

Project number: H3747

Brisbane Road Upgrade

Stages 2 and 3

Mooloolaba Transport Corridor Upgrade

Concrete median construction works

Monday 17 to Friday 28 April (day works, Monday to Friday only)

Walan Street – between Smith Street and Brisbane Road, and section of Hancock Street Mooloolaba

Temporary changes to traffic conditions, one lane of traffic operating each way

Construction overview

As works continue on Stages 2 and 3 of the Brisbane Road Upgrade, concrete medians are being constructed on Walan Street.

These works involve the median strip being formed, before concrete is poured into the formwork and then dries and strengthens.

To ensure the safety of motorists, and construction workers working in the middle of live traffic lanes, some temporary partial lane closures are required.

These works have been timed to take place after the Queensland school holidays to minimise inconvenience to the community.

Please see the **map on page 2** for the location of these works.

Please note these works are **heavily weather dependent**. Heavy rain or extremely high heat/humidity will prevent these works taking place.

Temporary changes to traffic conditions, Walan & Hancock Streets

From Monday to Friday inclusive, one lane of traffic will operate each way on Walan Street, between Smith Street and Brisbane Road. For safety reasons, one lane each way will be temporarily closed during the median construction works.

A partial lane closure on Hancock Street will also be in place for traffic management purposes.

All four lanes of traffic on Walan Street and Hancock Street will be reinstated on weekends.

Access will remain available to nearby streets, businesses and residences, and the [ParknGo Mooloolaba Central](#) car park.

Traffic control will assist motorists and pedestrians when construction is in progress as required.

What to expect during these works?

These works involve the use of specialist machinery and large vehicles including concrete trucks.

Intermittent medium level noise is to be expected.

Please allow an extra five to ten minutes of travel time by vehicle during this period and obey the instructions of traffic controllers.

All businesses will remain OPEN during these works.

Register for project updates and/or contact the project team

To register for construction updates, email your details to mtcu@sunshinecoast.qld.gov.au

For further information, you can contact the project team on 1800 531 597 (during office hours, Monday to Friday 8.30am – 5pm) or email mtcu@sunshinecoast.qld.gov.au

All information contained in this communication is accurate at the time of distribution however works and dates are subject to change due to circumstances outside of Sunshine Coast Council's control.
