CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

Part 1 Preliminary

1 Short title

This subordinate local law may be cited as *Subordinate Local Law No. 1 (Administration) 2016*.

2 Purpose and how it is to be achieved

- (1) The purpose of this subordinate local law is to supplement *Local Law No. 1 (Administration) 2011*, which provides for a legal and procedural framework for the administration, implementation and enforcement of the local government's local laws, subordinate local laws and other regulatory powers, and for miscellaneous administrative matters.
- (2) The purpose is to be achieved by providing for—
 - (a) various matters regarding the granting of approvals for prescribed activities; and
 - (b) further specification of the definitions relevant to various prescribed activities.

3 Authorising local law

The making of the provisions in this subordinate local law is authorised by *Local Law No. 1 (Administration) 2011* (the **authorising local law**).

3A Repeal of Subordinate Local Law

Subordinate Local Law No.1 (Administration) 2011 is repealed.

4 Definitions

- (1) Particular words used in this subordinate local law have the same meaning as provided for in schedule 1 (Dictionary) of *Local Law No. 1 (Administration) 2011*.
- (2) Additionally, in this subordinate local law—

family of a deceased person includes—

 - (a) a spouse of the deceased; and
 - (b) a guardian of the deceased; and
 - (c) brothers and sisters of the deceased, or of a spouse of the deceased; and
 - (d) ascendants and descendants of the deceased, or of a spouse of the deceased.

funeral director means a person who carries on the business of disposing of human remains and, if a person who carries on that business is not engaged in a particular case, includes the person who actually undertakes the disposal of the human remains.

goods on footpath means the use of part of a road (for example, the public footpath) for the purposes of extending the area in which an existing retail business displays goods for sale to the public.

outdoor dining means the use of part of a road (for example, the public footpath) or a local government controlled area for the purposes of extending the services of premises providing food and beverages to the public.

Examples of premises providing food and beverages to the public—
Cafes, restaurants, delicatessens, takeaways.

prescribed times means—

- (a) on a business day or Saturday, before 6.30 a.m. or after 6.30 p.m.; or
- (b) on any other day, at any time.

roadside stall means a small-scale semi-permanent structure that is—

- (a) constructed along the boundary line of a rural property for the purpose of selling farm produce (such as fruit and vegetables) that has been grown on that property or products (such as jams) made from produce grown on that property; and
- (b) either partly or wholly within the road reserve.

Part 2 Approvals for prescribed activities

5 Categories of prescribed activities for the purposes of maximum penalties—Authorising local law, s 6(4)

For section 6(4) of the authorising local law, it is declared that—

- (a) the prescribed activities listed in part 1 of schedule 1 are category 1 activities; and
- (b) the prescribed activities listed in part 2 of schedule 1 are category 2 activities; and
- (c) the prescribed activities listed in part 3 of schedule 1 are category 3 activities.

6 Approvals that are non-transferable—Authorising local law, s 15(2)

For section 15(2) of the authorising local law, it is declared that the categories of approval listed in schedule 2 are non-transferable.

7 Public place activities that are prescribed activities—Authorising local law, schedule 2, part 2

For the purposes of paragraph (q) of the definition of *undertaking regulated activities on local government controlled areas and roads* in part 2 of schedule 2 of the authorising local law, the undertaking of a public place activity listed in schedule 3 is a prescribed activity.

8 State-controlled roads to which stated local laws apply—Authorising local law, schedule 1

- (1) For the purposes of the definition of *road* in schedule 1 of the authorising local law, all State-controlled roads in the local government area that are in operation at the commencement of this provision are roads to which the following local laws apply, unless otherwise provided in the local law—

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (a) the authorising local law, in relation to the following prescribed activities only—
 - (i) commercial use of local government controlled areas and roads; and
 - (ii) placement of movable advertising devices, but only in relation to prescribed advertising devices; and
 - (b) *Subordinate Local Law No. 4 (Local Government Controlled Areas, Facilities, Infrastructure and Roads) 2011*, schedule 1, in relation only to the prohibited activity, ‘park or stand a vehicle that is advertised for sale’; and
 - (c) *Subordinate Local Law No. 4 (Local Government Controlled Areas, Facilities, Infrastructure and Roads) 2011*, schedule 2, in relation only to the restricted activity, ‘camp’.
- (2) In this section—
- prescribed advertising device* means the following advertising devices as defined in the *Roadside Advertising Manual: Technical Volume* published by the State Government—
- (a) miscellaneous advertising devices (< 4 m²);
 - (b) on-premise advertising devices, except billboards (> 4 m²);
 - (c) advertising devices on passenger transport shelters and seats.

9 Matters regarding prescribed activities—Authorising local law, s6(3), 8(2)(a), 9(1)(d), 10(3), 13(a), 14(2)(a)

- (1) For each prescribed activity, a schedule prescribes the matters specified in this section for the prescribed activity named in section 1 of the schedule.
- (2) For section 6(3) of the authorising local law, it is declared that section 6(2) of the authorising local law does not apply to an activity stated in section 2 of the schedule relating to the prescribed activity.
- (3) For section 8(2)(a) of the authorising local law, the documents and materials that must accompany an application for approval for the prescribed activity are stated in section 3 of the schedule relating to the prescribed activity.
- (4) For section 9(1)(d) of the authorising local law, the local government may only grant an approval for a prescribed activity if it is satisfied the proposed operation and management of the activity would be consistent with the additional criteria prescribed in section 4 of the schedule relating to the prescribed activity.
- (5) For section 10(3) of the authorising local law, the conditions that must be imposed on an approval for a prescribed activity are stated in section 5 of the schedule relating to the prescribed activity.
- (6) For section 10(3) of the authorising local law, the conditions that will ordinarily be imposed on an approval for a prescribed activity are stated in section 6 of the schedule relating to the prescribed activity.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (7) For section 13(a) of the authorising local law, the term of an approval for a prescribed activity is provided for in section 7 of the schedule relating to the prescribed activity.
- (8) For section 14(2)(a) of the authorising local law, the further term for renewal or extension of an approval for a prescribed activity is provided for in section 8 of the schedule relating to the prescribed activity.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

Schedule 1 Categories of prescribed activities for the purposes of maximum penalties

section 5

Part 1 Category 1 activities¹

This part has been intentionally left blank.

Part 2 Category 2 activities²

- 1 alteration or improvement to local government controlled areas and roads
- 2 building removal
- 3 commercial use of local government controlled areas and roads
- 4 establishment or occupation of a temporary home
- 5 keeping of animals
- 6 operation of accommodation parks
- 7 operation of temporary entertainment events
- 8 placement of movable advertising devices
- 9 undertaking regulated activities regarding human remains
- 10 undertaking regulated activities on local government controlled areas and roads
- 11 causing building site delivery noise
- 12 causing building work noise
- 13 temporary placement of a shipping container

Part 3 Category 3 activities³

- 1 operation of an amplified music venue within a special entertainment precinct

¹ Category 1 activities attract a maximum penalty of ½ penalty unit (section 6(2)(b), authorising local law).

² Category 2 activities attract a maximum penalty of 50 penalty units (section 6(2)(c), authorising local law).

³ Category 3 activities attract a maximum penalty of 400 penalty units (section 6(2)(d), authorising local law).

