1. Administration and Interpretation

1.1 General

The Development Services Register of Cost-recovery Fees and Commercial Charges includes all fees and charges relevant for planning, engineering, environment, building and plumbing assessment and services.

All cost recovery fees within this Register have been adopted by Council under Section 97 of the *Local Government Act 2009*.

All commercial fees for the provision of services, which require a GST payment, have been adopted by Council under Section 262(3)(c) of the *Local Government Act 2009*.

All fees, unless otherwise specified, are GST exempt.

An applicant can only apply for a single fee adjustment under Sections 2.1 to 2.6. The highest reduction will apply.

1.2 Payment of Fees and Lodgement of Applications

Applicants are encouraged to lodge their application via Council's online application service <https://mycouncil.sunshinecoast.qld.gov.au/>.

The *Planning Act 2016* requires that development applications lodged under the Development Assessment Rules be "properly made". The receipting of an application does not signify acceptance of the application as being properly made.

For any further information visit www.sunshinecoast.qld.gov.au/development or phone Council on 07 5475 7272.

1.3 Price on Application

For Material Change of Use, Reconfiguring a Lot and Plumbing and Drainage Work applications with a fee calculation of \$200,000 or higher as per the fees identified in this Register – Price on Application (POA) fee to be determined by Council having regard to the full details and plans of the proposal to be submitted with a written request for a fee quote prior to time of lodgement and an assessment will be undertaken to determine the applicable fee.

For other references to Price on Application (POA) in this Register, the fee will be determined by Council having regard to the full details and plans of the proposal to be submitted with a written request for a fee quote prior to time of lodgement and an assessment will be undertaken to determine the applicable fee.

1.4 Undefined Use Applications

Where an application type is not specifically provided for in this Register or the application could not reasonably be included in a category that is provided in this Register, the applicant is to provide full details and plans of the proposal, and this will be considered on its merits by Council to determine the applicable fee.

1.5 Combined Applications

Combined applications are applications which are lodged at the same time involving more than one development type (e.g. Material Change of Use, Reconfiguring a Lot, Building Work and/or Operational Work). Full fees are payable for each development type included in an application. The only exception is a combined application for Material Change of Use and associated Operational Work for a Dwelling House and Dual Occupancy (Refer Section 5).

1.6 Minor Changes made during Application Process

Where a minor change is made by the applicant prior to the application being decided (that is not a result of an Information Request) and the change results in an increase in the size or scale of the development or it increases the development yield (i.e. total use area, number of lots or Gross Floor Area), additional fees will be payable in accordance with the fees outlined in this Register.

1.7 Preliminary Approvals

Applications involving a Preliminary Approval (other than a Variation Request) shall attract a fee based on the applicable uses or types of development (including predicted Reconfiguring a Lot) as for a Development Permit.

1.8 Variation Requests

Applications for a Variation Request shall be 100% of the fees for the applicable uses or types of development (including predicted Reconfiguring a Lot). Where a Variation Request includes a Development Permit for a component of the development, no further fee is payable.

1.9 Impact Assessment Fees

Fees listed in the Register are for code assessment only. The cost of an impact assessable application is set at a standard multiplier of 1.5 above the code assessable fee.

2. Fee Adjustments and Refunds

2.1 Adjustment of Fees

Any request to adjust a development application fee, partially or in whole, must be made in writing to Council prior to the lodgement of the application. This requires the applicant to provide significant justification that the fee is obviously unreasonable and will be considered on its merits by a delegated Council officer.

2.2 Non-Profit, Volunteer, Charitable, Community, Sporting, Religious Organisation

A non-profit, volunteer, charitable, community, sporting, religious organisation (or similar organisation) that provides a benefit directly to the community, is eligible for a 50% reduction in application fees. For the organisation to be eligible for this fee reduction, at the time of lodgement of the application, the organisation must provide current, verifiable written proof that the organisation is either registered with the Australian Taxation Office (ATO) as a charitable/non-profit organisation or, alternatively, is registered with the Office of Fair Trading under either the *Associations Incorporation Act 1981* or the *Corporations Act 2001*.

2.3 Buildings and Sites Affected by Heritage Provisions

Where a Material Change of Use or Building Work development application (excluding demolition, partial demolition or removal of a structure or place affected by the cultural heritage provisions of the *Sunshine Coast Planning Scheme 2014*) is required solely as a result of the heritage provisions of the *Sunshine Coast Planning Scheme 2014*, whether code or impact assessable, no fee shall apply to such an application.

2.4 Applications involving a Mixed-Use within the same Dwelling Unit or Commercial Tenancy

Fees for the application shall be the sum of the Primary Use fee plus 50% of the fees for each type of additional use/s within the same proposed tenancy or dwelling unit as part of a single development application (e.g. a development proposal for a Multiple Dwelling and Short-Term Accommodation for the same dwelling unit/s or a development proposal for a commercial tenancy proposing multiple business activity groups such as Shop, Food and Drink Outlet, Bar, and Office).

Note: *Primary Use is the use with the highest application fee. This fee does not apply to applications for other mixed uses within the same site or a Variation Request. In these situations, the full fee for each separate use applies.*

2.5 Material Change of Use within an Existing Building

If an application involves a Material Change of Use within an existing building, the application fee shall be discounted by 25%, except for short-term accommodation in the same dwelling unit/s.

2.6 Nambour Special Entertainment Precinct

Under the *Sunshine Coast Planning Scheme 2014*, the Nambour Special Entertainment Precinct can accommodate a range of business uses and entertainment activities. To help facilitate the music-based entertainment industry on the Sunshine Coast, if an application involves a Material Change of Use for a Theatre, Bar, Nightclub or Hotel use (as defined in the *Sunshine Coast Planning Scheme 2014*) located in the Nambour Special Entertainment Precinct, the application fee shall be discounted by 50%.

2.7 Refund of Fees

Any request to refund a development application fee, must be made in writing to Council prior to deciding the application. For any refund request due to over payment or incorrect lodgement by the applicant and not resulting from a fee calculation error by Council, an administration fee will be retained as below or refer to Section 4.4.

If a <u>Development Advice Service</u> is withdrawn before the service is provided by Council, a refund will be given depending on the 'relevant period' at the time of withdrawal as per the table below:		If a <u>Concurrence Agency Referral or Minor Change application</u> is withdrawn before it is decided by Council	
Relevant Period	Applicable Refund	Relevant Period	Applicable Refund
Where the refund request is received within 5 business days of receipt of payment	Fee will be refunded with an administration fee of \$240 retained	Within 5 days of lodgement or in response to Action Notice or Lodgement Issues Letter	Fee will be refunded with an administration fee of \$240 retained
Where a refund request is received after 5 business days from receipt of payment or, for pre-lodgement meetings, within 5 days of the meeting date	No refund is applicable	Any other instance	40%

If a <u>Material Change of Use, Reconfiguring a Lot, Operational Work and Building Work application</u> is withdrawn before it is decided by Council, a refund will be given depending on the 'relevant period' at the time of withdrawal as per the table below:		If a <u>Plumbing and Drainage Work application</u> (applicable fee includes assessment and inspections) is withdrawn before it is decided by Council, or when a permit is cancelled before a final inspection/certification, a refund will be given depending on the 'relevant period' at the time of withdrawal as per the table below:	
Relevant Period	Applicable Refund	Relevant Period	Applicable Refund
Application Part	Council will retain 10% of application fee or \$240 administration fee (whichever is greater)	Application received (no assessment)	95%
Information Request Part OR Referral Part	60%	Application request for Information issued	85%
Public Notification Part	30%	Development Permit issued for application	80%
Decision Part	10%	Inspections	POA
