Project number: H3898

3 September 2024

Stringybark Road Pedestrian and Cycle Bridge

Sippy Downs

September 2024 Construction update

Project construction period - early March 2024 to November 2024*

Day works - Monday to Saturday (as required), 6am to 6pm

Night works – Various dates (Sundays to Thursdays mainly) 6pm to 6am

**All works are subject to weather and construction material/equipment availability.*

Stringybark Road - spanning the Sunshine Motorway between Buderim & Sippy Downs

Sunshine Motorway - construction zone

Some changes to traffic conditions during day and night works

Construction zone reduced speed limits with speed cameras in place

Construction overview

Construction is continuing on the new Stringybark Road pedestrian and cycle bridge which is located parallel to the existing vehicle bridge.

This new three-metre-wide bridge will provide a shared pathway for bicycle riders and pedestrians, separate from vehicles.

The \$11.8 million project is proudly supported by the Queensland Government's Cycle Network Local Government Grants program and Sunshine Coast Council.

In addition to the new bridge, the pathway on the existing vehicle bridge will be removed and the bridge reconfigured to provide on-road cycle lanes on both sides.

The overall project will make it much safer for our community to walk and cycle in the area.

September construction activity

Construction is progressing well with the project approximately 50 per cent complete.

For safety reasons and to minimise inconvenience to our community during peak traffic periods, September will see day and night works take place.

Please see the details below and the map on page three for further information.

Night works 6pm to 6am

Sunshine Motorway - Monday 9 September (with possibility of Tuesday 10 September if required).

Bridge deck concrete pour

Concrete pouring is scheduled for Monday night. Depending on the progress of work an additional night may be required. The construction team will complete the works as quickly as possible. We thank our community for your understanding.

Stringybark Road - Sunday 15 September to late September on intermittent Sunday to Thursday nights mainly

Precast panel installation

Installation of precast panels to bridge.

All information contained in this communication is accurate at the time of distribution however works and dates are subject to change due to circumstances outside of Sunshine Coast Council's control.

Day works 6am to 6pm

Ongoing construction throughout September

The construction compound will remain in place on private land near the intersection of Central Drive and Stringybark Road.

Construction activity will include:

- Onsite -
 - Completion of new bridge boardwalk foundations
 - Steel support works
 - Installation of abutment protection block work
- Offsite -
 - Fabrication of the structural steel, balustrading, mesh panels and architectural elements.

What to expect during these works

Large machinery and vehicles including concrete trucks and concrete pumps will be in operation. Intermittent medium level noise can be expected.

Some pedestrian, cyclist and vehicle exclusion zones will be in place for safety reasons.

Temporary changes to traffic conditions

Traffic movements will remain OPEN on Stringybark Road and the Sunshine Motorway during the day and night with stop and go traffic control and/or detours in place at times.

During nightworks some temporary changes to traffic conditions will apply on the Sunshine Motorway including detours and/or single lane traffic each way as required.

We ask motorists to allow extra travel time on these evenings or to use alternative routes.

For your own safety and the safety of the construction team please observe all signage and traffic controllers' instructions.

Reduced speed limits remain on the Sunshine Motorway with speed cameras in operation. Infringement notices will be issued to motorists not driving to the changed conditions.

We thank you for your ongoing patience and cooperation during construction.

Keep informed

You can find further information about the Stringybark Road pedestrian and cycle bridge project, including construction notices on Council's website at www.sunshinecoast.qld.gov.au
