent uses and potentially consistent uses in the Major centre zone). Development in Precinct NAM LPP-3 also provides for low intensity, small scale industry uses where adverse amenity impacts to surrounding uses are avoided. Physical and visual accessibility from the town centre frame to Nambour's transit hub and town centre core is maximised.
- (j) Development within the Nambour Town Centre provides for visually interesting building elements which respond to and respect the established patterns of development in Nambour and are created to provide high levels of pedestrian comfort and convenience, meaningful architectural expression and interesting urban forms.
- (k) Development within the local plan area protects and retains the established character areas of Nambour and buildings identified as having cultural heritage or *streetscape* significance as important elements of local character and identity.
- (I) Development retains key landscape character and natural environment elements and protects significant views contributing to the character and landscape setting of Nambour including the prominent vegetated hills, escarpments and ridgelines surrounding the town.
- (m) Development in Precinct NAM LPP-4 (Nambour Health Hub) provides for the consolidation of a sub-regional employment opportunity area, focussed around the Nambour General Hospital and Nambour Selangor Private Hospital. Development in the Local centre zone in the vicinity of the hospitals provides for the establishment of a range of health-related business uses and allied and compatible uses which are sympathetic to the residential amenity and character of the area in accordance with Table 7.2.22.4.3 (Nambour local plan supplementary table of consistent uses and potentially consistent uses in the Local centre zone). Development in this area does not detract from the role and function of Nambour's town centre as the key focus for office and retail activities.
- (n) Development in the Medium density residential zone provides for a mix of housing types and densities with *dwellings* that are generally of a domestic scale or are provided in small groups so as to reduce the perceived scale and mass of development relative to its surrounds.
- (o) Reconfiguring a lot in the Low density residential zone and Emerging community zone incorporates road and lot layouts which sensitively respond to site characteristics and are consistent with the established subdivision pattern of the town, characterised by regular shaped lots, grid street layout, open *streetscape* and mature street trees. Development occurs in an integrated manner and provides an interconnected network of roads, pedestrian and cycle paths and open space and buffering to surrounding rural lands.
- (p) Development is designed and sited to protect significant environmental and riparian areas and to sensitively respond to the physical characteristics and constraints of land in the local plan area, including flooding, steep slopes and *ecologically important areas*.
- (q) Development in the local plan area is supported by a network of open space to meet the needs of the local community and facilitate safe and convenient pedestrian and cycle connections to, between and around key destinations within the local plan area.
- (r) Development does not compromise or adversely impact upon the planned realignment and duplication of the North Coast Rail Line.

# 7.2.22.4 Performance outcomes and acceptable outcomes

	development		
Perforn	nance Outcomes	Acceptable	Outcomes
Develo	pment in the Nambour Local Plan Area G	enerally (All 2	Zones)

<Figure to be inserted>

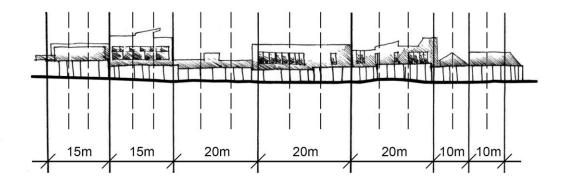

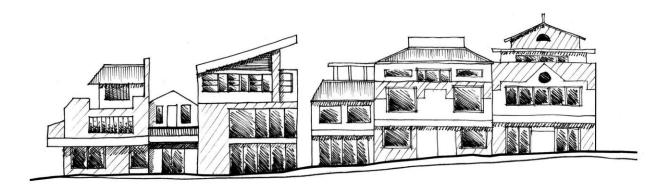

Figure 7.2.22C Articulated and 'fine grain' skyline

# 7.2.23 Palmwoods local plan code

### 7.2.23.1 Application

- (1) This code applies to assessable development:-
  - (a) within the Palmwoods local plan area as shown on Map ZM28 contained within **Schedule 2** (Mapping); and
  - (b) identified as requiring assessment against the Palmwoods local plan code by the tables of assessment in **Part 5 (Tables of assessment)**.
- (2) The following provisions of the code are assessment benchmarks for applicable assessable development:-
  - (a) section 7.2.23.3 (Purpose and overall outcomes);
  - (b) Table 7.2.23.4.1 (Performance outcomes and acceptable outcomes for assessable development); and
  - (c) Figure 7.2.23A (Palmwoods local plan elements).

### 7.2.23.2 Context and setting

This section is extrinsic material under section 15 of the *Statutory Instruments Act 1992* and is intended to assist in the interpretation of the Palmwoods local plan code.

The Palmwoods local plan area is located in the central part of the Sunshine Coast on the North Coast Rail Line immediately south of Nambour and Woombye. The local plan area comprises the rural town of Palmwoods and adjacent residential and rural residential areas. It takes in a land area of approximately 496 hectares.

The local plan area is set within a picturesque rural and natural landscape on the foothills of the Blackall Range. Paynter Creek forms part of the western boundary of the local plan area and a number of other smaller water courses traverse the local plan area generally in a north-south direction. The local plan area is characterised by an undulating and gently sloping topography and is surrounded by large areas of productive rural land.

Palmwoods is a moderate sized rural town with a small town centre that services the local needs of its resident population as well as the needs of rural and residential communities immediately surrounding the town.

The Palmwoods Town Centre is based along Main Street and Margaret Street and has a traditional main street character with a number of older buildings that provide a strong sense of history and links to the past. The town centre meets the local shopping and convenience needs of Palmwoods and residents of nearby rural and rural residential areas whilst also providing tourist services to visitors. A small light industry area extends along Main Street south of the town centre, and a substantial food processing facility is located on Palmwoods-Montville Road.

The existing historic buildings in Palmwoods, especially fronting Main Street, and other heritage elements, such as the old stone retaining walls, contribute significantly to the character and identity of the town. The Palmwoods Hotel at the corner of Main and Church Streets is an important local landmark and heritage building.

The residential parts of Palmwoods are characterised by predominantly dwelling houses on large suburban lots.

The Palmwoods local plan area is dissected by a number of open space corridors that contain significant areas of remnant vegetation. The local plan area also contains a number of existing sporting facilities and notable parks, such as Kolora Park, with its duck ponds and playground facilities.

The North Coast Rail Line is planned to be subject to re-alignment and duplication, with the proposed new alignment through Palmwoods shifting the rail line and station to the east and freeing up existing rail land for alternative uses and potential improvements to the town centre. The realignment of the rail line also impacts upon opportunities for residential expansion in northern and southern parts of the local plan area with these

areas intended to be predominantly retained for rural uses until the upgrade is completed and associated infrastructure and access issues can be resolved.

Major road links within the local plan area include Palmwoods-Montville Road, Woombye-Palmwoods Road, Eudlo Road and Chevallum Road.

Urban zoned land within the local plan area is connected, or has the ability to be connected, to reticulated water and sewerage.

### 7.2.23.3 Purpose and overall outcomes

- (1) The purpose of the Palmwoods local plan code is to provide locally relevant planning provisions for the assessment of development within the Palmwoods local plan area.
- (2) The purpose of the Palmwoods local plan code will be achieved through the following overall outcomes:-
  - (a) Palmwoods remains a moderate sized rural town with a distinct heritage character, primarily servicing the local needs of its resident population and immediately surrounding rural communities.
  - (b) Urban development within the Palmwoods local plan area is limited to land within the urban growth management boundary so as to protect and reinforce the separate identity of Palmwoods, provide for the efficient provision of *infrastructure* and services, avoid constrained land and protect the landscape character and productivity of surrounding rural lands.
  - (c) Development retains important built form, *streetscape*, landscape character and natural environment elements that contribute to the character, setting, and identity of Palmwoods as a rural town with a strong sense of place and associations with the past.
  - (d) Development in the Local centre zone supports the role and function of the Palmwoods Town Centre as a local (full service) activity centre, providing a wide range of convenience goods and services to meet the needs of its resident population and immediately surrounding rural communities.
  - (e) The "country town" feel, traditional main street built form and heritage and streetscape character of the Palmwoods Town Centre is retained and reinforced, with Main Street and Margaret Street enhanced as attractive and pedestrian friendly streets. Development addresses the street, complements the traditional streetscape and building form and retains historical buildings and landmarks contributing to the character and identity of the town.
  - (f) Development provides for centre uses to be consolidated along Main Street, with development along Margaret Street limited to small scale, low intensity business uses with low traffic generation.
  - (g) Redevelopment of disused rail land fronting Main Street in the vicinity of Church Street:-
    - (i) provides for community activities and/or business activities and, in particular, a *supermarket*,
    - (ii) does not compromise or adversely impact upon the current or future operation of the North Coast Rail Line;
    - (iii) retains existing heritage buildings and features;
    - (iv) provides for safe and convenient pedestrian access to the railway station;
    - (v) provides an attractive and active streetfront address to Main Street and the future pedestrian link to the railway station;
    - (vi) retains public parking servicing the railway station integrated within the development design; and
    - (vii) is designed such that opportunities for possible future expansion are retained following realignment of the rail line.
  - (h) Development in the Low density residential zone and Emerging community zone protects and is sympathetic to the traditional rural town character and identity of Palmwoods, typified by low-rise *dwelling houses* in generous landscaped grounds. Reconfiguring a lot in the Low density residential zone and Emerging community zone incorporates road and lot layouts which sensitively respond to site characteristics and are consistent with the established subdivision pattern of older parts of the town, characterised by regular shaped lots, grid or

Dart 7

modified grid layout, open *streetscape* and mature street trees. Development in these zones provides an interconnected network of roads, pedestrian and cycle paths and open space.