Schedule 2 Categories of approval that are non-transferable

section 6

This schedule has been intentionally left blank.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

Schedule 3 Public place activities that are prescribed activities

section 7

This schedule has been intentionally left blank.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

Schedule 4 Alteration or improvement to local government controlled areas and roads

section 9

2 Prescribed activity

Alteration or improvement to local government controlled areas and roads.

3 Activities that do not require approval under the authorising local law

(1) An approval under the authorising local law is not required for the following activities—

- (a) vegetation maintenance by a person on a road verge immediately adjacent to the person's property provided the maintenance is not likely to create a risk to the safety of pedestrian and vehicular traffic;
- (b) installation beside a road of a memorial comprising only a white cross;
- (c) compliant planting on a road verge;
- (d) minor adjustments or repairs to existing memorials in a local government cemetery, provided—
 - (i) the person wishing to undertake the adjustments or repairs has submitted a Notice of Intention in the approved form; and
 - (ii) an authorised person has not raised any objection to the proposed adjustments or repairs.

(2) In this schedule—

compliant planting on a road verge means the planting of vegetation where—

- (a) planting involves only vegetation listed in the *Road Verge Planting List* available on the local government's website; and
- (b) the activity meets all the requirements listed in the *Planting Vegetation on Council-Controlled Road Verge Fact Sheet 'Appendix A: Self-Assessment Criteria'* available on the local government's website.

Examples for paragraph (b)—The fact sheet may include criteria such as:

- maintaining a pathway of a nominated width for pedestrians using the road verge;
- maintaining a clear area of a nominated width from the edge of the road surface for persons exiting vehicles;
- maintaining vegetation at a maximum height in nominated parts of the road verge.

planting includes ongoing maintenance of vegetation that has been planted.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

road verge means the part of the road⁴ area between the edge (for example, the kerb) of the trafficable surface and the outer boundary of the road area (for example, an adjoining property frontage).

vegetation maintenance means mowing, slashing or edging of grass, weeding, watering or harvesting produce.

4 Documents and materials that must accompany applications for approval

- (1) An application of the type mentioned in column 1 of table 1 to this schedule must be accompanied by the documents and materials specified in the corresponding part of column 2 of table 1.

Table 1 – Documents and materials that must accompany particular applications

Column 1 Type of application	Column 2 Documents and materials that must accompany the application
All applications	(a) a site plan showing the relevant part of the local government controlled area or road that is to be used for the prescribed activity, prepared in accordance with the requirements in the application form; and (b) specifications regarding the work to be undertaken and materials and equipment to be used.
Applications to plant vegetation	(a) a ‘Dial Before you Dig’ notification (showing no conflict with underground utilities); and (b) photographs of the proposed location of the activity; and (c) proof of consent from immediate neighbours; and (d) a landscape plan showing measurements between the property boundary and the road surface, the size of the garden and plant locations; and (e) if the applicant is an occupier and not the owner of property adjacent to a road verge where the activity will be undertaken—proof of consent from the owner of the property; and (f) if the application relates to a road verge and the property adjacent to the road verge comprises multiple dwellings—proof of consent from the body corporate.

⁴ See definition of **road** in *Local Law No.1 (Administration) 2011*, schedule 1.

Column 1 Type of application	Column 2 Documents and materials that must accompany the application
Applications to clear vegetation or install or alter infrastructure	(a) a ‘Dial Before you Dig’ notification for activities that may pose a hazard to underground utilities; and (b) specifications regarding the work to be undertaken and materials and equipment to be used; and (c) photographs of the proposed location of the activity; and (d) proof of consent from immediate neighbours; and (e) if the applicant is an occupier and not the owner of property adjacent to a road verge where the activity will be undertaken—proof of consent from the owner of the property; and (f) if the application relates to a road verge and the property adjacent to the road verge comprises multiple dwellings—proof of consent from the body corporate.
Applications to erect or install a memorial, columbarium, mausoleum or vault	(a) particulars of the deceased and the relationship of the applicant to the deceased; and (b) written consent of the holder of the burial rights; and (c) details of— (i) the funeral director/agent (as applicable); and (ii) the size of the container holding the ashes (if applicable); and (iii) the burial site, wall, niche number, or other place in which the memorial is to be erected or installed; and (iv) the nature and dimensions of the proposed memorial; and (v) the stone mason or monumental company (as applicable); and (d) documentation providing for the maintenance and repair of the structure; and (e) if the structure is not to be maintained by the local government under the terms of an agreement—written authority for the local government to demolish and remove the structure if it falls into disrepair.

(2) In addition, all applications for approvals must be accompanied by—

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (a) a copy of a public liability insurance policy of not less than \$20,000,000 held by the applicant and which will remain current during the term of the approval; and
 - (b) a signed indemnity using the wording specified in the application form.
- (3) However, a copy of the public liability insurance policy mentioned in subsection (2)(a) is not required at the time of the application in the following cases—
- (a) applications for approval for a memorial, plaque or public art installation;
 - (b) applications for approval to plant vegetation;
 - (c) applications for approval to clear vegetation;
 - (d) applications for approval to install or alter infrastructure.

5 Additional criteria for the granting of approval

Additional criteria applicable to an application for approval of the type mentioned in column 1 of table 2 to this schedule are specified in the corresponding part of column 2 of table 2.

Table 2 – Additional criteria applicable to approvals

Column 1 Type of application for approval	Column 2 Additional criteria applicable to the application
All applications for approval	(a) the proposed type of alteration or improvement activity will be compatible with the character and desirable characteristics of the area in which it is to be located, having regard to— <ul style="list-style-type: none"> (i) location and siting; and (ii) size; and (iii) community benefit; and (iv) community need; and (b) the activity will not unreasonably or adversely impact on existing views and will not dominate or oppress the visual landscape; and (c) the activity will cause no significant visual or physical obstruction of, or distraction to, vehicular or pedestrian traffic; and (d) the activity will not prejudice or interfere with the proper maintenance of existing infrastructure or the construction of future infrastructure within or adjacent to a local government controlled area or road; and (e) the activity will—

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

Column 1 Type of application for approval	Column 2 Additional criteria applicable to the application
	(i) complement and not unreasonably detract from the desirable characteristics of the natural and built environment in which it will be situated; and (ii) be consistent with the type of development or land use in the vicinity.
Applications for approval to plant vegetation on a road verge	(a) the applicant is the owner or occupier of the property adjacent to the road verge where the activity will be undertaken.
Applications for approval to install a memorial or plaque on a local government controlled area or road other than a cemetery	(b) the activity will be consistent with the local government's <i>Memorials and Plaques Policy</i> .
Applications for approval to install public art on a local government controlled area or road	(a) the activity will be consistent with the local government's <i>Art and Heritage Collections Policy</i> .
Applications to erect or install a memorial, columbarium, mausoleum or vault in a local government cemetery	(a) the activity will not adversely alter or affect the amenity or design of the local government cemetery; (b) the application demonstrates that the activity will be able to be undertaken in accordance with the relevant Australian Standards.

6 Conditions that must be imposed on approvals

- (1) A condition that must be imposed on all approvals is that the approval holder must maintain, at all times during the term of the approval, a public liability insurance policy of not less than \$20,000,000 covering the prescribed activity.
- (2) However, subsection (1) does not apply to an approval for—
 - (a) planting vegetation⁵; and
 - (b) clearing vegetation; and
 - (c) a memorial, plaque or public art installation, if the work will be undertaken for the approval holder by the local government.

