January 2014

### FINANCIAL PERFORMANCE REPORT

#### HEADLINE - COMMENTARY

#### Income & Expense Statement

Council's financial results at 31 January 2014 shows the organisation with a \$3.7 million higher than forecasted operating position against the year to date budget. This operating result variation is made up of operating revenue being \$4.8 million higher than the year to date budget, along with operating expenses being \$1.1 million higher than the year to date budget.

#### **Operating Revenues**

The January rate run has resulted in an unfavourable variance of \$716,000. It is anticipated that this variance relates to lower than forecasted growth.

Of the \$3.1 million favourable variance in fees and charges, \$2.2 million relates to development applications, with the volume being approximately 14% higher in 2013/2014 than compared to same time in 2012/2013.

Of the \$1.6 million favourable variance in other revenue, \$800,000 relates to a refund from the Office of State Revenue for over charged payroll tax.

#### **Operating Expenses**

The unfavourable variance in operating expenses of \$1.1 million relates to employee costs \$1.2 million in Sunshine Coast Council employee costs were spent on de-amalgamation activities up to 23 December 2013. This amount has been refunded to SCC and will be reflected as revenue to offset this overspend in the February financial report.

#### Capital Expenditure

As at 31 January 2014, \$86.2 million (46.6%) of council's \$185 million 2013/2014 Capital Works Program was financially expended.

#### HEADLINE - RISKS

#### Income & Expense Statement

1. General Rates growth - lower than anticipated growth of rateable properties of 1.0% against forecast of 1.5%. This approximately equates to lower revenue than budgeted

2. Financial Assistance Grant - during 2012/2013 more than one half of the grant (\$6.3 million) was paid early into June 2012. This prepayment has created a budget impact of \$2.1 million in the current 2013/2014 budget.

3. Organisation Review - \$4.7 million net savings loaded into the budget.

4. De-amalgamation - risk that not all costs associated with the de-amalgamation are being charged to Noosa Shire Council.

5. Employee Vacancy Factor - \$4.4 million loaded in the budget. May be difficult to achieve this saving along with Organisation Review.

6. the risk that the State Government will transfer SPER debt back to local councils, who will then have to manage their own debt collection