- (i) Development in the Medium density residential zone is sympathetic to the traditional rural town character and heritage values of Palmwoods and is of a bulk and architectural scale that does not dominate the *streetscape* or the hillside, is compatible with surrounding development and provides strong pedestrian links to the town centre.
- (j) Development in the Low impact industry zone and Medium impact industry zone provides a range of small to medium scale industry uses compatible with a rural town setting. Industry uses are located, designed and operated in manner that does not adversely impact upon environmental values or the amenity of nearby residential land.
- (k) Development provides for the establishment of a linked system of open space focussed on continuous vegetated corridors along Paynter Creek and the major drainage lines which traverse the local plan area.
- (I) Development is designed and sited to protect significant environmental and riparian areas and to sensitively respond to the physical characteristics and constraints of land in the local plan area, including flood prone land, steep slopes and native *vegetation*.
- (m) Development in the local plan area is supported by a network of open space to meet the needs of the local community and facilitates safe and convenient pedestrian and cycle connections to, between and around key destinations within the local plan area.
- (n) Development does not compromise or adversely impact upon the operation or future upgrading of the North Coast Rail Line. Rural land located within the urban growth management boundary is not developed for urban purposes prior to the re-alignment of the North Coast Rail Line.
- (o) In the event that the North Coast Rail Line is re-aligned within the life of the planning scheme, the pattern of land use and the provision of transport and other *infrastructure* in the Palmwoods local plan area is adapted to:-
  - appropriately utilise surplus railway land to consolidate and provide for improvements to the Palmwoods town centre, particularly in terms of the provision of community facilities and urban open space, with some expansion of business uses provided for; and
  - (ii) provide for the development of rural land within the urban growth management boundary that has been identified as being potentially suitable for urban purposes but that cannot be efficiently integrated within the town fabric prior to the realignment of the North Coast Rail Line.
- (p) Development of surplus railway land and rural land within the urban growth management boundary that becomes available as a consequence of the re-alignment of the North Coast Rail Line occurs in a logical manner, consistent with the availability of *infrastructure* and services. Development that brings forward a requirement for new *infrastructure* only occurs if that *infrastructure* is provided as part of the development.
- (q) Development of surplus railway land and rural land within the urban growth management boundary that becomes available as a consequence of the re-alignment of the North Coast Rail Line is master planned.

#### 7.2.23.4 Performance outcomes and acceptable outcomes

# Table 7.2.23.4.1 Performance outcomes and acceptable outcomes for assessable development

Performa	ance Outcomes	Acceptable	Outcomes
Develop	ment in the Palmwoods Local Plan Area	Generally	
PO1	Development provides for buildings, structures and landscaping that is consistent with and reflects the traditional <i>streetscape</i> and built form and rural town character of Palmwoods.		Development provides for the retention and/or adaptive re-use, with limited modification, of buildings which have cultural heritage or character significance. Editor's note—Section 8.2.9 (Heritage and character areas overlay code) sets out

Performa	ince Outcomes	Acceptable	Outcomes
			requirements for development on heritage places and in character areas.
		AO1.2	Buildings and structures incorporate traditional external building materials, such as timber cladding and corrugated iron roofs.
		AO1.3	For residential, business and community activities, roof forms are simple, traditional Queensland-style roof designs including gable, hip, pitched or multiple gable roof forms.
PO2	Development provides for the retention and enhancement of key landscape elements including historical landmarks, significant views and vistas, existing	AO2.1	Development provides for the retention of old stone retaining walls, historical landmarks, memorials and monuments.
	character trees and areas of significant vegetation contributing to the character, setting, and sense of place of Palmwoods.	AO2.2	Development protects and emphasises, and does not intrude upon, important view lines to the Blackall Range and other views to surrounding rural and natural areas where identified on Figure 7.2.23A (Palmwoods local plan elements).
		AO2.3	<ul> <li>Development protects and enhances existing mature trees and character <i>vegetation</i> including:-</li> <li>(a) riparian <i>vegetation</i> along Paynter Creek and the major drainage lines running north from Rifle Range Road across Palmwoods School Road and Dunning Street;</li> <li>(b) <i>vegetation</i> in Kolora Park identified on Figure 7.2.23A (Palmwoods local plan elements);</li> <li>(c) bushland along Woombye-Palmwoods Road, Eudlo Road and Palmwoods-Montville Road; and</li> <li>(d) other character <i>vegetation</i> identified on Figure 7.2.23A (Palmwoods local plan elements);</li> </ul>
			Note—in some circumstances, the eradication of weed species and planting of locally native species that make a comparable contribution to local character may also satisfy the Acceptable Outcome.
PO3	Development contributes to the establishment of attractive and coherent <i>streetscapes</i> and gateways to enhance the rural town character of, and sense of entry and arrival to, Palmwoods.	AO3.1	Development adjacent to a primary streetscape treatment area or identified gateway/entry point on <b>Figure 7.2.23A</b> (Palmwoods local plan elements) incorporates architectural and landscape treatments and other design elements which enhance the sense of entry and arrival to, and rural town character of, Palmwoods, and emphasise corner locations.
		AO3.2	Development provides for streetscape improvements which complement existing or proposed streetscape works in the local area to ensure continuity of <i>streetscapes</i> and landscape design.
			Note—Section 9.4.2 (Landscape code) sets out requirements for streetscape landscapes including entry statement landscapes.

Performa	ince Outcomes	Acceptable	Outcomes
			Note—a landscape master plan may provide
			further guidance regarding particular streetscape treatments in a local plan area.
			Note—streetscape materials and palettes can be referenced from the <i>Council's</i> Infrastructure and Guideline Standards for each centre as required.
PO4	<ul> <li>Development provides through block pedestrian linkages which:-</li> <li>(a) are located to reflect the desire lines of pedestrian movement between major points of attraction and public spaces;</li> <li>(b) provide a safe alternative to the street based pedestrian and cycle movement network; and</li> <li>(c) provide a comfortable pedestrian environment in terms of access, width, shelter, materials and function.</li> </ul>	AO4	Development provides visible, safe, comfortable and attractive through block pedestrian linkages where identified on <b>Figure 7.2.23A (Palmwoods local plan</b> <b>elements)</b> .
PO5	Development is sited and designed in a manner which sensitively responds to local topography.	AO5	Development on sloping sites provides for building form that steps down the slope and minimises the extent of cut and fill required to accommodate development.
PO6	Development on land with frontage to Paynter Creek and the major drainage lines running north from Rifle Range Road across Palmwoods School Road and Dunning Street, or on land otherwise identified as a local ecological linkage on <b>Figure 7.2.23A</b> (Palmwoods local plan elements), facilitates the provision of the local ecological linkage.	AO6	No acceptable outcome provided. Editor's note—Section 8.2.3 (Biodiversity, waterways and wetlands overlay code) sets out requirements for the provision of ecological linkages.
PO7	Development does not compromise or adversely impact upon the operation or future upgrading of the North Coast Rail Line.	A07	No acceptable outcome provided.
PO8	Development for a <i>food and drink outlet</i> does not:- (a) provide for the establishment of a <i>high volume convenience</i> <i>restaurant</i> ; or (b) incorporate a <i>drive-through facility</i> .	AO8	No acceptable outcome provided.
Develop	ment in the Local Centre Zone	L	
PO9	<ul> <li>Development in the Local centre zone provides for small scale uses and mixed uses that:-</li> <li>(a) support Palmwoods' role and function as a local (full service) activity centre; and</li> <li>(b) provide a wide range of goods and services to meet the convenience needs of Palmwoods' resident population and immediately surrounding rural community.</li> </ul>	A09	No acceptable outcome provided.
PO10	<ul> <li>Development in the Local centre zone provides for:-</li> <li>(a) Main Street to be retained as the primary focus for centre activities; and</li> <li>(b) development along Margaret Street to be limited to small scale, low intensity business uses with low</li> </ul>	AO10	No acceptable outcome provided.

	ance Outcomes	Acceptable	Outcomes
	ment in the Medium Density Residential		F
P017	Development in the Medium density	AO17	No acceptable outcome provided.
	residential zone:- (a) provides for the establishment of a		
	range of housing types compatible		
	with a rural town setting;		
	(b) sensitively responds to local		
	topography;		
	(c) allows for integration of existing		
	character buildings into any		
	redevelopment including the		
	retention and adaptive re-use of existing <i>character buildings</i> , with		
	limited external modification;		
	(d) is of a domestic scale that does not		
	dominate the streetscape or hillside		
	or detract from the visual amenity		
	of adjoining properties;		
	(e) provides for building form which reflects the traditional Queensland		
	style with the use of timber, pitched		
	roofs, verandahs and subdued		
	colours;		
	(f) contributes positively to local		
	streetscape character;		
	(g) provides for generous open space to be maintained between buildings		
	to preserve a predominantly open		
	feel;		
	(h) provides for the retention of		
	existing mature vegetation,		
	particularly on ridgelines and hilltops; and		
	(i) provides strong pedestrian links to		
	the town centre.

PO19 PO20	Development in the Emerging community zone is master planned to ensure that development occurs in a logical and coordinated manner. Development in the Emerging community zone provides for:- (a) predominantly low density residential housing; and (b) lot sizes and a configuration of lots that is sympathetic to the rural town character and identity of the Palmwoods local plan area. Reconfiguring a lot within the Emerging community zone:- (a) is designed to sensitively respond to site characteristics and avoids significant scarring of the landscape; and (b) provides for an interconnected system of local roads, pedestrian, cycle and open space links with adjoining land and the Palmwoods Town Centre.	AO18 AO19 AO20	No acceptable outcome provided. Reconfiguring a lot in the Emerging community zone:- (a) provides for a subdivision layout which minimises the extent of cut and fill required to accommodate new lots and roads; and (b) incorporates an interconnected, permeable internal road system, pedestrian, cycle and open space links, including as indicated on Figure 7.2.23A (Palmwoods local plan elements).