⁵ See section 6 of this schedule for conditions that will ordinarily be imposed in relation to these approvals.

- (3) In addition, conditions that must be imposed on an approval to erect or install a memorial, columbarium, mausoleum or vault in a local government cemetery are that the approval holder must—
- (a) ensure that the memorial is constructed of a weather resistant material; and
 - (b) not exceed the number of interments authorised in the approval; and
 - (c) only install the inscriptions on the structure authorised in the approval; and
 - (d) erect or install the approved structure on a new grave within one calendar year of the burial of the deceased (in default of which condition the local government may erect at its discretion the necessary standard memorial on a new grave with no further consultation on the design or inscription); and
 - (e) comply with any directions given by an authorised person about—
 - (i) the preparation and erection or installation of the structure; or
 - (ii) removal of any memorial item affecting the disposal of human remains or maintenance of a human remains site.

7 Conditions that will ordinarily be imposed on approvals

For an approval to plant or clear vegetation on a road verge⁶, a condition that will ordinarily be imposed is that the approval holder must maintain, at all times during the term of the approval, a public liability insurance policy that covers the prescribed activity up to an amount of not less than \$2,000,000.

8 Term of approval

This section has been intentionally left blank.

9 Term of renewal of approval

The term of a renewal of the approval shall be the term stated in the renewal.

⁶ Note that “*compliant planting*” does not require an approval – see section 2(1)(c) of this schedule.

Schedule 5 Building removal

section 9

1 Prescribed activity

Building removal.

2 Activities that do not require approval under the authorising local law

This section has been intentionally left blank.

3 Documents and materials that must accompany applications for approval

An application for approval must be accompanied by—

- (a) details of the building or structure which is the subject of the building removal, including—
 - (i) the origin and destination of the building or structure; and
 - (ii) scale plans and specifications of the building or structure sufficient for a development approval for building works under the *Sustainable Planning Act 2009*; and
 - (iii) any fumigation or disinfection that has been undertaken in respect of the building or structure; and
- (b) details of all insurances held by the person who will be undertaking the activity.

4 Additional criteria for the granting of approval

The additional criteria are that—

- (a) the building or structure will comply with the *Building Act 1975*; and
- (b) any building or structure which has been used by a person who has contracted an infectious or contagious disease during the previous 3 months has been properly fumigated or disinfected; and
- (c) the building or structure is not dilapidated, unsanitary, unfit for human habitation or a nuisance.

5 Conditions that must be imposed on approvals

This section has been intentionally left blank.

6 Conditions that will ordinarily be imposed on approvals

The conditions that will ordinarily be imposed on an approval are that the approval holder must ensure that—

- (a) the activity does not detrimentally affect the amenity of neighbouring premises; and
- (b) the activity is conducted, unless otherwise varied by an authorised person, between the hours of—
 - (i) 8.00 am to 8.00 pm Monday to Saturday; and

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (ii) 9.00 am to 8.00 pm Sunday; and
- (iii) 10.00 am to 6.00 pm Public Holidays; and
- (c) the activity does not—
 - (i) create a traffic problem; or
 - (ii) increase an existing traffic problem; or
 - (iii) detrimentally affect the efficiency of the existing road network; and
- (d) the activity does not constitute a risk to road safety; and
- (e) contaminants will not be released to the environment as part of the activity such that the release may cause environmental harm, unless such release is specifically authorised by the *Environmental Protection Act 1994*; and
- (f) air compressors used as part of the activity are fitted with inlet and exhaust silencers and enclosed in an effective acoustic enclosure; and
- (g) all spillages of wastes, contaminants or other materials are cleaned up immediately; and
- (h) such spillages are not cleaned up by hosing, sweeping or otherwise releasing such wastes, contaminants or material to any stormwater system or waters; and
- (i) lighting used to illuminate any areas of the premises are angled or shaded in such a manner that the light does not cause a nuisance; and
- (j) all work in respect of the activity is performed safely in accordance with all relevant laws; and
Example for paragraph (j)—
Work in respect of asbestos must comply with the *Workplace Health and Safety Act 1995*.
- (k) all waste generated as part of the activity is disposed of in a manner which maintains the activity and its surrounds in a clean, tidy, sanitary and hygienic condition; and
- (l) all buildings and structures that form part of the activity comply with the *Building Act 1975*; and
- (m) the activity complies with the *Environmental Protection Act 1994*; and
- (n) a bond of \$5,000 to secure the erection of the dwelling or structure in accordance with the *Building Act 1975* is provided to the local government prior to the commencement of the activity; and
- (o) a site from which a building or structure has been removed is left in a clean and tidy condition to the satisfaction of the local government; and
- (p) the building or structure is not dilapidated, unsanitary, unfit for human habitation or a nuisance; and

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (q) a public liability insurance policy of not less than \$20,000,000 covering the prescribed activity is maintained at all times during the term of the approval.

7 Term of approval

- (1) The term of an approval commences on the date the approval is granted and expires on the next 30th day of June, unless otherwise specified in the approval.
- (2) An approval expires at the end of the day for expiry specified in subsection (1).

8 Term of renewal of approval

This section has been intentionally left blank.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

Schedule 5A Causing building site delivery noise

section 9

1 Prescribed activity

Causing building site delivery noise

2 Activities that do not require approval under the authorising local law

This section has been intentionally left blank.

3 Documents and materials that must accompany applications for approval

An application for an approval for causing building site delivery noise must be accompanied by—

- (a) the name, address, telephone number and email address, of the person applying for the approval; and
- (b) the trading name, street address, telephone number, email address, registered business name and Australian Business Number of the business under which the prescribed activity is to be carried out; and
- (c) the name, address, mobile telephone number and email address, of the person who will have control of the building site at the times the prescribed activity is to be carried out; and
- (d) details of the prescribed activity proposed to be carried out, including—
 - (i) the nature of the building work; and
 - (ii) the times and places at which the building site delivery will be carried out; and
 - (iii) the nature of the building site delivery proposed to be carried out outside the prescribed times; and
 - (iv) the reasons why it is proposed that the building site delivery is carried out outside the prescribed times; and
 - (v) the proposed term of the approval; and
- (e) a plan or scale map showing—
 - (i) the location of the premises at which the building site delivery will be carried out; and
 - (ii) the location (and identifying particulars) of any noise sensitive place that will be exposed to audible noise caused by the building site delivery outside the prescribed times; and
 - (iii) the location and details (including acoustic levels at the source) of all noise sources from the building site delivery.

4 Additional criteria for the granting of approval

For an approval for causing building site delivery noise, the additional criteria are that—

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (a) the building site delivery will be undertaken on a temporary basis for a specified period of time; and
- (b) the building site delivery will not cause unreasonable noise in a building at which the noise can be heard; and
- (c) the applicant has demonstrated that—
 - (i) there are extraordinary circumstances justifying why the building site delivery should occur outside the prescribed times; or
 - (ii) there are environmental or public safety reasons why the building site delivery should occur outside the prescribed times.

