

## **Brisbane Road Upgrade**

**Stage 2, Zone A**  
**Mooloolaba Transport Corridor Upgrade**

Project number: H3747

### **Temporary changes to traffic conditions**

#### **Brisbane Road, Mooloolaba**

**Wednesday 28 July, 7am – 5pm**  
**All works weather and site conditions permitting**

#### **About these works**

As part of the Brisbane Road upgrade, power infrastructure is being improved.

On Wednesday 28 July between 7am and 5pm Energex will be installing power poles and relocating overhead power lines along Brisbane Road.

To safely undertake these works and protect the community, some temporary changes to traffic conditions are required.

Energex has made direct contact with relevant properties about temporary power outages taking place between 8.00am and 3.30pm. If you have not already been contacted by Energex your power supply will remain.

More Energex works will be required in future. We will provide you with advance notice of these works, including any changes to power supply.

#### **What to expect during these works?**

Nearby residents and business can expect intermittent, medium level noise and the operation of heavy machinery including crane lift and elevated platform trucks and vacuum excavation equipment.

For safety reasons, exclusion zones will be applied around live overhead powerlines.

Some properties will experience temporary power outages as previously advised directly by Energex.

#### **Temporary changes to traffic conditions**

On street parking will be temporarily unavailable on Brisbane Road between Foote Street and Kyamba Court.

One lane of traffic will be operating on Brisbane Road between Kapala Street and Kyamba Court. Stop and Go traffic control will switch the direction of traffic as required.

Kapala Street will be closed to through traffic from Brisbane Road with detours via Tarcoola Avenue. Access to the Mooloolaba Bowls Club and the Mooloolaba Junction Convenience Centre will be via Tarcoola Avenue.

Please allow an extra 10-15 minutes of travel time.

See the map on page 2 for details.

#### **Temporary relocation of bus stops**

The TransLink bus stops on Brisbane Road adjacent to the Mooloolaba Bowls Club and Mooloolaba Central Motel (stops #301698 and #301699 – Routes 600, 611 and 615) will be temporarily relocated along Brisbane Road, just north of Tarcoola Avenue and Foote Street.

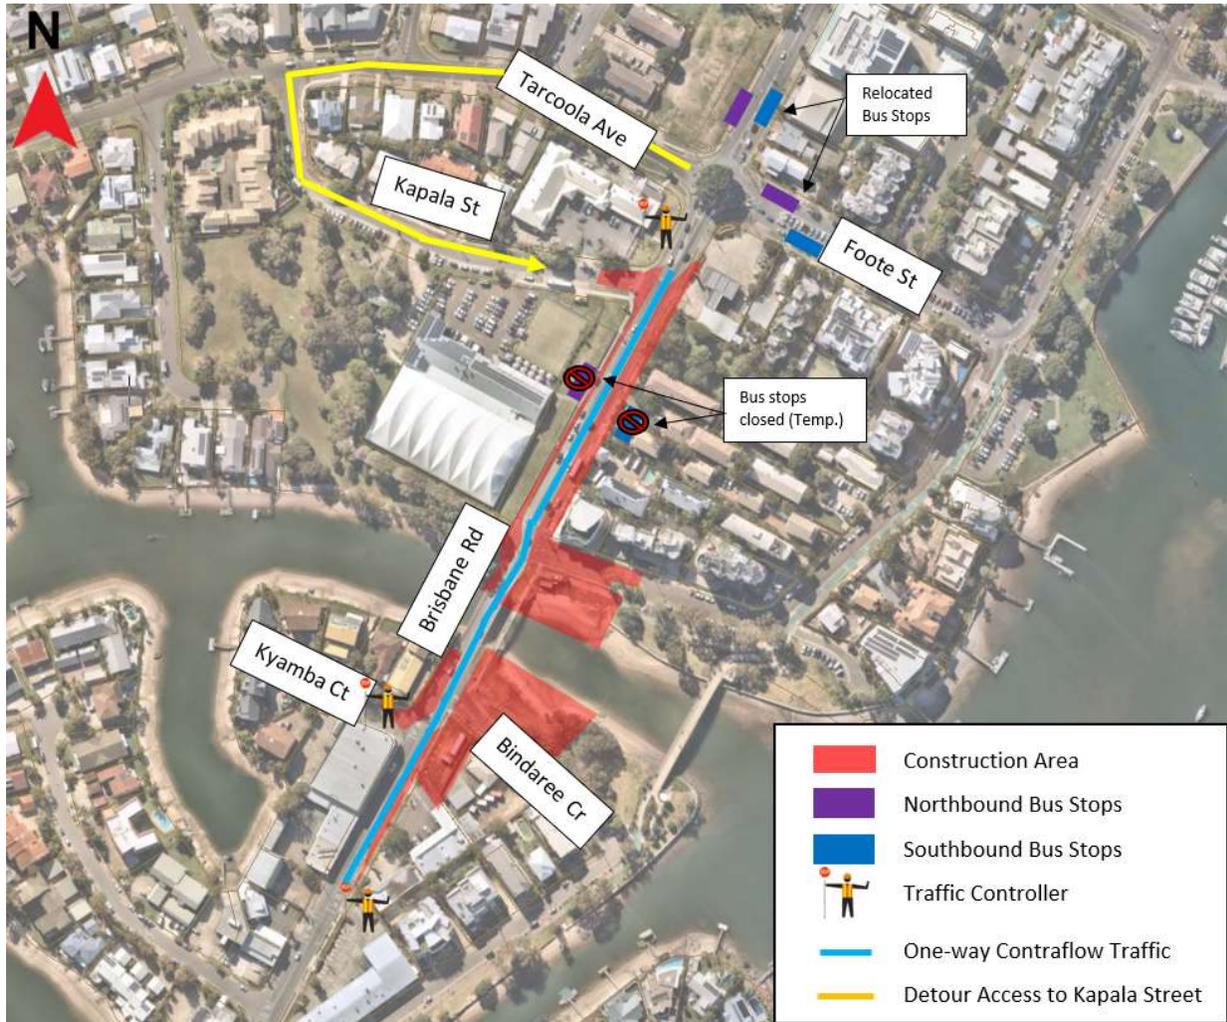

Signage will be in place to assist bus passengers. See the map on page 2 for details.

#### **Access to homes and businesses**

Access will remain available for local residents and staff and customers of businesses. Traffic control will assist as required.