<Figure to be inserted>

# 7.2.24 Peregian South local plan code

### 7.2.24.1 Application

- (1) This code applies to assessable development:-
  - (a) within the Peregian South local plan area as shown on Map ZM10 contained within **Schedule 2 (Mapping)**; and
  - (b) identified as requiring assessment against the Peregian South local plan code by the tables of assessment in **Part 5 (Tables of assessment)**.
- (2) The following provisions of the code are assessment benchmarks for applicable assessable development:-
  - (a) section 7.2.24.3 (Purpose and overall outcomes);
  - (b) Table 7.2.24.4.1 (Performance outcomes and acceptable outcomes for assessable development); and
  - (c) Figure 7.2.24A (Peregian South local plan elements).

## 7.2.24.2 Context and setting

This section is extrinsic material under section 15 of the *Statutory Instruments Act 1992* and assists in the interpretation of the Peregian South local plan code.

The Peregian South local plan area is located in the central eastern part of the Sunshine Coast, west of Peregian Beach and immediately west of the Sunshine Motorway. The local plan area includes the emerging communities of Peregian Springs/Coolum Ridges comprising a number of residential neighbourhoods, a local (full service) activity centre, a number of smaller local centres, schools and large areas of open space including the Peregian Springs Golf Course and several environmental parks. The local plan area has a land area of approximately 597 hectares.

The local plan area is located on coastal lowlands within the core conservation area of the National Wallum Estate and is bounded on three sides by adjuncts of the Noosa National Park. The protection of the extensive environmental parks and interconnected system of remnant vegetation corridors protecting and linking key natural conservation areas present in and surrounding the local plan area is an important factor in supporting the long-term viability of these state and national reserves.

The established residential parts of the local plan area are characterised by dwelling houses on residential lots of varying sizes surrounding a large private golf course. The local plan area also includes a State school and a private school (St Andrews Anglican College).

Major road links within the local plan area include the Sunshine Motorway, Emu Mountain Road and Peregian Springs Drive.

Urban zoned land within the local plan area is connected, or has the ability to be connected, to reticulated water and sewerage.

## 7.2.24.3 Purpose and overall outcomes

- (1) The purpose of the Peregian South local plan code is to provide locally relevant planning provisions for the assessment of development within the Peregian South local plan area.
- (2) The purpose of the Peregian South local plan code will be achieved through the following overall outcomes:-
  - (a) The Peregian South local plan area is a discrete master planned residential area providing a mix of dwelling types in a number of residential neighbourhoods and supported by a local (full service) activity centre and several smaller local (not full service) activity centres providing convenience shopping and local commercial uses, as well as a range of community facilities and large areas of open space.

'art 7

- (b) Urban development with the Peregian South local plan area is limited to land within the urban growth management boundary so as to protect significant environmental areas and landscape values and provide for the efficient provision of *infrastructure* and services.
- (c) Development is sited and designed to protect and enhance the natural environmental and scenic values of the Peregian South local plan area and adjacent areas including wetland, wallum heathland, paperbark and open eucalypt bushland vegetation communities, and provides for the establishment, protection and enhancement of a system of interconnected ecological and open space linkages.
- (d) Development adjacent to the Noosa National Park or other conservation areas incorporates appropriate measures to protect the long-term viability of these areas.
- (e) Development in the Local centre zone at the corner of Peregian Springs Drive and Ridgeview Drive supports its role and function as a local (full service) activity centre providing a wide range of business uses and community facilities to service the local level needs of residents within the local plan area.
- (f) A number of smaller local (not full service) activity centres are also located throughout the local plan area servicing the basic convenience needs of nearby residents. With the exception of areas already zoned for local centre purposes and additional small local centres to be located within the emerging community areas at Coolum Ridges and Old Emu Mountain Road, no additional local business centres are established within the local plan area. Residents continue to rely upon larger centres such as Noosa Business Centre or Maroochydore to fulfil higher order business and industry needs.
- (g) Development within the Low density residential zone, Medium density residential zone and Emerging community zone is effectively integrated with existing subdivision patterns and provides for walkable neighbourhoods with good pedestrian and cycle connectivity to local centres, community and sport and recreation facilities and open space, as well as a diverse range of lot sizes and housing choices.
- (h) Development provides for the Peregian Springs Golf Course to be retained as an important sport and recreation facility and valuable area of private open space contributing to the character and identity of the local plan area.
- (i) Development provides a network of open space to meet the needs of the local community and an integrated, legible and permeable road, cycle and pathway network which connects residential neighbourhoods to local centres, community and sport and recreation facilities and open space.
- (j) Development along the Sunshine Motorway and Emu Mountain Road protects the visual amenity of these roads as scenic routes and provides a wide, densely vegetated *landscape buffer* to effectively screen development from the road.
- (k) Development occurs in a logical sequence and provides for the efficient and timely provision of *infrastructure* and services.

Editor's note—development at Peregian Springs, Coolum Ridges and Old Emu Mountain Road is currently regulated in accordance with an approved master plan and plan of development.

## 7.2.24.4 Performance outcomes and acceptable outcomes

# Table 7.2.24.4.1 Performance outcomes and acceptable outcomes for assessable development

Performance Outcomes		Acceptable Outcomes		
Development in the Peregian South Local Plan Area Generally			ly	
PO1	Development provides for buildings, structures and landscaping that are consistent with and reflect the coastal urban character and natural landscape setting of the Peregian South local plan area.	A01.1	Development provides for building design which incorporates the following features:- (a) a mix of lightweight and textured external building materials, including timber finishes or masonry construction with variation provided in texture and detailing; (b) articulated, pitched, skillion or curved	

Performa	ince Outcomes	Accentable	Outcomes
T CHOITING		Acceptable	roof forms;
			<ul> <li>(c) open or transparent balustrades; and</li> <li>(d) landscaping integrated into the building design.</li> </ul>
		AO1.2	Development uses understated colour schemes and low-reflective roofing and cladding materials.
		AO1.3	Development provides for existing mature trees to be retained and incorporated into the design of development.
PO2	<ul> <li>Development contributes to the establishment of attractive and coherent <i>streetscapes</i> and gateways to:-</li> <li>(a) enhance the sense of entry to the local plan area; and</li> <li>(b) enhance the landscape and visual amenity of the Sunshine Motorway.</li> </ul>	AO2.1	Development adjacent to identified gateway/entry points, where identified on <b>Figure 7.2.24A (Peregian South local</b> <b>plan elements)</b> , provides dense landscaping which effectively screens development from the Sunshine Motorway and enhances the natural landscape character of the local plan area.
		AO2.2	Development provides for streetscape improvements which complement existing or proposed streetscape works in the local area to ensure continuity of <i>streetscapes</i> and landscape design.
			Note— <b>Section 9.4.2 (Landscape code)</b> sets out requirements for streetscape landscapes including entry statement landscapes.
			Note—a landscape master plan may provide further guidance regarding particular streetscape treatments in a local plan area.
			Note—streetscape materials and palettes can be referenced from the <i>Council's</i> Infrastructure and Guideline Standards for each centre as required.
PO3	Development on land adjacent to the Sunshine Motorway or Emu Mountain Road incorporates a <i>landscape buffer</i> to visually screen built form elements and maintain and enhance the visual amenity of these roads as scenic routes.	AO3	Development provides a minimum 20 metre wide densely vegetated <i>landscape</i> <i>buffer</i> along the Sunshine Motorway and Emu Mountain Road <i>frontage</i> , where identified on Figure 7.2.24A (Peregian South local plan elements).
PO4	Development provides for the Peregian Springs Golf Course to be retained as an important sport and recreation facility and open space area contributing to the character and identity of the local plan area.	AO4	No acceptable outcome provided.
PO5	Development provides for the retention and enhancement of key landscape elements including <i>wetlands</i> , wallum heathland, bushland and other areas of significant <i>vegetation</i> contributing to the setting and character of the local plan area.	AO5	Development provides for the retention and enhancement of existing mature trees, stands of paperbarks, eucalypt, wallum heath and <i>wetlands</i> .
PO6	Development facilitates the provision of local ecological linkages connecting remnant <i>vegetation</i> areas within the local plan area to surrounding conservation areas where identified on <b>Figure 7.2.24A (Peregian South local</b> <b>plan elements)</b> .	AO6	No acceptable outcome provided. Editor's note—Section 8.2.3 (Biodiversity, waterways and wetlands overlay code) sets out requirements for the provision of ecological linkages.

Performa	nce Outcomes	Acceptable	Outcomes
PO7	Development adjacent to the Noosa	AO7	No acceptable outcome provided.

# 7.2.25 Sippy Downs local plan code

## 7.2.25.1 Application

- (1) This code applies to assessable development:-
  - (a) within the Sippy Downs local plan area as shown on Map ZM33 contained within **Schedule 2** (Mapping); and
  - (b) identified as requiring assessment against the Sippy Downs local plan code by the tables of assessment in **Part 5 (Tables of assessment)**.4.
- (2) The following provisions of the code are assessment benchmarks for applicable assessable development:-
  - (a) section 7.2.25.3 (Purpose and overall outcomes);
  - (b) Table 7.2.25.4.1 (Performance outcomes and acceptable outcomes for assessable development in the Sippy Downs local plan area generally);
  - (c) Table 7.2.25.4.2 (Additional performance outcomes and acceptable outcomes for assessable development in Precinct SID LPP-1 (Sippy Downs Town Centre)); and
  - (d) Figure 7.2.25A (Sippy Downs local plan elements).

#### 7.2.25.2 Context and setting

This section is extrinsic material under section 15 of the *Statutory Instruments Act 1992* and is intended to assist in the interpretation of the Sippy Downs local plan code.

