Disclaimer

Information contained in this document is based on available information at the time of writing. All figures and diagrams are indicative only and should be referred to as such. While the Sunshine Coast Regional Council has exercised reasonable care in preparing this document it does not warrant or represent that it is accurate or complete. Council or its officers accept no responsibility for any loss occasioned to any person acting or refraining from acting in reliance upon any material contained in this document.

1.1 Payment of Fees and Lodgement of Applications

Applications that are accompanied by **cheques** made payable to Sunshine Coast Regional Council or paid by **credit card** may be mailed to:

Sunshine Coast Regional Council, Locked Bag 72, Sunshine Coast Mail Centre QLD 4560

The required fee must accompany any application. If you are applying for a concession as outlined below, submit the reduced fee with your application and a written explanation stating why you are applying to pay the reduced fee.

Application can be received / delivered to the following Counter Locations:

- Maroochy On First, 10 First Avenue, Maroochydore
- 1 Omrah Avenue, Caloundra
- Ground floor, Eddie de Vere Building, corner of Currie and Bury Streets, Nambour

Or lodge via Council's Online Application service MyCouncil

The Sustainable Planning Act (SPA) requires that development applications lodged under the Integrated Development Assessment System be "properly made".

The receipting of an application does not signify acceptance of the application as being properly made. To be "properly made", an application must be in accordance with Section 260(1) and (3) of SPA. In particular, the following requirements must be met:

- 1. Relevant IDAS forms completed
- 2. Relevant fees paid, and
- 3. Mandatory supporting information provided

Upon receipt of an application, council will notify an applicant within 10 business days if the application is "not properly made" and what must be done to the application to make it "properly made". If the applicant fails to rectify the deficiency within 20 business days of receipt of the notice, the development application lapses and council will as soon as practical return the application and refund the fee, less an administration fee noted below.

1.2 General

All Cost Recovery fees for applications and related functions and for giving of information kept by council have been adopted by council under Section 97 of the Local Government Act 2009. All commercial fees for the provision of services which require a GST payment have been adopted by council under Section 262(3)(c) of the Local Government Act 2009.

All fees, unless otherwise specified, are GST- exempt.

Unless otherwise specified, fees include compliance stage of approvals. An applicant can only apply for a single discount, rebate or subsidy under Sections 1.3, 1.10, 1.11 and 1.13. The highest reduction will apply. Rebates under Section 1.6 are not covered by this clause.

1.3 Subsidy For Community, Sporting and Religious Organisations

Any non-profit, volunteer, charitable, community, sporting, religious organisation not in possession of a permanent liquor or gaming licence or a surf lifesaving club (or similar organisation) in possession of a permanent liquor or gaming licence is eligible for a 50% reduction in development application fees (including any Pre-Lodgement meetings).

In order for the organisation to be eligible as a volunteer, community, sporting or religious organisation, at the time of lodgement of the application, the organisation must provide verifiable written proof that the organisation is either registered with the Australian Taxation Office (ATO) as a charitable/non profit organisation, or alternatively registered with the Office of Fair Trading under either the Associations Incorporation Act or Corporations Act. Any clarification or dispute concerning the required fees shall be determined by council resolution.

1.4 Waiver of Development Application Charges

The Manager, Development Services and/or the Co-Ordinator, Engineering & Environment Assessment and Co-Ordinator, Planning Assessment have delegated authority to determine to partially or wholly waive a Development Application Fee where strict application of the scheduled fee is obviously unreasonable for the type of application being received.

1.5 Refunds

If an application is withdrawn before it is decided by council, a refund will be given depending on the processing stage at the time of withdrawal as follows:

Application Stage 90%

Information and Referral Stage 60%

Notification Stage 30%

Decision Stage 10%

Compliance Stage (prior to issue of action notice) 60%

No refund is applicable once a decision and/or Action Notice have been issued by council.

Lapsed Applications / Lapsed Requests

If an application/request lapses during the IDAS process, no refund of fees is applicable, except for a not properly made application that lapses (s266 of the SPA). In this circumstance 100% of the fee, less an administrative charge of \$167.00, will be refunded.

If an application is lodged that is identical to the lapsed application within three months of the lapsed date, a fee of \$837.00 will be charged to lodge the new application.

An Administrative fee of \$167.00 will be retained for written advice, search, permissible change to Development Approval, or other similar service.

1.6 Material Change of Use Application Fee Rebate Scheme

A 25% rebate of application fees paid (not including Unitywater fees) at the lodgement of an application can be applied for in writing by the applicant if the use commences within two years from the date of approval. Rebate is subject only for the following uses as defined by the relevant Planning Scheme:

| Office | Showroom / Hardware Store | Shop | General Industry | Warehouse | Medical Centre | Light Industry, Local Industry and Service Industry |
|--------|---------------------------------|------|---------------------|-----------|-------------------|--|
|--------|---------------------------------|------|---------------------|-----------|-------------------|--|

If the use has not commenced within two years from the approval date, no rebate will apply.

1.7 Request to Revive Lapsed Applications

A request to revive a lapsed application under s 274 .280 & 303 of the SPA shall be accompanied by a payment of \$63.00

1.8 Request for an Application to be considered under a Superseded Planning Scheme

A request for an application to be considered under the superseded planning scheme is to be accompanied by an application fee of \$1,794.00

Note: Any subsequent development application will be required to pay the applicable fee.

1.9 Preliminary Approvals

Applications involving a Preliminary Approval under s241 of SPA shall attract a fee based on the applicable uses or types of development (including predicted Reconfiguring of Lot) as for a development permit.

Applications under s242 of SPA shall be 125% of the fees for the applicable uses or types of development (including predicted Reconfiguring of Lot) as for a development permit.