Examples for subparagraph (i)—

- Building site delivery outside of the prescribed times is necessary to minimise disruption caused by impacts on critical transport or utility infrastructure.
- Building site delivery within the prescribed times would cause unacceptable traffic impact.

Example for subparagraph (ii)—

Materials to be delivered are hazardous and it is safer to deliver them at a time when fewer members of the public will be in the vicinity of the site.

5 Conditions that must be imposed on approvals

This section has been intentionally left blank.

6 Conditions that will ordinarily be imposed on approvals

Conditions that will ordinarily be imposed on an approval for causing building site delivery noise are that the approval holder must—

- (a) only carry out the building site delivery at the times specified in the approval; and
- (b) limit the activity to work of a particular type, or use of particular equipment, and at particular times, as specified; and
- (c) ensure that reversing beepers or squawkers are deactivated and spotters are used during night-time works to the extent permitted under the *Work Health and Safety Act 2011*; and
- (d) ensure engines in vehicles or equipment are well muffled; and
- (e) not use whistles or amplified communication devices, other than two-way radios; and
- (f) keep volume on any communication devices to a minimum; and
- (g) ensure that no radios or other amplified music or entertainment devices are used; and
- (h) ensure any work involving the emission of high intensity ultraviolet light or the use of a floodlight is shielded to protect members of the public; and

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (i) ensure delivery vehicles do not load or unload goods for use on the site outside the prescribed times; and
- (j) prior to the commencement of the building site delivery, notify the Queensland Police Service, Queensland Fire and Emergency Services and the Department of Transport and Main Roads; and
- (k) ensure that the activity does not affect the movement of traffic; and
- (l) take other specified action to minimise the impact of the noise generated by the building site delivery, including, but not limited to, any or all of the following—
 - (i) the construction and maintenance of noise barriers and enclosures around noisy equipment or along the noise transmission path;
 - (ii) the implementation of noise reduction measures at noise sensitive places;
 - (iii) the use of low noise equipment;
 - (iv) the carrying out of routine maintenance on fans to minimise bearing noise;
 - (v) the repair and replacement of defective mufflers and equipment; and
- (m) establish and maintain a procedure for taking and managing complaints about noise from the prescribed activity carried out outside the prescribed times, which must—
 - (i) provide a 24 hour telephone number for persons to call to make a complaint about the noise caused by the building site delivery; and
 - (ii) set out the procedure that must be followed by the approval holder after the receipt of a complaint to ensure the complaint is adequately addressed; and
 - (iii) require that the local government is notified of any complaint within 24 hours after the complaint is received; and
- (n) provide written notification (in the prescribed form) of the commencement of any building site delivery carried out outside the prescribed times to the following persons, not less than 48 hours prior to the commencement of the delivery—
 - (i) the residents or operators of any noise sensitive place exposed to audible noise caused by the building site delivery; and
 - (ii) the local government; and
- (o) erect signage—
 - (i) located—
 - (A) at the premises where the building site delivery is

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- being carried out; and
- (B) in a prominent position viewable from the road, or such other position specified in the approval; and
- (ii) clearly identifying—
 - (A) the approval number issued by the local government; and
 - (B) the dates and times at which the approval authorises the building site delivery to be carried out outside the prescribed times; and
 - (C) the 24 hour telephone number for persons to call to make a complaint about the noise caused by the building site delivery.

7 Term of approval

- (1) The term of an approval commences on the date the approval is granted and expires on the date specified in the approval.
- (2) An approval expires at the end of the day for expiry specified in subsection (1).

8 Term of renewal of approval

This section has been intentionally left blank.

Schedule 5B Causing building work noise

section 9

1 Prescribed activity

Causing building work noise

2 Activities that do not require approval under the authorising local law

This section has been intentionally left blank.

3 Documents and materials that must accompany applications for approval

An application for an approval for causing building work noise must be accompanied by—

- (a) the name, address, telephone number and email address, of the person applying for the approval; and
- (b) the trading name, street address, telephone number, email address, registered business name and Australian Business Number of the business under which the prescribed activity is to be carried out; and
- (c) the name, address, mobile telephone number and email address, of the person who will have control of the building site at the times the prescribed activity is to be carried out; and
- (d) a copy of any licence or approval required by a relevant authority (for example, the Queensland Building and Construction Commission) to carry out the building work the subject of the application; and
- (e) details of the prescribed activity proposed to be carried out, including—
 - (i) the nature of the building work; and
 - (ii) the times and places at which the building work will be carried out; and
 - (iii) the nature of the building work proposed to be carried out outside the prescribed times; and
 - (iv) the reasons why it is proposed that the building work is carried out outside the prescribed times; and
 - (v) the proposed term of the approval; and
- (f) a plan or scale map showing—
 - (i) the location of the premises at which the building work will be carried out; and
 - (ii) the location (and identifying particulars) of any noise sensitive place that will be exposed to audible noise caused by the building work outside the prescribed times; and
 - (iii) the location and details (including acoustic levels at the source) of all noise sources from the building work.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

4 Additional criteria for the granting of approval

For an application for an approval for causing building work noise, the additional criteria are that—

- (a) the building work will be undertaken on a temporary basis for a specified period of time; and
- (b) the building work will not cause unreasonable noise in a building at which the noise can be heard; and
- (c) the applicant has demonstrated that—
 - (i) there are extraordinary circumstances justifying why the building work should occur outside the prescribed times; or
 - (ii) there are environmental or public safety reasons why the building work should occur outside the prescribed times.

Examples for subparagraph (i)—

- Carrying out the building work outside of the prescribed times is necessary to minimise disruption caused by impacts on critical transport or utility infrastructure.
- Carrying out the building work within the prescribed times would cause unacceptable traffic impact.

Example for subparagraph (ii)—

The building work will involve asbestos removal that would increase safety risks to the public if carried out during the prescribed times.

5 Conditions that must be imposed on approvals

This section has been intentionally left blank.

6 Conditions that will ordinarily be imposed on approvals

Conditions that will ordinarily be imposed on an approval for causing building work noise are that the approval holder must—

- (a) only carry out the building work at the times specified in the approval; and
- (b) limit the activity to work of a particular type, or use of particular equipment, and at particular times, as specified; and
- (c) ensure that reversing beepers or squawkers are deactivated and spotters are used during night-time works to the extent permitted under the *Work Health and Safety Act 2011*; and
- (d) ensure engines in vehicles or equipment are well muffled;
- (e) not use whistles or amplified communication devices, other than two-way radios; and
- (f) keep volume on any communication devices to a minimum; and
- (g) ensure that no radios or other amplified music or entertainment devices are used; and
- (h) ensure any work involving the emission of high intensity ultraviolet light or the use of a floodlight is shielded to protect members of the public; and

