PROPOSAL

The Finance Branch facilitated and coordinated with managers and team leaders the review of general cost-recovery fees and commercial charges for the annual budget process.

The general principal in setting general cost-recovery fees and commercial charges is that the costs of services should be borne by those who benefit from them.

Cost-recovery fees covered under Section 97 of the *Local Government Act 2009* are required to be set equal or less than cost of providing that service.

Charges which are commercial in nature come under Section 262(3)(c) of the *Local Government Act 2009*. Commercial charges could be set with commercial considerations generally being increased by the budget fee increase parameter of 2%.

Legal

Local Government Act 2009:

- Section 97 Cost-Recovery Fees
- Section 98 Register of Cost-Recovery Fees
- Section 262(3)(c) Commercial Charges

Local Government Regulation 2012:

- Section 172 Revenue Statement
- Section 193 Revenue Policy.

A New Tax System (Goods and Services Tax) Act 1999.

Policy

General Cost-Recovery Fees and Commercial Charges are adopted by Council each financial year and can be amended during the year if need be. Authority to amend cost-recovery fees lies with Council while the authority to amend commercial fees may be delegated to the Chief Executive Officer.

Risk

Where user charges do not meet the cost of providing the service, subsidy from general rates will be required, which may risk the achievement of a balanced operating result.
