

Project number: H3732

Caloundra Transport Corridor (CTCU) Upgrade

-  Underground and above ground services location works (Public Utility Plant works)
-  Late August to late September/early October 2023 (day and night works) *Weather permitting*
-  Various locations along Bowman Road, Gosling Street, Oval Avenue, and Third Avenue, Caloundra
-  Traffic control in operation as required

Works overview

As part of the Caloundra Transport Corridor Upgrade (CTCU) project, underground and above ground services location works are continuing.

These works are taking place at various locations along the CTCU route until late September/early October 2023.

Work areas include the following: Bowman Road, Gosling Street, Oval Avenue, and Third Avenue.

Some work may be done at night or during weekends to minimise inconvenience to our community and/or to take advantage of reduced traffic volumes.

What to expect during these works

These works are being carried out by experienced professionals using specialist equipment and machinery. All relevant permits are in place. The works will produce moderate noise.

Traffic control will be in place as required for safety reasons. Please allow an extra five minutes of travel time during this period.

Register for project updates and/or contact the project team