1.10 Applications involving a mixed use development

Fees for the application shall be the sum of the Primary Use fee plus 50% of the fees for each type of other uses (e.g. Multiple Dwelling, Restaurant, Shops = Fee for Multiple Dwelling plus 50% of the fees for the Restaurant and Shops). Only applicable if uses are on the same site.

This mixed use fee does not apply to applications for preliminary approvals lodged under s241 and/or s242 of SPA.

1.11 Development Requiring Compliance Assessment

Any development requiring a Compliance Permit in accordance with s232 the SPA will be charged 70% of the code fee for the relevant application type.

The assessment of plans, documents or works (excluding subdivision plans) which may or may not require a Compliance Certificate under s397 of the SPA are subject to the fees set out in the section on Post Approval Process.

Subdivision plans lodged in accordance with Schedule 19 of the SPA are subject to the fees set out in the section on Subdivision Plans and Related Documents.

1.12 Combined Applications

Applications can be lodged at the same time involving more than one development type (eg, material change of use/reconfiguring a lot/operational work). Full fees are payable for each development type included in an application unless the application comprises of a combined Duplex Dwelling/Dual Occupancy FastTrack MCU and Operational Works application. In this instance the fee shall be the MCU fee for the Duplex Dwelling/Dual Occupancy and the Operational Works fee will be waivered.

1.13 Material Change of use within an Existing Building

If an application involves a Material Change of Use within an existing building, the application shall be discounted by 25%.

1.14 Applications Involving Implied Material Change of Use of Premises

Any application for development which, pursuant to s265 of the SPA, implies that the application is to be taken as an application for material change of use of premises must pay, in addition to the fee for the application, the fee for the material change of use of premises

1.15 Undefined Use Applications

Where an application involves a use that is not defined in the applicable planning scheme or is not specifically provided for in the Schedule of Fees and the use or application could not reasonably be included in a category that is provided in the Schedule of Fees, the Co-Ordinator of Planning Assessment shall determine the fee.

1.16 Environmentally Relevant Activities (ERA) and Application for an Environmental Authority (approval) for an ERA

Material Change of Use Application¹ that also relates to a Prescribed Environmentally Relevant Activity² and the ERA is a concurrence ERA³

The Fee Payable equals:

- (i) The applicable MCU fee for the defined use against the planning scheme; PLUS
- (ii) The application fee, currently \$568⁴ for assessment of the concurrence ERA; PLUS
- (iii) The application fee, currently \$568⁴ for the ERA environmental authority.
- 1. Where a development application for a Material Change of Use of premises also relates to a Prescribed Environmentally Relevant Activity then the application is taken to also be an application for an Environmental Authority (approval) for the prescribed ERA, Section 115 (2) of the Environmental Protection Act 1994. IDAS form 8 Environmentally Relevant Activity must be included with the development application. The ERA fee (\$568 PLUS \$568) total of \$1,136 is included with the IDAS form 8.
- 2. Prescribed Environmentally Relevant Activities (includes definition and ERA trigger threshold) are listed in *Schedule 2 of the Environmental Protection Regulation 2008*.
- 3. A concurrence ERA is identified by a 'C' in Schedule 2 of the Environmental Protection Regulation 2008.

Note: All ERAs administered by Council (listed below) are concurrence ERAs.

ERA No. 6 (Asphalt manufacturing), 12 (Plastic product manufacturing), 19 (Metal forming), 20 (Metal recovery), 38

(Surface coating), 49 (Boat maintenance or repair) and 61(Waste incineration and thermal treatment)

4. These are Statutory Application Fees (adjusted annually) in accordance with Schedule 10 of the Environmental Protection Regulation 2008.

1.17 Consultants Costs

The cost of external consultant's fees for any further assessment or advice required by council in consideration of any application or submission and/or technical report will be charged to the applicant, including re-submissions. The cost must be paid prior to the delegate's or council's final determination of the application with the applicant to be consulted prior to the engagement of external consultants or specialists, (eg development that involves a water body).

1.18 Appointment for Pre-Lodgement Services

This service is to assist proponents in getting integrated specialist advice from the various disciplines involved in development assessment. The purpose is to identify and provide preliminary advice on major issues related to a development proposal and to explain application processes to proponents. The appointment will be booked upon lodgement of an application form. Pre-Lodgement meetings are designed to provide the customer with detailed advice on proposals that are more complex, complicated and generally at a significant stage of their project/application development.

Maroochy Plan 2000

Concessions for Buildings and Sites Affected by Heritage Provisions

Where an application for demolition (including partial demolition) or removal of a structure or place affected by the cultural heritage provisions of the Planning Scheme, a fee of \$870.00 shall apply.

Where a development application (MCU or Preliminary Building Approval), other than referred to above, is required solely as a result of the heritage provisions of the planning scheme, whether code or impact assessable, NO fee shall apply to such an application.

Caloundra City Plan 2004

Risksmart Applications

Applications accepted under the Risksmart application process will attract a discounted fee. Applications currently within the Risksmart framework are:

Home Based Business - 50% of the application fee

Kawana Master Plan Applications

Fees associated with Master Planning applications in accordance with the Kawana Waters Development Agreement (neighbourhood/village plan, detailed planning area plan, precinct/estate plan or site development plan) attract no application fee if the land is in the ownership of the master developer. Fees are nevertheless required for the following developments:

- 1. Material Change of Use, Reconfiguring, Operational Works pursuant to the Sustainable Planning Act, 2009
- 2. Design Plan approvals pursuant to the Land Act 1994.

Glossary of Terms

GFA - Gross Floor Area - As defined by relevant Planning Scheme

TUA – Total Use Area – includes GFA and any part of the site used for external display, storage and activities / operations associated with the use but exclude car parking and vehicle

manoeuvring area.
