

**To the Resident****New Public Amenity Block – Buderim Lions Park****Project summary**

Sunshine Coast Council is committed to maintaining and improving our parks and recreational spaces across the region.

As part of these ongoing improvements, we are replacing the public amenity block at the Buderim Lions Park with a new disability compliant amenity block.

The new public amenity block will consist of one disability compliant and two ambulant toilets to service its patrons and wider community.

Please refer to design in figure 1 and location of works in figure 2 overleaf.

**Start date**

Works are scheduled to commence Monday 30 October 2023 and will be completed by mid-December, weather and site conditions permitting.

**Property access and parking**

Temporary fencing will be set up around the work site for the duration of the project. There will also be temporary toilets available onsite while construction works take place.

Thank you for your patience while we deliver these improvements.

**Further information**

For further information about this project please contact council's project officer, Mathew Wright on the details below (please quote H2095 Buderim Lions Park Public Amenity Block).

**A note from your local councillor**

Hi all,

Whether you're a family with children at a local park, a jogger on a morning run or even someone on a long car trip just looking for a public toilet, we've all been there and we get the importance of having decent toilet facilities. I am glad to see this old asset being replaced with something more modern and better looking.

Cr Christian Dickson
