

## **Brisbane Road Upgrade**

**Stage 3, Zone E**

**Mooloolaba Transport Corridor Upgrade**

Project number: H3747

### **Walan Street (between Smith Street and Brisbane Road) water main works**

**Wednesday 4 August to Wednesday 11 August 2021 (inclusive) 6am – 6pm**

**All works weather and site conditions permitting**

#### **About these works**

As part of the Brisbane Road Upgrade several underground services are being upgraded including mains water, storm water, power and telecommunications.

From Wednesday 4 August to Wednesday 11 August 2021 a section of the new water main, between Smith Street and the Brisbane Road-Walan Street intersection, will be installed.

These works have been brought forward to take advantage of the reduced numbers of residents and visitors circulating in the community due to the current lockdown conditions. Construction activity of this nature is classified as essential works.

#### **What to expect during these works?**

For safety reasons the site will be fenced and screened.

Nearby residents and businesses can expect intermittent, medium level noise including the operation of construction vehicles and machinery.

Some temporary changes to access will take place at the Pandanus holiday and residential building and adjacent businesses.

See below for more details. No interruption to water supply is expected.

#### **Temporary changes to traffic conditions**

Pedestrian access to the Pandanus holiday and residential building at 15-21 Smith Street will be available from the main Smith Street entry only. For safety reasons the Walan Street access will be temporarily unavailable during these works.

Access to other businesses in this section will remain available if they are trading during the lockdown period/s.

Traffic control will be in place as required to accommodate the safe delivery of materials and machinery.

Pedestrians will be redirected to alternative pathways as required.