The Sippy Downs local plan area is located in the central part of the Sunshine Coast, along the Sunshine Motorway, bordered to the west by the Bruce Highway, to the south by Sippy Creek and the Palmview declared master plan area and to the east by the Mooloolah River National Park. The local plan area includes the proposed Sippy Downs Town Centre, the University of the Sunshine Coast, the communities of Chancellor Park and Bellflower located to the south of the Sunshine Motorway and the Stringybark Road area north of the Sunshine Motorway. The local plan area takes in a land area of approximately 775 hectares.

The northern part of the local plan area is well vegetated and provides a bushland setting at the base of the Buderim escarpment and along Mountain Creek. The wallum heathland and open eucalypt woodlands of the Mooloolah River National Park, and remnant riparian vegetation along Sippy Creek provide an attractive landscape setting and natural edge to the local plan area in the east and south. The Chancellor Lakes system also provides an important open space link through the local plan area.

The proposed Sippy Downs Town Centre, located adjacent to the University of the Sunshine Coast, is a major regional activity centre and is intended to provide significant retail, commercial and community activities to service the needs of its resident population as well as the needs of surrounding communities, including the emerging community of Palmview located to the south of the local plan area. The proposed Sippy Downs Business and Technology Sub-precinct is located adjacent to the proposed Town Centre core and the University of the Sunshine Coast and is intended to support a broad range of science and technology based businesses and industries and maintain a strong nexus with the University.

The University of the Sunshine Coast is a regionally significant facility providing a focus for education, research and cultural activities on the Sunshine Coast. The University is intended to continue to grow and develop in conjunction with the new Town Centre. A number of schools are also located within the local plan area adjacent to the University including Chancellor State College primary and secondary campuses, Siena Catholic College and Siena Primary School and the Montessori International College.

The existing residential areas of the local plan area including the Chancellor Park and Bellflower estates comprise primarily single dwelling houses on suburban lots of varying sizes. Substantial retirement facilities are located within Chancellor Park and student accommodation is also provided adjacent to the University. Local centres at Chancellor Village Boulevard and Scholars Drive currently provide for the convenience needs of residents. Several showrooms are also located along Chancellor Village Boulevard.

The Stringybark Road area in the northern part of the local plan area, currently comprises a small local business area and primarily low density and rural residential development, with small areas of multi-unit residential development. Parts of this area are intended to be redeveloped for medium density dwellings and low density residential development, given its proximity to the proposed Sippy Downs Town Centre.

The Sunshine Motorway is the major road link within the local plan area, traversing the local plan area in an east-west direction. Other key local road links include Sippy Downs Drive, University Way, Crosby Hill Road, Claymore Road, Dixon Road and Stringybark Road.

The local plan area has high levels of accessibility due to its location at the juncture of the Sunshine Motorway and the Bruce Highway.

Urban zoned land within the local plan area is connected, or has the ability to be connected, to reticulated water and sewerage.

#### 7.2.25.3 Purpose and overall outcomes

- (1) The purpose of the Sippy Downs local plan code is to provide locally relevant planning provisions for the assessment of development within the Sippy Downs local plan area.
- (2) The purpose of the Sippy Downs local plan code will be achieved through the following overall outcomes:-
  - (a) The Sippy Downs local plan area is a diverse urban area comprising a number of residential neighbourhoods and the University of the Sunshine Coast, supported by a major regional activity centre at Sippy Downs Town Centre.
  - (b) Urban and rural residential development in the Sippy Downs local plan area is limited to land within the urban and rural residential growth management boundaries respectively so as to protect the environmental and natural landscape values of the Mooloolah River National Park, Sippy Creek and bushland areas at the base of the Buderim escarpment, and to ensure the efficient provision of *infrastructure* and services.
  - (c) Development is sited and designed to protect and enhance the natural environmental and scenic values of the lower Buderim escarpment, Mountain Creek and Sippy Creek and adjacent areas including wetland, wallum heathland, paperbark and open eucalypt bushland vegetation communities, and provides for the establishment, protection and enhancement of an interconnected system of ecological and open space linkages. Development in the Sippy Downs Town Centre provides a biodiversity offset for native *vegetation* cleared as part of the development.<sup>2</sup>
  - (d) Development provides for high quality, sub-tropical building and landscape design that emphasises the casual, outdoor lifestyle. In the Major centre zone and High density residential zone, development:-
    - has a perimeter block form to maintain and define an active public realm and allow significant densities to be achieved without high rise buildings; and
    - achieves a comfortable pedestrian scale and quality in the public realm by providing buildings with a variety of heights to reduce the wall effects of development and create a varied skyline.
  - (e) Development supports the role and function of the Sippy Downs Town Centre (Precinct SID LPP-1) as a major regional activity centre, providing a broad range of higher order retail, commercial, community, entertainment and employment generating uses to service the needs of residential areas within the local plan area and surrounding areas, including residential areas south of Buderim and west of Mooloolaba and the emerging community of Palmview, as well as significant residential development to support transit oriented development outcomes.
  - (f) Development in the Sippy Downs Town Centre (Precinct SID LPP-1) does not detract from or have an adverse impact on the intended role and function of:-

<sup>&</sup>lt;sup>2</sup> Note—the clearing of native vegetation for the purposes of providing for the development of the Sippy Downs Town Centre Major Regional Activity Centre is considered to satisfy the community interests test set out in section 3.7.2.1(c) of the Strategic Framework. Notwithstanding this, vegetation is still to be retained in the specific circumstances required by this code. Section 8.2.3 (Biodiversity, waterways and wetlands overlay code) sets out the requirements for environmental offsets. Approval for clearing may still be required under State or Federal legislation.

- (i) Maroochydore as the principal regional activity centre for the Sunshine Coast; or
- (ii) nearby major regional activity centres at Nambour and Kawana.
- (g) Development supports the role and function of the University of the Sunshine Coast and the Sippy Downs Business and Technology Sub-precinct as regional employment opportunity areas which:-
  - (i) in the case of the University of the Sunshine Coast, provides a focus for tertiary education, training and research activities; and
  - (ii) in the case of the Sippy Downs Business and Technology Sub-precinct, provides a focus for science and technology related business and industries and has a strong nexus with the University of the Sunshine Coast.
- (h) Development in the Major centre zone in Sub-precinct SID LPSP-1a (Sippy Downs Town Centre Core):-
  - (i) provides the main retail, commercial and civic uses for the local plan area in accordance with Table 7.2.25.4.3 (Sippy Downs local plan supplementary table of consistent uses and potentially consistent uses in the Major centre zone);
  - (ii) results in the creation of a traditional main street based town centre rather than a shopping centre or internalised mall type of development;
  - (iii) incorporates medium to high density residential uses as part of *mixed use developments*<sup>3</sup>;
  - (iv) is characterised by its vibrant, active streets with high pedestrian activity and buildings with close street relationships;
  - (v) results in a walkable centre characterised by wide tree lined streets and public spaces marking prominent corners and provides expansive social space for community life and interaction;
  - (vi) provides a simple, grid-based urban form and movement network which ensures a high level of connectivity for pedestrians, cyclists and vehicles;
  - (vii) provides *public open space* in the form of a centrally located Town Square and a number of Mini Plazas at specific locations;
  - (viii) provides land for the establishment of a multi purpose, integrated community facility;
  - (ix) provides safe, efficient and legible pedestrian access to public transport *infrastructure*;
     (x) ensures retail uses are dispersed across the town centre core rather than being
  - ansures retail uses are dispersed across the town centre core rather than being consolidated in one area;
     brouidate that all ratail promises heire a supermentation of the s
  - (xi) provides that all retail premises being a *supermarket* or a *discount department store* are separated by a street and are not developed as an indoor retail shopping mall; and
     (xii) provides that all or most retail uses address and activate the street.
- (i) Development in the Major centre zone in Sub-precinct SID LPSP-1b (Sippy Downs Business and Technology Sub-precinct):-
  - supports the creation of a 'knowledge-based' employment precinct that has a strong nexus with the University of the Sunshine Coast and provides opportunities to incubate and grow businesses;
  - comprises a range of commercial, educational, health care, government and some residential uses that support and complement the Town Centre Core (Sub-precinct SID LPSP-1a) and the University of the Sunshine Coast in accordance with Table
     7.2.25.4.3 (Sippy Downs local plan supplementary table of consistent uses and potentially consistent uses in the Major centre zone);
  - provides for uses including research facilities, laboratories, research and technologybased industries, offices and consulting rooms, a conference centre, studios, media production facilities, community and education-related uses and tourist and conference accommodation;
  - (iv) provides for medium density *mixed use developments* incorporating residential and non-residential uses;
  - (v) provides a simple grid-based urban form and movement network that links with extensions of the Town Centre Core (Sub-precinct SID LPSP-1a) grid and extensions of the University of the Sunshine Coast grid;
  - (vi) provides *public open space* in the form of a Town Plaza and a number of Mini Plazas at specific locations; and
  - (vii) provides for a small local (not full service) activity centre that:-

<sup>&</sup>lt;sup>3</sup> Note—*mixed use development* in the Sippy Downs Town Centre may be staged such that initial stages of development do not include a residential component provided that:-

<sup>(</sup>a) it is clear how future stages of development will achieve a *mixed use development* outcome; and

<sup>(</sup>b) the early stages of development do not prejudice the delivery of a *mixed use development* outcome.

