

Construction notification

Project number: ITT256

9 February 2026

First Avenue Upgrade, Maroochydore

Translink Bus Stop relocation, Route 600

From 20 February 2026 for approximately 12 months

Temporary bus stop located at 'Focal Point' building (vicinity of 18 Second Avenue)

Translink Route 600 Bus Service changes

During upcoming construction works for the First Avenue Upgrade project, some temporary bus route changes are required for our community's safety and convenience.

The southbound [Translink Route 600 Bus Service](#) will be diverted along Second Avenue, for a period of approximately 12 months, starting from 20 February 2026.

For our community's comfort, a temporary bus stop will be constructed adjacent to the 'Focal Point' building, in the vicinity of 18 Second Avenue.

Construction will start from Monday 9 February 2026 with the bus stop expected to be operational from the first morning service on 20 February 2026.

To allow safe traffic movements for the bus and passengers, and accommodate the temporary bus stop, three on-street parking bays and a small tree will be removed from this area.

When the First Avenue project's construction progress permits, the northbound Route 600 will return to First Avenue, at which time the Second Avenue temporary bus stop will be removed, and the three parking bays and tree reinstated.

The permanent southbound bus stop will be located on The Esplanade near First Avenue.

Signage will direct bus passengers to the alternate temporary stop.

For further information regarding planning your bus journey use any of the **Translink** links below:
