

## Blast Notification Image Flat Quarry

June 2025

### SUBSCRIBE FOR E-NOTIFICATIONS

See details overleaf about subscribing to **email notifications** for Image Flat and Dulong Quarry rock blasts and truck haul campaigns (commencing 1 July 2025).

Sunshine Coast Council's quarries are located at Image Flat and Dulong. Image Flat quarry has been in operation since the 1960s, and Dulong since the 1970s. Rock product is extracted from Image Flat and Dulong quarry sites through blasting activities using explosives to break the rock. Today these quarries supply premium quality rock products for the construction, maintenance and repair of the region's 2597km of sealed roads and 474km of unsealed roads. Council and ratepayers receive significant savings using material from Image Flat and Dulong quarries.

### Upcoming rock blast activity

Council wishes to share information about an upcoming rock blast scheduled to occur at Image Flat Quarry. Blasting is undertaken by qualified service providers to extract rock product for supply to council projects, road maintenance and external commercial contractors.

**Date:** Thursday 3 July 2025

**Location:** 178 Image Flat Road, Image Flat

**Timeframe:** Blasting will occur between 9.00am and 3.00pm, accounting for weather and site conditions on the day which may cause unforeseen delays.

Property owners in the vicinity are reminded to ensure adequate measures are in place for household occupants, animals and livestock on the day of the blast. Council appreciates understanding and cooperation from the community as we work to ensure the safe and efficient operation of Image Flat Quarry.

### Vibration and noise information

Ground vibration and air overpressure (noise) may occur from blasting activities where best practice blasting techniques are applied to minimise disturbance where possible. Noise limitations are specified by Environmentally Relevant Authority (ERA) Permit EPPR00777413 issued by the Department of Environment and Science. Council's qualified external blasting contractors operate blast activities within compliance guidelines set by the Department of Environment and Science for conditions of environmental authorities issued under the *Environmental Protection Act 1994*.

### More information

Further information about quarry blast planning and management, as well as quarry operations and quarry products, are available on Council's website at [www.sunshinecoast.qld.gov.au/living-and-community/quarry-services](http://www.sunshinecoast.qld.gov.au/living-and-community/quarry-services)

#### QUARRY BLAST 3 JULY 2025

See details overleaf regarding blast activity scheduled for Thursday 3 July 2025 at Image Flat Quarry.

As part of our commitment to sustainability, we are pleased to advise we are moving to emailed notifications for Image Flat Quarry and Dulong Quarry announcements.

From 1 July 2025, we will no longer deliver printed notifications of quarry operations to residents. Instead, we will email notifications of operational updates to subscribers as part of our ongoing efforts to improve communication, maximise productivity, and deliver service excellence.

Email notifications will relate to quarry blasts, truck haul campaigns, and operational announcements relating to Image Flat Quarry and Dulong Quarry.

### Opt in for email notifications

To receive these ongoing quarry-related notifications, you can opt in by subscribing:

- **Scan the QR Code below** using the camera function on your mobile phone or tablet and input your email address to subscribe, or
- Search on Council's website for "Quarry services" and follow the steps to input your email address to subscribe.

### Scan this QR Code to opt in for email notifications

### Please note

- People who opt in for email notifications can unsubscribe at any time.
- From 1 July 2025 we will no longer deliver printed notifications of quarry operations to residents. If you cannot access emailed notifications and require a printed notification, please request this service by calling (07) 5475 7272.
- Please share this project news with family and friends who may need to receive these notifications. We also ask property owners and landlords to share this information with tenants.
- Some providers may filter emails from Sunshine Coast Council as spam. Please regularly check your spam/junk folder for possible notifications of interest.
- If you have additional questions which cannot be answered by the website below, please contact us by submitting a request online via [www.sunshinecoast.qld.gov.au/council/contact-council](http://www.sunshinecoast.qld.gov.au/council/contact-council) or email us via [Customer.Service@sunshinecoast.qld.gov.au](mailto:Customer.Service@sunshinecoast.qld.gov.au)

### Further information available on Council's website

#### Quarry Services webpage

Council's Quarry Services webpage provides further information and updates about quarry operations, products, and services [www.sunshinecoast.qld.gov.au/living-and-community/quarry-services/operations-and-community-information](http://www.sunshinecoast.qld.gov.au/living-and-community/quarry-services/operations-and-community-information)