- (A) serves the local residents, businesses and employees of the immediate area;
- (B) is located in the 'Main Street' designated area on the southern side of the Town Plaza; and
- (C) has a total maximum gross leasable floor area for retail and catering uses that does not exceed 500m<sup>2</sup>.
- (j) The Chancellor Park West local centre located on Chancellor Village Boulevard, functions as a local (full service) activity centre servicing the local convenience needs of nearby residents. Development for retail premises in the Local centre zone and Specialised centre zone at Chancellor Park West does not expand beyond the specified maximum gross leasable floor area limit so as to protect the intended role and function of the Sippy Downs Town Centre.
- (k) Other designated local centres at Stringybark Road and Scholars Drive are retained as local (not full service) activity centres servicing the basic convenience needs of nearby residents.
- (I) Development in the High density residential zone in Sub-precinct SID LPSP-1c (Sippy Downs West Neighbourhood) provides for a high quality, walkable residential neighbourhood comprising a range of medium to high density housing types in close proximity to the Sippy Downs Town Centre and focussed around a large central *public open space* in the form of a forest *park*. Development is configured in a grid layout which ensures a high level of connectivity internally and externally, particularly to the Sippy Downs Town Centre Core, and maintains a perimeter block form of development with buildings overlooking the street, parks and other public spaces.
- (m) Residential expansion occurs in the Stringybark Road area as large lots are developed for a range of residential dwelling types and densities in accordance with allocated zones. Development in this area occurs in an integrated manner and provides a high level of permeability and connectivity including new road links between Toral Drive and Jorl Court, Jorl Court and Walgarri Drive and Stringybark Road and Dixon Road (via Goshawk Boulevard and Power Road).
- (n) Development in the Emerging community zone at 137 Crosby Hill Road, Tanawha, provides for:-
  - business activities to be limited to small scale local convenience goods and services only;
  - (ii) a dedicated road link between Crosby Hill Road and Rainforest Sanctuary Drive; and
  - (iii) adequate and sensitive address of site constraints including flooding, vegetation, waterways and wetlands.
- (o) Development in the Medium density residential zone, Low density residential zone, Emerging community zone and Rural residential zone provides a network of open space to meet the needs of the local community and an integrated, legible and permeable road, cycle and pathway network which connects residential neighbourhoods to the Sippy Downs Town Centre, local centres, the University of the Sunshine Coast, local schools, community and sport and recreation facilities and open space.
- (p) Development along the Sunshine Motorway and Bruce Highway protects the visual amenity of these roads as scenic routes and provides a wide, densely vegetated *landscape buffer* to effectively screen development from these roads.
- (q) The *transport network* is progressively upgraded to meet the needs of the local plan area and provide increased connectivity and permeability. Development contributes to, and does not compromise the provision and operation of, proposed new roads within the Sippy Downs Town Centre and the Stringybark Road area, the Sunshine Motorway or the Bruce Highway.
- (r) Development occurs in a logical sequence and provides for the efficient and timely provision of infrastructure and services in a manner that does not compromise the future development of any adjoining lot or the planned ultimate development outcomes.
- (s) Development provides telecommunications *infrastructure* and services such that the Sippy Downs local plan area, and in particular the Sippy Downs Town Centre and the University of the Sunshine Coast, has *best practice* standard telecommunications capability.

## 7.2.25.4 Performance outcomes and acceptable outcomes

Table 7.2.25.4.1Performance outcomes and acceptable outcomes for assessable<br/>development in the Sippy Downs local plan area generally

Perform	Performance Outcomes Acceptable Outcomes				
	ment in the Sippy Downs Local Plan Are				
PO1	Development does not detract from the role and function of the Sippy Downs Town Centre (Major centre zone) as a major regional activity centre and the primary focus for retail, commercial and civic activities within the local plan area.	AO1	No acceptable outcome provided.		
PO2	Development for a higher order business use is located in Sub-precinct SID LPSP-1a (Sippy Downs Town Centre Core), including the following:- (a) a <i>full line supermarket</i> ; (b) a <i>discount department store</i> ; and (c) a <i>theatre</i> .	AO2	No acceptable outcome provided.		
PO3	Development provides for buildings, structures and landscaping that are consistent with and reflect and enhance the coastal urban character of the Sippy Downs local plan area.	AO3.1	<ul> <li>Development provides for building design which incorporates the following features:-</li> <li>(a) a mix of lightweight and textured external building materials, including timber finishes or masonry construction with variation provided in texture and detailing;</li> <li>(b) articulated, pitched, skillion or curved roof forms;</li> <li>(c) open or transparent balustrades; and</li> <li>(d) landscaping integrated into the building design.</li> </ul>		
		AO3.2	Development uses understated colour schemes and low-reflective roofing and cladding materials.		
		AO3.3	Development provides for existing mature trees and stands of native <i>vegetation</i> to be retained and incorporated into the design of development.		
PO4	Development provides for the retention and enhancement of key landscape elements including <i>wetlands</i> , wallum heathland, bushland and other areas of significant <i>vegetation</i> contributing to the setting, character and sense of place of the Sippy Downs local plan area.	AO4	<ul> <li>Development retains, protects and enhances existing mature trees and character <i>vegetation</i> contributing to the setting and character of the local plan area including:-</li> <li>(a) riparian <i>vegetation</i> along Mountain Creek and Sippy Creek;</li> <li>(b) bushland areas at the base of the Buderim escarpment identified on Figure 7.2.25A (Sippy Downs local plan elements);</li> <li>(c) bushland within the <i>landscape buffer</i> to the Sunshine Motorway; and</li> <li>(d) other character <i>vegetation</i> identified on Figure 7.2.25A (Sippy Downs local plan elements).</li> <li>Note—in some circumstances, the eradication of weed species and planting of locally native species that make a comparable contribution to local character may also satisfy the Acceptable Outcome.</li> </ul>		
PO5	Development contributes to the establishment of attractive and coherent streetscapes and gateways to enhance	AO5.1	Development adjacent to gateway/entry points where identified on Figure 7.2.25A (Sippy Downs local plan elements):-		

Performa	nce Outcomes	Acceptable	Outcomes
	the sense of entry to, and character of, the Sippy Downs local plan area.		<ul> <li>(a) incorporates architectural and landscape treatments which enhance the sense of arrival to, and the coastal urban character, of the local plan area, and emphasise corner locations; and</li> <li>(b) incorporates building materials such as varied roof forms, changes in materials and variations in projected and recessed elements and facades.</li> </ul>
		AO5.2	Development provides for streetscape improvements which complement existing or proposed streetscape works in the local area to ensure continuity of <i>streetscapes</i> and landscape design.
			Note—Section 9.4.2 (Landscape code) sets out requirements for streetscape landscapes including entry statement landscapes.
			Note—a landscape master plan may provide further guidance regarding particular streetscape treatments in a local plan area.
			Note—streetscape materials and palettes can be referenced from the <i>Council's</i> Infrastructure and Guideline Standards for each centre as required.
			Editor's note—Table 7.2.25.4.2 (Additional criteria for assessable development in Precinct SID LPP-1 (Sippy Downs Town Centre) sets out the requirements for streetscape improvements in Precinct SID LPP-1 (Sippy Downs Town Centre).
PO6	Development on land adjacent to the Sunshine Motorway or the Bruce Highway provides a wide densely vegetated <i>landscape buffer</i> to visually screen built form elements and maintain	AO6	Development on land adjacent to the Sunshine Motorway or the Bruce Highway provides a minimum 20 metre wide densely vegetated <i>landscape buffer</i> .
	and enhance the visual amenity of these roads as scenic routes.		Editor's note—Table 7.2.25.4.2 (Additional criteria for assessable development in Precinct SID LPP-1 (Sippy Downs Town Centre) sets out the requirements for <i>landscape buffers</i> in Precinct SID LPP-1 (Sippy Downs Town Centre).
PO7	Development improves local connectivity by providing an integrated, legible and permeable road, cycle and pathway network which provides connections to and between key	A07.1	Development complements and extends pedestrian and cycle linkages, including where identified on <b>Figure 7.2.25A</b> (Sippy Downs local plan elements).
	destinations including the Sippy Downs Town Centre, local centres, the University of the Sunshine Coast, existing and proposed transit stations and public transport stops, community facilities, schools, recreation facilities and open space.	A07.2	Development provides a simple, grid- based road/street network which complies with and complements the proposed road/street network identified on Figure 7.2.25A (Sippy Downs local plan elements).
PO8	Development on land with frontage to Sippy Creek or Mountain Creek facilitates the provision of a local ecological linkage as identified on Figure 7.2.25A (Sippy Downs local plan elements).	A08	No acceptable outcome provided. Editor's note—Section 8.2.3 (Biodiversity, waterways and wetlands overlay code) sets out requirements for the provision of ecological linkages.
PO9	Development provides for, and does not compromise the future provision and operation of, <i>transport networks</i>	AO9	No acceptable outcome provided.