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (i) ensure no materials are placed in skip bins (or similar) outside the prescribed times; and
- (j) ensure all external doors of the building remain closed during the carrying out of the building work; and
- (k) ensure all workers are off-site by no later than a specified time; and
- (l) ensure delivery vehicles do not load or unload goods for use on the site outside the prescribed times; and
- (m) prior to the commencement of the building work, notify the Queensland Police Service, Queensland Fire and Emergency Services and the Department of Transport and Main Roads; and
- (n) ensure that the activity does not affect the movement of traffic; and
- (o) take other specified action to minimise the impact of the noise generated by the building work, including, but not limited to, any or all of the following—
 - (i) the construction and maintenance of noise barriers and enclosures around noisy equipment or along the noise transmission path;
 - (ii) the implementation of noise reduction measures at noise sensitive places;
 - (iii) the use of low noise equipment;
 - (iv) the carrying out of routine maintenance on fans to minimise bearing noise;
 - (v) the repair and replacement of defective mufflers and equipment; and
- (p) establish and maintain a procedure for taking and managing complaints about noise from the prescribed activity carried out outside the prescribed times, which must—
 - (i) provide a 24 hour telephone number for persons to call to make a complaint about the noise caused by the building work; and
 - (ii) set out the procedure that must be followed by the applicant after the receipt of a complaint to ensure the complaint is adequately addressed; and
 - (iii) require that the local government is notified of any complaint within 24 hours after the complaint is received; and
- (q) provide written notification (in the prescribed form) of the commencement of any building work carried out outside the prescribed times to the following persons, not less than 48 hours prior to the commencement of the building work—
 - (i) the residents or operators of any noise sensitive place exposed to audible noise caused by the building work; and

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (ii) the local government; and
- (r) erect signage—
 - (i) located—
 - (A) at the premises where the building site delivery is being carried out; and
 - (B) in a prominent position viewable from the road, or such other position specified in the approval; and
 - (ii) clearly identifying—
 - (A) the approval number issued by the local government; and
 - (B) the dates and times at which the approval authorises the building site delivery to be carried out outside the prescribed times; and
 - (C) the 24 hour telephone number for persons to call to make a complaint about the noise caused by the building site delivery.

7 Term of approval

- (1) The term of an approval commences on the date the approval is granted and expires on the date specified in the approval.
- (2) An approval expires at the end of the day for expiry specified in subsection (1).

8 Term of renewal of approval

This section has been intentionally left blank.

5 Conditions that must be imposed on approvals

A condition that must be imposed on all approvals is that the approval holder must maintain, at all times during the term of the approval, a public liability insurance policy of not less than \$20,000,000 covering the prescribed activity.

6 Conditions that will ordinarily be imposed on approvals

The conditions that will ordinarily be imposed on an approval of the type mentioned in column 1 of table 3 to this schedule are the conditions set out in the corresponding part of column 2 of table 3.

Table 3 – Conditions that will ordinarily be imposed on approvals

Column 1 Type of application for approval	Column 2 Additional criteria applicable to the application
All approvals	(a) the activity must be designed, sited, constructed and maintained to ensure the health and safety of the community by— (i) complying with structural standards, specified safety requirements and codes under applicable laws; and (ii) exhibiting specified warning notices where required; and (iii) storing and using hazardous materials in a safe manner; and (iv) certifying vehicles, equipment or things involved in the prescribed activity; and (v) adhering to defined routes or locations specified in the approval; and (vi) prohibiting an animal type or species from the prescribed activity where specified in the approval; and (vii) appropriately training persons engaged in the

	<p>(d) any umbrella used in the outdoor dining area must have a minimum clearance above the walk way or floor area of 2.2 metres measured perpendicular from the lowest point of the extended arms (spokes) of the umbrella, and the umbrella must be securely anchored; and</p> <p>(e) umbrellas and awnings over outdoor dining areas must not direct rain water onto pedestrian footpaths that would otherwise be protected from the rain; and</p> <p>(f) furniture used in the outdoor dining area must—</p> <p>(i) be of sufficient weight and structure to not create a public health or safety risk in adverse weather conditions; and</p> <p>(ii) comply with relevant industry standards; and</p> <p>(g) the outdoor dining area must be designed so that pedestrians using the relevant footpath are not required to move out from under any shelter that existed prior to the establishment of the outdoor dining area; and</p> <p>(h) the establishment and use of the outdoor dining area must not conflict with or inconvenience other business establishments in the immediate vicinity; and</p> <p>(i) all plantings in the outdoor dining area must—</p> <p>(i) provide shade wherever possible, rather than being utilised primarily as a screening element; and</p> <p>(ii) be designed to unify the streetscape in the general vicinity; and</p> <p>(j) the outdoor dining area must satisfy the design requirements of the relevant streetscape manuals.</p>

7 Term of approval

- (1) The term of an approval commences on the date the approval is granted and expires on the next 30th day of June, unless otherwise specified in the approval.
- (2) An approval expires at the end of the day for expiry specified in subsection (1).

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

8 Term of renewal of approval

This section has been intentionally left blank.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

Schedule 7 Establishment or occupation of a temporary home

section 9

1 Prescribed activity

Establishment or occupation of a temporary home.

2 Activities that do not require approval under the authorising local law

- (1) An approval under the authorising local law is not required for the establishment or occupation of a temporary home—
- (a) for less than two weeks in any fifty-two week period if the temporary home is established on a vacant property; or
 - (b) for less than four weeks in any fifty-two week period if—
 - (i) the temporary home is sited on a property occupied by an existing dwelling house; and
 - (ii) the temporary home is located to the rear of the existing dwelling house.
- (2) However, subsection (1) applies only if—
- (a) no waste materials, including grey water, are deposited on site during occupation or left on site after departure; and
 - (b) the temporary home is not a class 10A building under the *Building Code of Australia*.

3 Documents and materials that must accompany applications for approval

An application for approval must be accompanied by—

- (a) details of the activity including—
 - (i) the purpose for which occupation is required; and
 - (ii) the number of occupants, adults and children, to be normally accommodated; and
 - (iii) toilet, bathing, laundry, water storage and refuse facilities; and
 - (iv) a drawing showing the design and dimensions of the proposed temporary home; and
 - (v) the materials out of which the temporary home is constructed and other structural details of the temporary home; and
 - (vi) the location of the temporary home; and
- (b) in the case of a residential caretaker, details of a current building approval for the construction of the permanent residence and

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

evidence of financial capacity and ability to construct the permanent residence; and

- (c) in the case of a site caretaker, demonstration of the need for a site caretaker; and
- (d) if the applicant is not the owner of the land on which the establishment of the temporary home is or is to be located—the written consent of the owner.

4 Additional criteria for the granting of approval

- (1) For all approvals, the additional criteria are that—
 - (a) an adequate water source will be available to the proposed temporary home; and
 - (b) there is adequate means of waste disposal and sanitation to ensure that reasonable standards of health and hygiene can be maintained; and
 - (c) the temporary home can be suitably screened by means of screens, natural topography, trees or landscaping, so as not to adversely affect the amenity of the area; and
 - (d) the temporary home conforms with 1 of the following structural criteria in the circumstances described—
 - (i) in the case of a tent—the approval is sought for a term of less than 3 months; or
 - (ii) in the case of a car, van or other vehicle designed or modified as a place of residence—the approval is sought for a term of less than 6 months; or
 - (iii) in the case of a bus designed or modified as a place of residence—
 - (A) the bus is of adequate size; and
 - (B) the facilities are adequate for the term of occupation for which the approval is sought, which must be no more than 18 months; or
 - (iv) in the case of a caravan or mobile home—the approval is sought for a term of no more than 18 months; or
 - (v) in the case of a shed or class 10A building on the premises—the shed or building is not intended to be used permanently as a habitable building; or
 - (vi) in the case of any other proposed temporary home—the applicant can demonstrate to the local government’s satisfaction that health, safety and aesthetic standards will not be adversely affected for the term of approval sought.
- (2) For an approval relating to a residential caretaker, an additional criterion is that the owner is able to demonstrate an ability and capacity to construct a permanent dwelling within the period of the building approval.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

Example—

The applicant has a contract with a Registered Builder and sufficient funds are available. However, this criterion may not be satisfied if—

- a genuine application has not been made for building approval of a proposed permanent residence; or
- the proposed erection of a permanent residence has been approved and there is less than 90 days left in the period fixed for finishing the relevant building work.

