

1. What is an Approved Contractor (Maintenance)?

The Prescribed Waste Infrastructure Standard (PWIS) stipulates that only an Approved Contractor may design, construct, install, commission, and maintain the private pneumatic waste infrastructure for the Automated Waste Collection System (AWCS). The scope of this application is for the maintenance function only, i.e. Approved Contractor (Maintenance).

An Approved Contractor (Maintenance) can maintain the private pneumatic waste infrastructure for buildings. The minimum maintenance standards for private pneumatic waste infrastructure are stated in Schedule 12 of the PWIS. Maintenance must be undertaken in accordance with any relevant Prescribed Waste Infrastructure Consent.

An appointment as an Approved Contractor (Maintenance) is not a pre-qualification to supply maintenance services to Sunshine Coast Council nor is it an endorsement by Sunshine Coast Council. The Approved Contractor (Maintenance) is a requirement of the PWIS and is in place for the success of the AWCS in the Maroochydore City Centre to ensure contractors are appropriately qualified.

Submit this Form for application to be appointed as an Approved Contractor (Maintenance). Note the following:

- The Applicant is to be a company or an individual and, where successful, will be the appointed party.
- Appointment as an Approved Contractor (Maintenance) does not guarantee the appointee will be commissioned/engaged to undertake work or that any works will be endorsed as compliant with the PWIS.
- Applicants must submit information to demonstrate that the criteria for appointment as an Approved Contractor (Maintenance) is met. The 'Qualifications and Endorsement Criteria' are outlined in the declaration included as Annexure A to this application. Be sure to complete your application in full and supply the documents nominated.
- Sunshine Coast Council is the Waste Infrastructure Authority for the receipt and assessment of applications for appointment as an Approved Contractor (Maintenance).
- If an application is successful a Notice will be issued to the applicant confirming the appointment.
- More information about the Automated Waste Collection System can be found on council's website:
