

**To the Resident****New Pathway – Cooinda Crescent, Maroochydhore****Project summary**

Sunshine Coast Council will be constructing a new footpath along the eastern side of Cooinda Crescent, Maroochydhore.

The new footpath will span from the Homemaker Centre carpark 160 metres along Cooinda Crescent.

This is part of a staged project to connect the Homemaker Centre to the existing footpath at Boongala Terrace.

Please refer to figure 1 overleaf for the location of this project.

**Start date**

Works have been scheduled to start Monday 20 November 2023 and will be completed within two weeks.

Three trees will be removed to safely accommodate the new footpath. As part of Council's commitment to sustainability, a total of five trees will be planted as an offset.

**Property access and parking**

Property access should not be affected during works. However, if the contractor does require access, then property owners will be notified in advance.

**Traffic management**

It may be necessary to close the road shoulder to ensure safe access to the work site. On-street parking may be limited while works are underway.

Thank you for your patience while we deliver these necessary works to improve safety and connection.

**Further information**

For further information about this project please contact council's project officer, Francisco Zaldivar de Alba on the details below (please quote K5478 Cooinda Crescent – New Footpath, Maroochydhore).

**A note from your local councillor**

It's great to see the construction of this footpath, giving the community even more connection to existing pathways. Mobility and accessibility are so vital and this new section of footpath will improve access to the Homemaker Centre, increasing pedestrian safety and mobility options for the community.
