Support for the Draft Concept Master Plan:

"It is an awesome idea and I'm really happy that they are proposing this for Nambour"

"Great idea, we need as many safe and fun outdoor activity zones for our kids as we can provide";

Suggestions for further improvement/ expansion of the Nambour Aquatic Centre:

"Put in a learn to swim pool so it free up the other pools"

"We need at least three pools that everyone can use";

Ensure accessibility:

"Happy to see the zero depth entry to wet play area as this also allows easier access to pool for people with disabilities"

"I think it is very important to have access for people in wheelchairs and facilities with a change room that will have a table or bed that would hold an adult and a hoist";

Ensure fees and charges are affordable:

"Extra charge needs to be affordable"

"Changes need to be affordable".

Support for the Draft Concept Master Plan:

“Nambour really needs this, I can't wait to go and I might even take the grandkids”

“Awesome!!! Nambour really needs this”

“Yes yes yes. Great idea.”

Suggestions for further improvement/ expansion of the Nambour Aquatic Centre:

“I think the whole splash park addition to the pool is an excellent and much needed plan and we would certainly frequent it as a family. However I do also agree with Sheryl in that it would be a great benefit to include an additional, dedicated 15m Learn to Swim pool. ... adding a dedicated Learn To Swim pool would mean freeing up additional space for public to swim - especially younger children considering that the splash zone will mean taking out the existing smaller 1m deep pool”