Performa	ance Outcomes	Acceptable	Outcomes
	<ul> <li>including:-</li> <li>(a) proposed new roads within the Sippy Downs Town Centre (Precinct SID LPP-1), the Stringybark Road area and elsewhere in the local plan area where identified on Figure 7.2.25A (Sippy Downs local plan elements);</li> <li>(b) the Sunshine Motorway; and</li> <li>(c) the Bruce Highway.</li> </ul>		
PO10	ment in the Local Centre Zone Development in the Local centre zone	AO10	No acceptable outcome provided.
	<ul> <li>supports the role and function of:-</li> <li>(a) the Chancellor Park West local centre as a local (full service) activity centre providing convenience goods and service to local residents; and</li> <li>(b) other local business areas as local (not full service) activity centres providing basic convenience goods and services to local residents.</li> </ul>		
PO11	<ul> <li>Development in the Local centre zone provides for the gross leasable floor area of commercial and retail business uses to not exceed:-</li> <li>(a) for the Chancellor Park West Local Centre, a total of 8,400m<sup>2</sup>; and</li> <li>(b) for other local centres, a total of 1,000m<sup>2</sup>.</li> <li>Editor's note—Table 7.2.25.4.2 (Additional criteria for assessable development in Precinct SID LPP-1 (Sippy Downs Town Centre) sets out the requirements for local centres in Precinct SID LPP-1 (Sippy Downs Town Centre).</li> </ul>	A011	No acceptable outcome provided.
PO12	Development in the Local centre zone provides for no more than one <i>supermarket</i> to be established so as to protect the role and function of the Sippy Downs Town Centre.	AO12	No acceptable outcome provided.
PO13	<ul> <li>Development in the Local centre zone provides:-</li> <li>(a) a coherent and attractive streetfront address and achieves a high level of visual amenity;</li> <li>(b) vibrant and active streets and public spaces;</li> <li>(c) a high level of comfort and convenience for pedestrians; and</li> <li>(d) functional and integrated car parking and servicing areas which do not dominate the street.</li> </ul>	AO13	<ul> <li>Development in the Local centre zone:- <ul> <li>(a) respects the layout, scale and character of development on adjoining sites;</li> <li>(b) has building openings overlooking the street;</li> <li>(c) provides for <i>primary active street frontages</i>, built to the front boundary, where identified on Figure 7.2.25A</li> <li>(Sippy Downs local plan elements);</li> <li>(d) provides all weather protection in the form of continuous awnings and/or light verandah structures over footpath areas with mature or semimature shade trees planted along the <i>site frontage</i> adjacent to the kerbside;</li> <li>(e) includes provision of landscaping, shaded seating and consistent and simple paving materials on footpaths; and</li> </ul> </li> </ul>

	nce Outcomes	Acceptable	Outcomes

#### 7.2.26 Woombye local plan code

#### 7.2.26.1 Application

- (1) This code applies to assessable development:-
  - (a) within the Woombye local plan area as shown on Map ZM27 contained within **Schedule 2** (Mapping); and
  - (b) identified as requiring assessment against the Woombye local plan code by the tables of assessment in **Part 5 (Tables of assessment)**.
- (2) The following provisions of the code are assessment benchmarks for applicable assessable development:-
  - (a) section 7.2.26.3 (Purpose and overall outcomes);
  - (b) Table 7.2.26.4.1 (Performance outcomes and acceptable outcomes for assessable development); and
  - (c) Figure 7.2.26A (Woombye local plan elements).

#### 7.2.26.2 Context and setting

This section is extrinsic material under section 15 of the *Statutory Instruments Act 1992* and is intended to assist in the interpretation of the Woombye local plan code.

The Woombye local plan area is located in the central hinterland of the Sunshine Coast immediately to the south of Nambour. Situated between the North Coast Rail Line and Nambour Connection Road, the local plan area includes Woombye's business centre and adjacent residential areas. The local plan area has a land area of approximately 230 hectares.

The local plan area is characterised by variable topography with the established urban areas in the north comprising gently undulating land and the developing southern area generally comprising steeper slopes, particularly adjacent to Pine Grove Road and Woombye-Palmwoods Road. Parts of the local plan area are subject to periodic flooding from Paynter Creek which is located immediately to the west and traverses the local plan area north of the town centre.

Woombye is a small, attractive rural town providing a range of business, community, social, and recreational facilities to service the local needs of its resident population as well as the needs of immediately surrounding rural and rural residential communities. Residential areas are characterised by dwelling houses on relatively large suburban lots.

Heritage buildings and places, primarily focused in Blackall Street, contribute to the character and historical values of the town. Set within a picturesque rural landscape, Woombye has a separate and distinct identity from nearby settlements, including Nambour.

The North Coast Rail Line, which forms the western boundary of the local plan area, is proposed to be realigned and duplicated. The planned upgrade includes provision for station improvements and a new road overpass extending from Blackall Street to Back Woombye Road. The preferred future use of surplus rail land arising from the proposed upgrade of the rail line will also be an important consideration.

Woombye's role as a public transport node will be improved by the planned rail line upgrade and new transit hub. The major vehicle access into Woombye is via Blackall Street from Nambour Connection Road in the east. Taintons Road provides access to the southern part of the local plan area via Woombye-Palmwoods Road.

Urban zoned land within the local plan area is connected, or has the ability to be connected, to reticulated water and sewerage.

#### 7.2.26.3 Purpose and overall outcomes

(1) The purpose of the Woombye local plan code is to provide locally relevant planning provisions for the assessment of development within the Woombye local plan area.

- (2) The purpose of the Woombye local plan code will be achieved through the following overall outcomes:-
  - (a) Woombye remains a small rural town, primarily servicing the local needs of its resident population and immediately surrounding rural communities.
  - (b) Urban development within the Woombye local plan area is limited to land within the urban growth management boundary so as to protect and reinforce the separate identity of Woombye, provide for the efficient provision of *infrastructure* and services, avoid constrained land and protect the landscape character and productivity of surrounding rural lands.
  - (c) Development retains important built form, *streetscape*, landscape character and natural environment elements that contribute to the character, setting, and identity of Woombye as a rural town with a strong sense of place and associations with the past.
  - (d) Development in the Local centre zone supports the role and function of the Woombye Town Centre as a local (full service) activity centre, providing a wide range of small-scale convenience goods and services to meet the needs of its resident population and immediately surrounding rural communities. The town centre remains compact and consolidated, with any further expansion of business uses contained to land included in the Local centre zone.
  - (e) The "country town" feel, traditional main street built form and heritage and streetscape character of Woombye's Town Centre is retained and reinforced, with Blackall Street enhanced as a wide, attractive and pedestrian friendly main street. Development along Blackall Street addresses the street, complements the traditional streetscape and building form, and retains the mature street trees.
  - (f) Development in the Low density residential zone protects and is sympathetic to the traditional rural town character and identity of Woombye, typified by low-rise detached housing in generous landscaped grounds. Reconfiguring a lot in the Low density residential zone incorporates road and lot layouts which sensitively respond to site characteristics and are consistent with the established subdivision pattern of the town, characterised by regular shaped lots, grid or modified grid layout, open *streetscape* and mature street trees. Development in the zone provides an interconnected and permeable network of roads, pedestrian and cycle paths and open space and buffering to surrounding rural lands.
  - (g) Development in the Medium density residential zone is sympathetic to the traditional rural town character and heritage values of Woombye and is of a bulk and architectural scale that does not dominate the *streetscape* and is compatible with surrounding development.
  - (h) Development is designed and sited to protect significant environmental and riparian areas and to sensitively respond to the physical characteristics and constraints of land in the local plan area, including steeper slopes and remnant *vegetation* and other *ecologically important areas*.
  - (i) Development in the local plan area is supported by a network of open space to meet the needs of the local community, and facilitates safe and convenient pedestrian and cycle connections to, between and around key destinations within the local plan area.
  - (j) Development does not compromise or adversely impact upon the planned realignment and duplication of the North Coast Rail Line and the possible future provision of a grade separated crossing within the local plan area.
  - (k) In the event that the North Coast Rail Line is re-aligned within the life of the planning scheme, the pattern of land use and the provision of transport and other *infrastructure* in the Woombye local plan area is adapted to appropriately utilise surplus railway land, so as to consolidate and provide for improvements to Woombye's town centre, particularly in terms of the provision of community facilities and *public open space*.

#### 7.2.26.4 Performance outcomes and acceptable outcomes

Table 7.2.26.4.1	Performance outcomes and acceptable outcomes for assessable
	development

	development		-
	ance Outcomes		Outcomes
	ment in the Woombye Local Plan Area G		
PO1	Development provides for buildings, structures and landscaping that is consistent with and reflects the traditional <i>streetscape</i> and architectural character of Woombye in terms of	AO1.1	Development provides for the retention and/or adaptive re-use, with limited modification, of buildings which have cultural heritage or, character significance.
	scale, siting, form, composition and use of materials.		Editor's note—Section 8.2.9 (Heritage and character areas overlay code) sets out requirements for development on heritage places and in character areas.
		AO1.2	Buildings and structures incorporate traditional external building materials, such as timber cladding and corrugated iron roofs.
		AO1.3	For residential, business and community activities, roof forms are simple, traditional Queensland-style roof designs including gable, hip, pitched or multiple gable roof forms.
PO2	Development provides for the retention and enhancement of key landscape elements including historical landmarks, significant views and vistas, existing	AO2.1	Development provides for the retention of old stone retaining walls, historical landmarks, memorials and monuments.
	character trees and areas of significant <i>vegetation</i> contributing to the character, setting and sense of place of Woombye.	AO2.2	Development protects and emphasises, and does not intrude upon, important view lines to the Blackall Range and other views to surrounding rural and natural areas identified on Figure 7.2.26A (Woombye local plan elements).
		AO2.3	Development provides for the retention and enhancement of existing mature trees and character <i>vegetation</i> contributing to the vegetated backdrop and <i>streetscape</i> character of the local plan area, including where identified on <b>Figure 7.2.26A</b> (Woombye local plan elements).
			Note—in some circumstances, the eradication of weed species and planting of locally native species that make a comparable contribution to local character may also satisfy the Acceptable Outcome.
PO3	Development contributes to the establishment of attractive and coherent <i>streetscapes</i> and gateways to enhance the rural town character of, and sense of entry and arrival to, Woombye.	AO3.1	Development adjacent to a primary streetscape treatment area or identified gateway/entry point on Figure 7.2.26A (Woombye local plan elements) incorporates architectural and landscape treatments and other design elements which enhance the sense of entry and arrival to, and rural town character of, Woombye, and emphasise corner locations.
		AO3.2	Development provides for streetscape improvements which complement existing or proposed streetscape works in the local area to ensure continuity of <i>streetscapes</i> and landscape design.

