

Mooloolaba Foreshore Revitalisation

2 October 2025

Stage Two Construction Notification

Stage Two of the Mooloolaba Foreshore Revitalisation Project includes the Central Meeting Place and Southern Parkland seawall replacement.

It features more beachfront parkland, new community facilities, improved access for people of all abilities to the beach, foreshore, businesses and enhanced coastal protection.

During construction, access remains to Mooloolaba Beach (including a surf lifesaver patrolled and flagged swimming area), businesses, the Surf Club, hotels, beach volleyball courts, local streets (sometimes with detours), on street parking, PWD Parking and loading bays (sometimes in different locations).

For our community's convenience additional temporary amenities (showers and toilets) can be found at Beach Terrace and Arthur Parkyn Park.

Last month's activity completed- September 2025

- Vegetation relocation works (pandanus and palms).
- Partial demolition of the existing seawall – moving from the Surf Club, northwards.
- Start of new seawall foundation piling.

This month's activity - October 2025

- Ongoing demolition of the existing seawall – moving from the Surf Club, northwards.
- Ongoing new seawall foundation piling.

- Additional temporary toilets on Beach Terrace due to high demand. This will involve substituting the four 'portaloo's' for a six cubical semi-demountable facility.

Stage 2 construction and seawall foundation piling rig.

December 2025 - January 2026 peak season construction shut down

From Saturday 20 December to Sunday 11 January (inclusive) all construction activity will pause. For our community's safety the fenced construction area will remain with current access to the beach and businesses in place.

Site considerations

At times scheduled construction activity may need to change to take advantage of better weather, or access conditions. Construction activity will generally be from Monday to Friday, 7am to 5pm. For weekend or night works advance notice will be provided.

Construction noise in Queensland is regulated under the Environmental Protection Act 1994 and all construction noise will be within permissible levels.

Mooloolaba Foreshore Revitalisation

Mooloolaba a hive of activity

With sunny days, perfect beach weather and school holidays in full swing, Mooloolaba is alive with energy.

Congratulations to all participants of the recent IRONMAN 70.3 Sunshine Coast event — next year's race is set for September 13, 2026.

We're also excited to welcome the first cruise ship of the season on October 9!

Looking ahead, the Mooloolaba Tri returns on March 14–15, 2026.

As always, please continue to support local businesses during construction.

Visit the Discover Mooloolaba [webpage](#) for information about shopping, dining, events and accommodation.

Cruise ship docked off Mooloolaba.

Four hours free parking

During Stage Two construction, the first four hours of parking are FREE at the PARKnGO Mooloolaba Central car park.

More than 700 parking spaces (including PWD Parking), 54 motorcycle spaces and 50 bicycle spaces are available. Visit the PARKnGO [webpage](#) to learn more.

Keep updated on the project

To help keep our community informed, regular emailed construction updates will be issued to all [subscribers](#) and published on the project's [web page](#).

The project team will continue to liaise directly with businesses as applicable.

Contact the project team

If you have any questions about these works you can contact the project team via:
