

NOTICE OF MOTION

SUBMITTED BY COUNCILLOR: Tim Dwyer

COUNCIL MEETING: Ordinary 11 December 2014

I hereby notify of my intention to move the following motion at the Ordinary Meeting to take place on Thursday 11 December 2014.

That Council request the Chief Executive Officer to:

A) Prepare a report to facilitate the introduction of a required "Information Sheet" for food businesses with outdoor dining permits.

B) Said "Information Sheet" in A) to display information associated with the rules introduced by FSANZ/State Government in relation to dogs in eating establishments,

C) The information from B) be constructed such that all stakeholders have convenient access to information and hence clarity as to how these rules allow compliance with, and accurately relate to, the cafe/restaurant/eating establishment, where the "Information Sheet" is displayed.

The report is to consider the following:

1. Clear and unambiguous information being provided such that there is no confusion nor doubt about the rights of all stakeholders, no matter the status of that stakeholder in relation to dog ownership or otherwise.
2. An outcome required is to ensure the information allows all stakeholders to make informed decisions about their dining/eating preference, due to the information provided having the intent/objective of settling any dispute that may arise where the rights of any stakeholder are in question.
3. The CEO consider and subsequently facilitate an amendment if/where required to Sunshine Coast Council Local Law or Subordinate Local Law to ensure the introduction of the "Information Sheet" is underpinned by governance principles that give lawful/legal conveyance of this initiative.
4. That the introduction of the "Information Sheet" be considered in line with the timing of Council's Annual Financial Plan(Budget), and/or requests for outdoor dining permits, and/or the renewal of outdoor dining permits, and/or requests for an amendment to the provisions of an outdoor dining permit, or

any other situation needing consideration to help meet the objective of this Motion.

5. That consideration is given to Council's Schedule of Fees and Charges, and wherever possible, the introduction of the "Information Sheet" be done in a such a manner that is considerate and innovative, when considering any financial implications relating to this Motion.