Figure 7.2.26A Woombye local plan elements

<Figure to be inserted>

#### 7.2.27 Yandina local plan code

#### 7.2.27.1 Application

- (1) This code applies to assessable development:-
  - (a) within the Yandina local plan area as shown on Map ZM8 contained within **Schedule 2** (Mapping); and
  - (b) identified as requiring assessment against the Yandina local plan code by the tables of assessment in **Part 5 (Tables of assessment)**.
- (2) The following provisions of the code are assessment benchmarks for applicable assessable development:-
  - (a) section 7.2.27.3 (Purpose and overall outcomes);
  - (b) Table 7.2.27.4.1 (Performance outcomes and acceptable outcomes for assessable development); and
  - (c) Figure 7.2.27A (Yandina local plan elements).

#### 7.2.27.2 Context and setting

This section is extrinsic material under section 15 of the *Statutory Instruments Act 1992* and is intended to assist in the interpretation of the Yandina local plan code.

The Yandina local plan area is located in the central part of the Sunshine Coast and is traversed by the Bruce Highway and the North Coast Rail Line. The local plan area comprises the rural town of Yandina and adjacent urban areas as well as industrial estates in the northern and southern parts of the town. The local plan area has a land area of approximately 396 hectares.

Yandina is located on undulating land and set within a picturesque rural and natural landscape with the prominent Mount Ninderry to the east, Parklands Forest Reserve to the south and Wappa Dam and the Mapleton Forest Reserve in the west. The local plan area is traversed by the South Maroochy River in an east-west direction and bordered to the northeast by the North Maroochy River. The local plan area is surrounded by large areas of productive agricultural land.

The Yandina Town Centre is focussed on the traditional main street of Stevens Street, servicing the town and its surrounding rural and rural residential communities and providing a range of commercial, retail, industrial, community, sport and recreational activities.

The local plan area contains a range of community, sport and recreation facilities including Yandina State School, and Yandina Sports Complex. The local plan area also contains the Yandina Caravan Park which provides both permanent residential accommodation and temporary visitor accommodation.

The Yandina local plan area contains three main industrial estates providing employment for the central hinterland areas. An industrial estate is located in the northern part of the local plan area on the western side of the Bruce Highway. It comprises a range of industrial uses including the Ginger Factory which is also a premier tourist attraction on the Sunshine Coast. The industrial estate located in the northern part of the local plan area on the eastern side of the Bruce Highway is largely undeveloped. The southern industrial estate is located on the eastern side of the Nambour North Connection Road and consists of a range of industrial uses. A smaller industrial area is located on the eastern side of Farrell Street in the northern part of the local plan area.

Yandina's character is derived from its picturesque landscape setting, rural heritage, traditional main street, grid pattern road layout, historical building designs and laid back 'country town' atmosphere. The existing character areas and historic buildings, especially fronting Stevens Street and Farrell Street, significantly contribute to the character and identity of the town.

The residential areas in Yandina are predominantly traditional low density neighbourhoods of detached housing characterised by a grid pattern street layout in the older, inner parts of the local plan area and culde-sacs in the newer outer parts. Medium density residential areas are located to the west of the town centre with further expansion opportunities available.

The Yandina local plan area has good access to the Bruce Highway via Yandina Coolum Road and Flemming Street. Further connections to the east are provided by Ninderry Road, to the north by Ben Williams Road, to the west by Old Gympie Road and Cooloolabin Road and south by the Nambour North Connection Road.

Urban zoned land within the local plan area is connected, or has the ability to be connected, to reticulated water and sewerage.

#### 7.2.27.3 Purpose and overall outcomes

- (1) The purpose of the Yandina local plan code is to provide locally relevant planning provisions for the assessment of development within the Yandina local plan area.
- (2) The purpose of the Yandina local plan code will be achieved through the following overall outcomes:-
  - (a) Yandina continues to develop as a small rural town, with a distinct heritage character, primarily servicing the local community and tourist industry and providing industrial employment opportunities. Some expansion of local business, industry and residential areas is provided for.
  - (b) Urban development within the Yandina local plan area is limited to land within the urban growth management boundary so as to protect and reinforce the character and identity of Yandina, provide for the efficient provision of *infrastructure* and services, avoid constrained land and protect the character and productivity of surrounding rural land.
  - (c) Development retains the key built form, landscape character and natural environment elements that contribute to the setting, character and identity of the Yandina local plan area as a rural town with a strong sense of place and associations with the past.
  - (d) Development is designed and sited to protect significant environmental areas and significant views either to or from important landscape features, and to reflect the physical characteristics and constraints of the land, including the protection of sensitive slopes, flood prone areas, native vegetation areas and views of the western foothills, South Maroochy River, North Maroochy River and Mount Ninderry, particularly from the Yandina Town Centre.
  - (e) The Yandina Town Centre functions as a local (full service) activity centre, meeting the needs of the local community and surrounding rural and rural residential areas and visitors to the area, and provides a focus for small scale retail, commercial and community activity.
  - (f) Whilst the retail and commercial functions of Yandina Town Centre may expand and be enhanced, the centre remains compact, with any expansion limited to land included within the Local centre zone. Residents of Yandina and surrounding areas continue to rely upon larger centres such as Nambour or Maroochydore to fulfil higher order business and industry needs.
  - (g) The "country town" feel, traditional built form, heritage and *streetscape* character of the Yandina Town Centre is retained and reinforced, with Stevens Street enhanced as an attractive and pedestrian friendly main street. Development within the Local centre zone addresses the street and complements the traditional *streetscape* and building form.
  - (h) Development in the Medium impact industry zone and High impact industry zone provides for the continued development of the three main industrial estates in Yandina in complementary rather than competing roles, so as to provide Yandina with a stronger and more-diversified industrial base.
  - (i) Development in the Yandina Industrial Estate (Central) provides for a range of industry uses, particularly those that promote linkages and synergies with, and are compatible with, the food processing industry and the creation of a manufacturing tourism node.
  - (j) Development in the Yandina Industrial Estate (East) accommodates a broad range of low to medium impact industrial uses, while protecting the environmental values of the North Maroochy River and views to Mount Ninderry.
  - (k) Development in the Yandina Industrial Estate (South) accommodates a range of medium to high impact industrial uses, while avoiding impacts on nearby residential areas. Development in the High impact industry zone protects the visual amenity of scenic routes through the local plan area.

- (I) Development in the Low impact industry zone accommodates a broad range of small scale industry and *service industry* uses, while avoiding impacts on nearby residential areas and protecting the visual amenity of scenic routes through the local plan area.
- (m) Development in the Low density residential zone, including road and lot layouts and streetscape, reflects traditional rural town residential qualities such as low rise detached housing on large lots, open streetscape and mature street trees.
- (n) Development in the Medium density residential zone:-
  - provides for a range of housing choices located with close and convenient access to the Yandina Town Centre, employment nodes, public transport and community facilities;
  - (ii) provides good pedestrian and cycle connectivity to the town centre; and
  - (iii) contributes to a high level of residential amenity and design quality consistent with the traditional rural character of Yandina, the scale and character of the *streetscape* and surrounding development.
- (o) Development in the local plan area is supported by a network of open space to meet the needs of the local community and facilitates safe and convenient pedestrian and cycle connections between and around key destinations within the local plan area.
- (p) Development provides appropriate landscape buffering to the Bruce Highway and the North Coast Rail Line in order to effectively visually screen built form elements and maintain the visual amenity of these scenic routes.

#### 7.2.27.4 Performance outcomes and acceptable outcomes

Table 7.2.27.4.1	Performance outcomes and acceptable outcomes for assessable
	development

Perform	ance Outcomes	Acceptable	e Outcomes
Develop	ment in the Yandina Local Plan Area Gen	nerally (All Z	Zones)
PO1	Development provides for buildings, structures and landscaping that is consistent with and reflects the traditional rural town architectural character of Yandina in terms of form, composition and use of materials.	AO1.1	Development provides for the retention and/or adaptive re-use, with limited modification, of buildings which have cultural heritage or character significance. Editor's note—Section 8.2.9 (Heritage and character areas overlay code) sets out requirements for development on heritage places and in character areas.
		AO1.2	For residential, business and community uses, buildings and structures incorporate traditional external building materials, such as timber cladding and corrugated iron roofs.
		AO1.3	Development uses understated colour schemes and low-reflective roofing and cladding materials.
		AO1.4	Roof forms use simple, traditional Queensland style roof designs, such as hipped or gabled.
PO2	Development provides for the retention and enhancement of key landscape elements including historical landmarks, significant views and vistas, existing	AO2.1	Development provides for the retention of historical landmarks, memorials and monuments.
	character trees and areas of significant vegetation contributing to the setting, character and sense of place of Yandina.	AO2.2	Development protects and emphasises, and does not intrude upon, the important views to the western foothills of Yandina and Mount Ninderry, particularly from the town centre, and to the South Maroochy River, North Maroochy River and other views to surrounding rural and natural

Perform	ance Outcomes	Acceptable	Outcomes
			areas where identified on Figure 7.2.27A (Yandina local plan elements).
		AO2.3	<ul> <li>Development provides for the retention and enhancement of existing mature trees and character <i>vegetation</i> that contributes to the <i>streetscape</i> character and vegetated backdrop to the town including:- (a) the tree covered hillsides of the western foothills;</li> <li>(b) native <i>vegetation</i> along the North Maroochy River and South Maroochy River; and</li> <li>(c) other character <i>vegetation</i> where identified on Figure 7.2.27A (Yandina local plan elements).</li> </ul>
			Note—in some circumstances, the eradication of weed species and planting of locally native species that make a comparable contribution to local character may also satisfy the Acceptable Outcome.
		AO2.4	Development retains and revegetates the remaining gully systems in the Fleming Street and Scott Street area.
		AO2.5	<ul> <li>Development retains and enhances the open space land west of Farrell Street to provide:-</li> <li>(a) a green open space <i>buffer</i> between business uses and residential areas; and</li> <li>(b) a green foreground to views west of the town centre.</li> </ul>
PO3	Development contributes to the establishment of attractive and coherent <i>streetscapes</i> and gateways to enhance the sense of entry to, and the rural town character of, Yandina.	AO3.1	Development adjacent to the primary streetscape treatment area or identified gateway/entry point on Figure 7.2.27A (Yandina local plan elements) incorporates architectural and landscape treatments and other design elements which enhance the sense of entry and arrival to, and rural town character of, Yandina, and emphasise corner locations.
		AO3.2	Development along Yandina Coolum Road and Fleming Street, between the Bruce Highway and the town centre provides streetscape and landscaping works to enhance the visual amenity of the route as an entrance to the town.
		AO3.3	Development provides streetscape improvements and traffic calming at the Stevens Street and Farrell Street intersection to reinforce Stevens Street as the focus of the town centre.
		AO3.4	Development provides for streetscape improvements which complement existing or proposed streetscape works in the local area to ensure continuity of <i>streetscapes</i> and landscape design.
			Note—Section 9.4.2 (Landscape code) sets out requirements for streetscape landscapes including entry statement landscapes.

