

Glossy-black Cockatoo

Rainbow Lorikeet

Brown Honeyeater

## When visiting our reserves **please remember**

- \* All native wildlife and plants in our reserves are protected.
- \* Do not feed wildlife.
- \* Stay on the formal paths around the lake edge.
- \* Dispose of rubbish in the bins provided or take it home with you for disposal.
- \* Dogs are welcome in the reserves but should be on leash.
- \* Cyclists should allow adequate space for people walking along the paths in the area.
- \* Canoes and other non-motorised watercraft should be launched from the designated canoe facilities. Motorised watercraft should be launched from the boatramps provided.
- \* Use of other areas on a regular basis can cause bank erosion.
- \* Take care and supervise children when using our canoe and lakeside paths.

# Currimundi Lake **bird checklist**

White-faced Heron

## Sunshine Coast Council

For further information please contact council's Customer Service Centre on (07) 5475 7272 or the website on [www.sunshinecoast.qld.gov.au](http://www.sunshinecoast.qld.gov.au)

If you enjoy using the Currimundi Lake canoe, cycling and walking trails, you may see over 50 species of birds in the different remnant bushland ecosystems and open parkland.

This checklist can help you identify some of the most commonly seen species.

## Species List:

- |                                                                                      |                                                                                                      |
|--------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> Australian Darter – <i>Anhinga melanogaster</i>             | <input type="checkbox"/> Pale-headed Rosella – <i>Platycercus adscitus</i>                           |