- (3) For an approval relating to a site caretaker, additional criteria are that—
- (a) the applicant must be able to demonstrate that a temporary caretaker is required to reduce the risk of theft, vandalism or damage to buildings and facilities on the premises; and
- (b) not more than 2 adults will reside in the temporary home.

5 Conditions that must be imposed on approvals

- (1) A condition that must be imposed on all approvals is that the approval holder must install photoelectric smoke alarms outside any sleeping areas in the temporary home.
- (2) However, the condition in subsection (1) does not need to be imposed on the approval if a condition covering smoke alarms is contained in a development approval that applies to the temporary home.

6 Conditions that will ordinarily be imposed on approvals

- (1) For all approvals, the conditions that will ordinarily be imposed are that—
- (a) the temporary home must not be occupied as a place of permanent residence for an indefinite period; and
- (b) the approval holder shall construct a permanent residence on the property within the timeframe specified in the approval; and
- (c) the temporary home must be designed, sited, constructed and maintained to ensure it does not adversely impact on public health or safety, and must be—
- (i) compliant with any structural standards, specified safety requirements and codes under applicable laws; and
- (ii) maintained in good working order and in a good state of repair; and
- (iii) maintained in a clean, tidy, sanitary and hygienic condition (including all facilities, fixtures, fittings, equipment and furniture); and
- (iv) provided with adequate shower, toilet and ablution facilities; and
- (v) provided with potable water for drinking purposes; and
- (vi) provided with an adequate and continuous supply of water to all permanent toilet, bathroom, kitchen, laundry and drinking water facilities that form part of the temporary home; and

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (d) the temporary home must not adversely impact on community health or constitute a nuisance and must—
 - (i) be kept free of pests and vermin and conditions offering harbourage for pests and vermin; and
 - (ii) be screened by means of screens, natural topography, trees or landscaping so as not to adversely affect the amenity of the area; and
 - (e) the temporary home must accommodate no more than the number of persons specified in the approval; and
 - (f) the temporary home must be dismantled and removed by the date specified in the approval.
- (2) For an approval relating to a residential caretaker or site caretaker, additional conditions that will ordinarily be imposed include that—
- (a) the development approval for a permanent dwelling remains current; and
 - (b) the approval holder must provide a refuse or recycling collection service; and
 - (c) the permanent dwelling is being progressively constructed at such a rate that it can be reasonably expected to be completed within the period of the development approval and the term of the temporary home approval.

Example for paragraph (c)—

Extensions will only be granted where significant progress is made toward the construction of the permanent dwelling.

7 Term of approval

- (1) The term of an approval commences on the date the approval is granted and expires on the next 30th day of June, unless otherwise specified in the approval.
- (2) An approval expires at the end of the day for expiry specified in subsection (1).

8 Term of renewal of approval

This section has been intentionally left blank.

Schedule 8 Placement of movable advertising devices

section 9

9 Prescribed activity

Placement of movable advertising devices.

10 Activities that do not require approval under the authorising local law

- (1) An approval is not required under the authorising local law for—
 - (a) an advertising device that is regulated by the local government's planning scheme; or
 - (b) an exempt advertising device.
- (2) An *exempt advertising device* is a movable advertising device that satisfies all of the following requirements—
 - (a) the movable advertising device is one of the types of advertising devices listed and defined in column 1 of table 1 to this schedule; and
 - (b) the form and placement of the movable advertising device is within the parameters prescribed for the relevant type of advertising device in column 2 of table 1 to this schedule; and
 - (c) the placement of the movable advertising device is not likely to cause—
 - (i) harm to human health and safety; or
 - (ii) property damage; or
 - (iii) a nuisance; or
 - (iv) obstruction of pedestrian or vehicular traffic; or
 - (v) environmental harm; or
 - (vi) environmental nuisance; or
 - (vii) a detrimental impact on the amenity of the area; or
 - (viii) obstruction of a view or vista from any premises.

11 Documents and materials that must accompany applications for approval

An application for approval must be accompanied by—

- (a) a photo, drawing or diagram of the proposed advertising device; and
- (b) a site plan indicating placement of the device.

12 Additional criteria for the granting of approval

For an application for approval for a movable advertising device, the additional criteria are that the device will not be likely to cause—

- (a) harm to human health and safety; or
- (b) property damage; or
- (c) a nuisance; or
- (d) obstruction of pedestrian or vehicular traffic; or
- (e) environmental harm; or
- (f) environmental nuisance; or
- (g) a loss of amenity; or
- (h) an obstruction of a view or vista from any premises.

13 Conditions that must be imposed on approvals

A condition that must be imposed on all approvals is that the approval holder must maintain, at all times during the term of the approval, a public liability insurance policy of not less than \$20,000,000 covering the prescribed activity.

14 Conditions that will ordinarily be imposed on approvals

- (1) For all approvals, conditions that will ordinarily be imposed are that the

approval holder must—

- (a) comply with safety requirements specified in the approval; and

Example for paragraph (a) – To provide for the safe passage of pedestrians or vehicles, a movable advertising device may only be displayed where a clear unobstructed view of the road network system is maintained, including intersections, traffic signals, railway crossings and vehicle merging situations.

- (b) provide to the local government any certificates specified in the approval, such as—

- (i) a certificate of structural adequacy from a qualified engineer; or
- (ii) a certificate demonstrating no conflict with underground services; or
- (iii) proof that the approval holder has and maintains public liability insurance coverage covering any risk associated with the prescribed activity to the amount specified in the approval.

- (2) For an approval for a movable advertising device of a type listed and defined in column 1 of table 2 to this schedule, the conditions that will ordinarily be imposed are set out in the corresponding row of column 2 of table 2.

 - (C) noise management plan; and
 - (D) waste management plan; and
 - (ii) details of the experience and qualifications of the responsible person for the animal to conduct the prescribed activity.
 - (c) if the application is to keep 3 or more dogs at a property that is within a multiple dwelling—a community management plan, which must include—
 - (i) a consultation plan; and
 - (ii) a waste management plan; and
 - (iii) a noise management plan.
- (2) A consultation plan mentioned in subsection (1)(b)(i)(A) must include written agreement to the application signed by an adult resident of every adjoining property.
- (3) A consultation plan mentioned in subsection (1)(c)(i) must include—
 - (a) written agreement to the application signed by an adult resident of every property within 50 metres of the applicant's property; and
 - (b) written agreement to the application signed by the body corporate for the multiple dwelling.
- (4) A waste management plan mentioned in subsection (1)(c)(ii) must include—

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (a) written agreement to the application signed by an adult resident of every property within 50 metres of the applicant's property; and
- (b) written agreement to the application signed by the body corporate responsible for the common property that will be affected by the application.

