

Construction notification

Project number: H3898

23 October 2024

Stringybark Road Pedestrian and Cycle Bridge – Sippy Downs

Traffic delays expected

Temporary changes to traffic movements – one lane closure Stringybark Road
Wednesday 23 October and Thursday 24 October 2024

Project construction period – early March 2024 to November 2024*

Day works - 6am to 6pm (Saturdays as required)

Night works - 6pm to 6am

**All works are subject to weather and construction material/equipment availability.*

Stringybark Road, spanning the Sunshine Motorway between Buderim and Sippy Downs
Sunshine Motorway, construction zone

Some changes to traffic conditions during day and night works, as follows:

24/7 Sunshine Motorway – construction zone reduced speed limits with speed cameras in place

24/7 Stringybark Road – construction zone reduced speed limits

Temporary lane closure – delays expected

Wednesday 23 October 6am to 5pm

Thursday 24 October 9am to 5pm

For safety reasons a temporary lane closure will be in place at various times today and tomorrow, on the southbound lane (towards Sippy Downs) of Stringybark Road, between Toral Drive to Central Drive.

During these times, one direction of traffic will be operating only at any one time, with temporary traffic signals in operation.

This lane closure is required to accommodate a large crane which is lifting heavy, pre-cast concrete panels into place to make up the new bridge's boardwalk.

Please refer to Figure 1 over page for location of closure.

We ask our community to please allow an additional 10-15 minutes of travel time this afternoon (Wednesday) and tomorrow (Thursday) or to avoid the area if possible.

Reduced speed limits remain in place on Stringybark Road and the Sunshine Motorway with speed cameras in operation. Infringement notices will be issued to motorists not driving to the changed conditions.

We thank you for your ongoing patience and cooperation during construction as we near completion of the new bridge.

Keep informed

You can find further information about the Stringybark Road pedestrian and cycle bridge Project, including construction notices on Council's website at www.sunshinecoast.qld.gov.au or email: stringybarkbridge@sunshinecoast.qld.gov.au.

All information contained in this communication is accurate at the time of distribution however works and dates are subject to change due to circumstances outside of Sunshine Coast Council's control.
