### Construction overview

Stage Two construction is well advanced with works associated with Lonergan Lane remaining.

The next few weeks of construction works include footpaths, kerb and kerb extension works continuing along Memorial Drive, between the Emporium building and Lonergan Lane.

Landscaping works also continue including more planting in existing garden areas and installation of the remaining street furniture.

During all construction activity access remains available to businesses, sometimes via temporary ramps and footpaths.

We thank local businesses for your ongoing cooperation during the streetscape works, including forward communication to staff, customers and suppliers.