(5) In this section—

multiple dwelling means premises that contain three or more dwellings for separate households.

Example—Apartments, flats, units, townhouses, retirement facilities and triplex.

4 Additional criteria for the granting of approval

- (1) Additional criteria applicable to all applications are that the keeping of the animal or animals—
 - (a) will not cause environmental harm; and
 - (b) is suitable to the geography of the land; and
 - (c) will not compromise the amenity of the surrounding area; and
 - (d) will not detrimentally affect the amenity of a neighbouring property; and
 - (e) will not cause a nuisance to neighbours by barking, howling, squawking, crowing or wailing indiscriminately; and
 - (f) will be in an enclosure, structure or building that that is adequate for the purpose.
- (2) For an approval to keep a cockerel, rooster, guinea fowl or peacock, where the relevant property is less than 2000 square metres in size, the additional criteria applicable are that—
 - (a) the applicant is a current financial member of an association recognised by the Feather Clubs Association of Queensland Inc.; and
 - (b) the applicant has submitted an acceptable anti-social behavioural plan detailing how the animal will be managed to avoid causing a nuisance.

5 Conditions that must be imposed on approvals

For an approval to keep a cockerel, rooster, guinea fowl or peacock, where the relevant property is less than 2000 square metres in size, conditions that must be imposed are that the approval holder must—

- (a) not keep the animal that is the subject of the approval on the relevant land at any time that the approval holder is no longer a current financial member of an association recognised by the Feather Clubs Association of Queensland Inc.; and
- (b) comply with the approved anti-social behavioural plan detailing how the animal will be managed to avoid causing a nuisance.

6 Conditions that will ordinarily be imposed on approvals

- (1) For all approvals, conditions that will ordinarily be imposed on an approval are that the approval holder must—
 - (a) ensure that the keeping of the animal/s does not cause environmental harm; and
 - (b) ensure that the keeping of the animal/s does not detrimentally affect the amenity of a neighbouring property; and
 - (c) ensure that the keeping of the animal/s does not cause a nuisance to neighbours by barking, howling, squawking, crowing or wailing indiscriminately; and
 - (d) contain the animal/s in a kennel or structure that is—
 - (i) at least 15 metres from an adjoining property; and
 - (ii) positioned toward the rear of the property in which the animal/s are to be kept, such that the potential effect on a residence on an adjoining property is minimised; and
 - (e) ensure that all enclosures, structures or buildings where the animal/s are kept are adequate and maintained to a satisfactory standard; and
 - (f) ensure that all animals are kept within the curtilage of the outbuildings on the property; and
 - (g) ensure that all waste generated as part of the keeping of the animal/s will be—
 - (i) removed daily; and
 - (ii) disposed of in accordance with the *Environmental Protection Act 1994* and the *Water Act 2000*; and
 - (h) ensure that all waste water generated during or from the keeping of the animal/s will be discharged safely to the sewerage system or an on-site sewerage facility, or in another manner approved by the local government; and
 - (i) ensure that there are sufficient numbers of waste containers to accommodate the collection and storage of all waste generated in the keeping of the animal/s; and
 - (j) ensure that waste containers are regularly maintained in a clean, tidy, hygienic condition and in good working order.
- (2) For an approval to keep 3 or more dogs over the age of 3 months on a property, a condition that will ordinarily be imposed is that the approval holder must not keep a regulated dog on the property.

7 Term of approval

- (1) The term of an approval commences on the date the approval is granted and expires on the next 30th day of June, unless otherwise specified in the approval.
- (2) An approval expires at the end of the day for expiry specified in subsection (1).

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

8 Term of renewal of approval

An approval that is renewed expires on the next 30th day of June, unless otherwise specified in the renewal.

 - (e) any relevant local government plans, standards, agreements or requirements.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

5 Conditions that must be imposed on approvals

A condition that must be imposed on an approval is that the approval holder must ensure that a copy of the approval is available to be viewed by an authorised person at the premises on request.

6 Conditions that will ordinarily be imposed on approvals

- (1) Conditions that will ordinarily be imposed are that the approval holder must—
 - (a) ensure that internal levels of noise from amplified music played at the premises are either—
 - (i) within specified limits that will ensure that the external emission of noise from amplified music at the premises does not exceed the default maximum levels in table 1 to this schedule; or
 - (ii) in accordance with a noise management plan that forms part of the approval; and
 - (b) ensure that specified features of the internal layout and design of the premises are not altered without the local government's consent when amplified music is being played; and
 - (c) install and operate noise limiting devices; and
 - (d) carry out and record noise monitoring; and
 - (e) provide noise monitoring records upon request by an authorised person; and
 - (f) where a noise management plan forms part of the approval—comply with the requirements of the noise management plan; and
 - (g) ensure that any person acting under the approval complies with the conditions of the approval.
- (2) A noise management plan referred to in subsection (1)—
 - (a) must—
 - (i) list actions which the approval holder will take to minimise the emission of noise from amplified music at the premises during the period of the plan; and
 - (ii) state a timetable for carrying out the actions; and
 - (iii) make provision for monitoring and recording compliance with the plan; and
 - (b) may address matters including—
 - (i) the location and height of a stage; and
 - (ii) the location and height of speakers; and
 - (iii) the direction of speakers; and
 - (iv) the closure of doors and windows; and
 - (v) details of the sound system; and

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

- (vi) noise measurement procedures; and
 - (vii) hours of operation.
- (3) Compliance with a noise level specified in an approval condition will be determined by noise measurements carried out by an authorised person inside the amplified music venue at the measurement point specified in the approval.

7 Term of approval

- (1) The term of an approval commences on the date the approval is granted and expires on the date specified in the approval.
- (2) An approval expires at the end of the day for expiry specified in subsection (1).

8 Term of renewal of approval

This section has been intentionally left blank.

Table 1 – Default maximum levels of external emission of noise from amplified music

Day and time	Amplified music noise maximum level 1 ^{a, c}	Amplified music noise maximum level 2 ^{b, c}
10am to midnight on a Friday and Saturday 10am to 11.30pm on a Sunday, Monday, Tuesday, Wednesday and Thursday	LC _{eqT} 88dB	LL _{eqT} 45dB in any one-third octave band between and including 31.5Hz and 125Hz.
All other times	LC _{eqT} 65dB and LL _{eqT} 55dB in any one-third octave band between and including 31.5Hz and 125Hz.	LL _{eqT} 43dB in any one-third octave band between and including 31.5Hz and 125Hz.

- a At any point 1 metre external to the amplified music venue premises.
- b In a bedroom or living room of a residential or short term accommodation premises that is located in the same building as the amplified music venue premises, or which is separated from the venue building by a distance of 3 metres or less. This does not apply where a short-term accommodation premises and amplified music venue are within the same building and are owned and operated by the same entity.
- c In this table—
 - i. LC_{eqT} is the C-weighted equivalent continuous sound pressure level during measurement time T, where T equals 3 minutes; and
 - ii. LL_{eqT} is the un-weighted equivalent continuous sound pressure level during measurement time T, where T equals 3 minutes.

Schedule 11 Operation of temporary entertainment events

section 9

1 Prescribed activity

Operation of temporary entertainment events.

2 Activities that do not require approval under the authorising local law

This section has been intentionally left blank.

