### COUNCILLOR COMMENT

On behalf of the Conondale Valley Association I request assistance with funding for the Black Spot TV Tower in Conondale. The estimated cost to maintain this service to the residents of Conondale is around \$10,000, the provision of these funds would keep the tower operating until March 2013. Costs involved in providing the service include Insurance, electricity, tower

rental, transmission license and general maintenance of the equipment. At the present SBS is unavailable to the community due to lack of funds to rectify problems with the heating in the Transmitter.

The Tower provides a very valuable service to the Conondale community as well as to the residents in the Curramore, Reesville and Witta areas.
