A note from your local councillor - Cr David Law

Council's 2026–27 Budget focuses on doing the everyday jobs our community expects from local government and doing them well. I know many people are feeling stretched, so this budget keeps the focus on practical services that support daily life across Division 10.

A strong part of this year's budget is ongoing work in Nambour. More than \$3.6 million is being invested in the Namba Place Revitalisation, improving safety, access and the feel of the town centre. Alongside this, \$2.6 million is being invested in works at the Nambour Administration Building as part of the broader plan to support the town's future.

We are also funding the basics people rely on – local roads, school access, footpaths and crossings. This includes a \$2.9 million upgrade to North Arm Road and targeted improvements around Nambour and North Arm to make getting around safer and easier.

Parks and playgrounds also matter. We've set aside \$200,000 to renew the Oxleigh Heights playground, \$160,000 for the next upgrade at Con and Olive Daetz Park, and more upgrades in Mapleton, Kenilworth and Yandina.

This budget is about keeping our towns working well today, while making sensible improvements for the future.

Cr David Law