3 Documents and materials that must accompany applications for approval

An application for an approval to operate a temporary entertainment event must be accompanied by—

- (a) details of the temporary entertainment event venue; and
- (b) a temporary entertainment event management plan, which may, depending on the scale of the event, include—
 - (i) a community consultation plan; and
 - (ii) an event management plan; and
 - (iii) a catering plan; and
 - (iv) a security plan; and
 - (v) an emergency management plan; and
 - (vi) an alcohol management plan; and
 - (vii) a noise management plan; and
 - (viii) a traffic management plan; and
 - (ix) a waste management plan; and
 - (x) a risk management plan; and
 - (xi) a public safety plan; and
- (c) a copy of a public liability insurance policy of not less than \$20,000,000 held by the applicant and which will remain current during the term of the approval; and
- (d) details of compliance with the requirements of State and Commonwealth Government agencies, including, where applicable—
 - (i) liquor licensing; and
 - (ii) transport and main roads; and
 - (iii) environmental management; and
 - (iv) workplace health and safety; and
 - (v) fireworks licensing.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

4 Additional criteria for the granting of approval

An additional criterion applicable to an application for approval to operate a temporary entertainment event is whether the application has been submitted a reasonable period of time prior to the proposed event.

Example—

For a low impact event, a period of around 6 weeks may be required to properly assess the application. For a high impact event, a period of at least 4 months may be required to properly assess the application.

5 Conditions that must be imposed on approvals

A condition that must be imposed on all approvals is that the approval holder must maintain, at all times during the term of the approval, a public liability insurance policy of not less than \$20,000,000 covering the prescribed activity.

6 Conditions that will ordinarily be imposed on approvals

The conditions that will ordinarily be imposed on an approval are that—

- (a) the event must not detrimentally affect the amenity of neighbouring premises by causing a nuisance; and
- (b) the event may only be undertaken within the hours specified in the approval; and
- (c) amplified noise from the event shall be directed away from a noise sensitive place; and
- (d) a person must not camp or sleep overnight in a place (other than a residence) covered by the temporary entertainment event unless authorised by the approval; and
- (e) the approval holder must notify all residents, organisations and persons likely to be affected by the operation of the event within a minimum period of 4 weeks leading up to the event; and
- (f) the approval holder must be able to provide quick responses to complaints and must maintain a complaints hotline (a landline phone number) for the duration of the event; and
- (g) the event must not adversely impact on community health, which necessitates compliance with the following requirements—
 - (i) the site must be kept free of pests and vermin and conditions offering harbourage for pests and vermin; and
 - (ii) if the event involves the use of animals, they must be suitably located and housed so as not to constitute a nuisance; and
 - (iii) where water is supplied for drinking purposes, it must be potable water; and
 - (iv) an adequate and continuous supply of water must be maintained to all permanent toilet, bathroom, kitchen, laundry and drinking water facilities that form part of the operation of the event; and
 - (v) all patrons must have access to adequate toilet facilities

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

and hand basins; and

- (vi) the site must be maintained in a clean and sanitary condition during the event.

7 Term of approval

- (1) The term of an approval commences on the date the approval is granted and expires on the next 30th day of June, unless otherwise specified in the approval.
- (2) An approval expires at the end of the day for expiry specified in subsection (1).

8 Term of renewal of approval

This section has been intentionally left blank.

Schedule 11A Temporary placement of a shipping container

section 9

1 Prescribed activity

Temporary placement of a shipping container

2 Activities that do not require approval under the authorising local law

(1) An approval is not required under the authorising local law for the placement of a shipping container in each of the following circumstances—

(a) the shipping container is—

(i) in place for less than—

(A) for a property in the urban zone—30 days; or

(B) for a property not in the urban zone—90 days; and

(ii) not likely to cause—

(A) a detrimental impact on the amenity of the area; or

(B) harm to human health or safety; or

(C) environmental harm; or

(D) obstruction to pedestrian or vehicular traffic; or

(E) obstruction of a view or vista from any premises;
or

(b) the shipping container is—

(i) placed on a construction site; and

(ii) used for the purposes of construction works; and

(iii) in place only for the period necessary to complete the construction works; and

(iv) not likely to cause—

(A) a detrimental impact on the amenity of the area; or

(B) harm to human health or safety; or

(C) environmental harm; or

(D) obstruction to pedestrian or vehicular traffic; or

(E) obstruction of a view or vista from any premises;
or

(c) the placement of the container is permitted under the terms or conditions of an approval issued by the local government for another prescribed activity.

Example for paragraph (c)—

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

The temporary placement of a shipping container could be permitted under the terms or conditions of an approval for operation of a temporary entertainment event (see schedule 11).

(2) In this schedule—

construction site means a site where there are active construction works or where works have temporarily ceased for no more than 30 days.

urban zone has the meaning given in the Sunshine Coast Planning Scheme, schedule 1.

3 Documents and materials that must accompany applications for approval

An application for an approval must be accompanied by full details of the proposal, including—

- (a) the name, address and telephone number of the person responsible for siting and maintaining the shipping container; and
- (b) the purpose for the placement of the container; and
- (c) a dimensioned site plan providing proposed siting location, boundary setbacks, existing building locations, vegetation and other features (for example, fencing); and
- (d) details demonstrating that the proposed siting has taken account of how to minimise impact on neighbouring residents and surrounding streetscape; and
- (e) details demonstrating that the siting will not cause an obstruction of pedestrian or vehicular traffic; and
- (f) photographic images of all sides of the shipping container and details of any proposed changes to its appearance; and
- (g) details demonstrating no impacts on view lines, either public or private.

4 Additional criteria for the granting of approval

For an application for an approval for the temporary placement of a shipping container, the additional criteria are that the placement will not be likely to cause—

- (a) a detrimental impact on the amenity of the area; or
Example of detrimental impacts on amenity for paragraph (a)—
 - rusted and/or broken metal on the structure;
 - graffiti;
 - overgrown vegetation surrounding the structure.
- (b) harm to human health or safety; or
- (c) environmental harm; or
- (d) obstruction to pedestrian or vehicular traffic; or
- (e) obstruction of a view or vista from any premises.

CONSOLIDATED VERSION – AS AT 20 DECEMBER 2019

5 Conditions that must be imposed on approvals

This section has been intentionally left blank.

6 Conditions that will ordinarily be imposed on approvals

Conditions that will ordinarily be imposed are that the approval holder must—

- (a) keep the shipping container wholly within the boundaries of the property for which approval has been granted; and
- (b) if a specific location for the container is indicated in the approval—keep the shipping container sited at that location; and
- (c) ensure the external surfaces are rust free and kept in a consistent and maintained painted finish; and
- (d) ensure grass or other vegetation is maintained (for example, grass is mown and weeds are not present) in proximity to the shipping container; and
- (e) ensure the siting does not cause an obstruction to pedestrians or vehicular traffic.

7 Term of approval

- (1) The term of an approval commences on the date the approval is granted and expires on the date specified in the approval.
- (2) An approval expires at the end of the day for expiry specified in subsection (1).
- (3) The term of an approval specified under subsection (1) must not exceed—
 - (a) for an urban area—90 days; or
 - (b) for another area—180 days.

8 Term of renewal of approval

No further term is permitted by way of renewal or extension of an approval for the temporary placement of a shipping container.
