

Yaroomba

Yaroomba is located in the northern coastal part of the Sunshine Coast just south of Coolool Beach. Yaroomba contains part of the coastal path and has a number of beach accesses and local parks that make it a popular location for visitors and locals.

OBSERVATIONS

The parking supply in the Yaroomba beach area is made up of on-street public parking and two off-street parking areas.

Public parking

There are about 95 public spaces within a 200m radius of the informal Geeribach Lane off-street public car park (north of Birrahl Park) and about the same within a 200m radius of the Warragah Parade off-street public car park.

No time restrictions apply in the area which enables parking all day when required.

Private parking

Private parking in the area is limited to residential property parking only.

ACTIONS

There are currently no actions identified in the defined area. Council will undertake a review of parking signage and line marking, continue to monitor the performance of parking in the area and consider options to improve parking in line with the policies set out in council's Parking Management Plan.

The area is known to become busy, particularly on peak weekends around Birrahl Park and off-street car parks. However the current supply of parking together with accepting parking occurring in adjacent streets is considered to be sufficient to cater to the typical demands.