Perform	ance Outcomes	Acceptable	Outcomes
			Note—a landscape master plan may provide further guidance regarding particular streetscape treatments in a local plan area.
			Note—streetscape materials and palettes can be referenced from the <i>Council's</i> Infrastructure and Guideline Standards for each centre as required
PO4	Development on land adjacent to the Bruce Highway incorporates a <i>landscape buffer</i> to visually screen and soften built form elements and maintain and enhance the visual amenity of the highway as a scenic route.	AO4	Development provides a minimum 10 metre wide densely vegetated <i>landscape</i> <i>buffer</i> along the Bruce Highway <i>frontage</i> where identified on <b>Figure 7.2.27A</b> (Yandina local plan elements).
PO5	Development on land with frontage to the North Maroochy River and South Maroochy River, or on land otherwise identified as a local ecological linkage on Figure 7.2.27A (Yandina local plan elements), facilitates the provision of the local ecological linkage.	AO5	No acceptable outcome provided. Editor's note—Section 8.2.3 (Biodiversity, waterways and wetlands overlay code) sets out requirements for the provision of ecological linkages.
PO6	<ul> <li>Development for a food and drink outlet does not:-</li> <li>(a) provide for the establishment of a high volume convenience restaurant; or</li> <li>(b) incorporate a drive-through facility.</li> </ul>	AO6	No acceptable outcome provided.
PO7	Development in the Local centre zone	A07	No acceptable outcome provided.
	<ul> <li>provides for small scale uses and mixed uses that:-</li> <li>(a) support the role and function of Yandina Town Centre as a local (full service) activity centre; and</li> <li>(b) provide a wide range of convenience goods and services to residents and visitors.</li> </ul>		
PO8	<ul> <li>Development in the Local centre zone:- <ul> <li>(a) is sympathetic to the rural town character and identity of Yandina;</li> <li>(b) addresses the street;</li> <li>(c) complements the traditional built form and <i>streetscape</i>;</li> <li>(d) creates vibrant and active streets and public spaces;</li> <li>(e) provides continuous weather protection for pedestrians;</li> <li>(f) uses traditional building materials; and</li> <li>(g) provides integrated and functional car parking and access arrangements that do not dominate the street.</li> </ul></li></ul>	A08	<ul> <li>Development in the Local centre zone:- <ul> <li>(a) provides for Stevens Street to be maintained and enhanced as an attractive and pedestrian friendly main street;</li> <li>(b) provides a fine scale built form with narrow building frontages and buildings built to the Stevens Street road boundary;</li> <li>(c) respects the layout, scale (including height and <i>setback</i>) and character of development on adjoining sites;</li> <li>(d) provides <i>primary active street frontages</i>, built to the front boundary, where identified on Figure 7.2.27A (Yandina local plan elements);</li> <li>(e) provides all weather protection in the form of continuous cantilevered awnings and/or light verandah structures with non-load bearing posts over footpath areas in conjunction with mature or semimature shade trees planted along the <i>site frontage</i> adjacent to the kerb;</li> <li>(f) provides for a mixture of original lowset timber framed buildings and compatible new buildings;</li> </ul> </li> </ul>

### Schedule 2 Mapping

### SC2.1 Map index

(1) **Table SC2.1.2 (Map index)** below lists any strategic framework, zoning, local plan and overlay maps applicable to the planning scheme area. Maps relevant to other plans have also been included.

Editor's note—mapping for the PIP is contained within Schedule 3 (Priority infrastructure plan mapping and support material) of the planning scheme.

- (2) Map SCC2 (Index Map) identifies the tile number for each map.
- (3) Where a zone map provides an annotation for land included in the Community facilities zone, the annotation refers to the corresponding use set out in **Table SC2.1.2** (Community facilities zone annotations).

Annotation on Zoning Map	Use
1.	Air services
2.	Cemetery
3.	Child care centre
4.	Community use
5.	Crematorium
6.	Educational establishment
7.	Emergency services
8.	Extractive industry
9.	Hospital
10.	Multiple dwelling
11.	Outdoor sport and recreation
12.	Place of worship
13.	Relocatable home park
14.	Renewable energy facility
15.	Residential care facility/Retirement facility
16.	Rooming accommodation
17.	Short-term accommodation
18.	Substation
19.	Tourist park
20.	Utility installation (Local utility)
21.	Utility installation (Major utility – refuse)
22.	Utility installation (Major utility – sewerage treatment)
23.	Utility installation (Major utility – water supply)

## Appendix 2 Table of amendments

Table AP2.1	Table of amendments

Date of adoption and effective date	Planning scheme version number	Amendment type	Summary of amendment
Date of adoption – 24 July 2014 Effective date – 10 November 2014	Version 2 incorporating Sunshine Coast Planning Scheme 2014 (Minor Amendment) No. 1	Minor Amendment	The amendment clarifies the application and interpretation of the filling and excavation provisions in the Dwelling house code and the provisions relating to dwelling houses in the Landslide hazard and steep land overlay code.
Date of adoption – 26 February 2015 Effective date – 9 March 2015	Version 3 incorporating Sunshine Coast Planning Scheme 2014 (Administrative and Minor Amendment) No. 2	Administrative and Minor Amendment	The amendment corrects formatting, spelling, grammatical, mapping and cross-referencing errors and corrects factual matters incorrectly stated in the Planning Scheme.
Date of adoption – 13 July 2015 Effective date – 3 August 2015	Version 4 incorporating Planning Scheme Policies (Administrative and Minor Amendment) No. 3	Administrative and Minor Amendment	The amendment corrects spelling and grammatical errors, factual matters incorrectly stated, outdated terms and minor technical matters in the planning scheme policies for the flood hazard overlay code, development works and the transport and parking code.
Date of adoption – 23 November 2015 Effective date – 7 December 2015	Version 5 incorporating Sunshine Coast Planning Scheme 2014 (Transitional Interim Local Government Infrastructure Plan Amendment) No. 4	Transitional Interim Local Government Infrastructure Plan Amendment	The amendment deletes reference to water and sewer networks, corrects mapping errors, adds and removes a number of infrastructure projects and includes other minor revision or corrections.
Date of adoption – 22 March 2016 Effective date – 1 April 2016	Version 6 incorporating Sunshine Coast Planning Scheme 2014 (Major Amendment) No. 5	Major Amendment	The amendment reflects revised land use, densities and road layouts for the Palmview Master Planned Area, and includes amendments to the Planning Scheme Policy for Palmview Structure Plan and consequential planning scheme amendments.
Date of adoption – 5 August 2016 Effective date – 15 August 2016	Version 7 incorporating Sunshine Coast Planning Scheme 2014 (Major Amendment) No. 6	Major Amendment	The amendment changes the zoning of land at Tweddell Drive, Pelican Waters and at School Road, Bli Bli. The amendment also corrects a number of site specific zoning and building height anomalies located in other parts of the planning scheme area.

Appendix 2

Date of adoption and effective date	Planning scheme version number	Amendment type	Summary of amendment
Date of adoption – 5 August 2016 Effective date – 15 August 2016	Version 7 incorporating Sunshine Coast Planning Scheme 2014 (Major Amendment) No. 7	Administrative and Minor Amendment	The amendment corrects formatting, spelling, grammatical, mapping and cross-referencing errors, corrects factual matters incorrectly stated in the Planning Scheme and reflects updates to the Queensland Planning Provisions (version 4.0).
Date of adoption – 16 February 2017 Effective date – 27 February 2017	Version 8 incorporating Sunshine Coast Planning Scheme 2014 (Administrative and Minor Amendment) No. 8	Administrative and Minor Amendment	The amendment corrects formatting, grammatical, mapping and cross- referencing errors. The amendment also reflects a number of development approvals including the Caloundra South Development Scheme and reflects latest State Planning Policy mapping in relation to transport infrastructure and erosion prone areas.
Date amendment made – 18 May 2017 Effective date – 3 July 2017	Version 9 incorporating Sunshine Coast Planning Scheme 2014 (Alignment Amendment) No. 9	Alignment Amendment	The amendment provides for terminology and other operational changes required to align the Planning Scheme with the Planning Act 2016 and the Planning Regulation 2017.
Date of adoption – 17 July 2017 Effective date – 31 July 2017	Version 10 incorporating Sunshine Coast Planning Scheme 2014 (Major Amendment) No. 10	Major Amendment	The amendment reflects the vision and recommendations of the <i>Place Making Mooloolaba</i> <i>Master Plan</i> and generally applies to the Mooloolaba town centre of the Mooloolaba/Alexandra Headland local plan area.
