Alexandra Parade - Night Works

Crossing Locations - Alexandra Parade, Alexandra Headland

-  Temporary Road Closure - Detour in place, local traffic access only
-  Wednesday 11 March and Thursday 12 March (approx. 7pm to 12am)
-  Alexandra Parade between Mayfield Street and Mandin Street
-  Night works & Noisy Works

Project summary

The Coastal Pathway at Alex Bluff Foreshore Park is being upgraded to improve accessibility, safety and amenity along the Coastal Pathway network.

The existing 1.8-metre-wide path will be renewed and widened to a 3.5-metre shared pathway, providing a safer and more enjoyable experience for all users.

To support the Mooloolaba Triathlon Major Event and pedestrian management for the Coastal Path Upgrade minor alternations to the crossing locations will occur next week. Please see over page for more details and location of works.

Night Works

To keep everyone safe and avoid major traffic delays, some works will need to take place at night. These works include replacing the concrete islands along Alexandra Parade.

Alexandra Parade is extremely busy during the day, and closing lanes at that time would create long traffic queues and safety risks for both road users and workers.

The Department of Transport and Main Roads does not allow daytime lane closures on this road because of the high traffic volume. For this reason, these works must be carried out at night when traffic is much lighter.

This helps the project be completed more efficiently and reduces disruption for the community.

Traffic and pedestrian management

A signed detour will be in place and residents will still be able to access their properties with Traffic Controller assistance.

There will be temporary adjustments to the pedestrian path, so please follow the detour signs.

What to expect

Council will set up a signed detour and establish a work area. Noisy works are expected along with truck and construction equipment.

The work will be scheduled to minimise the duration of works and impact to adjoining residents.

Council thanks the residents and road users for your understanding and continued patience during construction and apologises for the inconvenience this may cause.

All information contained in this communication is accurate at the time of distribution however works and dates are subject to change due to circumstances outside of Sunshine Coast Council's control.
