

Project number: H3732

## Caloundra Transport Corridor (CTCU) Upgrade

Geotechnical and environmental investigations

Monday 5 June until late-June 2023 (day and night works) *Weather permitting*

Various locations including Ben Bennett Bushland Park, Bicentennial Park, roads including West Terrace, Omrah Avenue, Oval Avenue, Gosling Street, Third Avenue, Nicklin Way and Industrial Avenue, Caloundra

Traffic control in operation as required

### Works overview

As part of the ongoing detailed design process for the Caloundra Transport Corridor Upgrade project, geotechnical (soil and rock) and environmental (flora and fauna) investigations will be undertaken in various locations from week commencing Monday 5 June until late-June 2023.

Investigations will be carried out by experienced professionals using specialist equipment and machinery.

This activity will be undertaken in/around the following areas throughout Caloundra.

- Ben Bennett Bushland Park, between Nicklin Way and Arthur Street
- Bicentennial Park, between Bowman Road and Omrah Avenue
- Emergency Services access, between Industrial Avenue and Nicklin Way
- Roads including West Terrace, Omrah Avenue, Oval Avenue, Gosling Street, Third Avenue, Nicklin Way and Industrial Avenue.

Some investigations will be done at night due to the heavy day time traffic volumes.

All relevant permits will be in place to undertake these works.

### What to expect during these works

These investigations are expected to generate low-level noise only, with minimal inconvenience to our community. Staff and machinery will be in place for short periods of time at each location.

Traffic control will be in place as required during day and night works. Please allow an extra five minutes of travel time during this period.
