

To the Resident**Stormwater Pit Upgrades – Forestdale Road, Landsborough****Project summary**

Sunshine Coast Council is committed to maintaining our infrastructure across the region.

As part of this year's Stormwater Renewal Program, council is replacing one stormwater pit on Forestdale Road, Landsborough.

Please refer to figure 1 overleaf.

Start date

Work is scheduled to start the week beginning Monday 18 December 2023. Construction is expected to be completed within one week, weather and site conditions permitting.

Work will occur between 7am and 5pm on weekdays.

Property access and parking

During works, access to properties will be maintained, however there will be a temporary loss to on-street parking to facilitate construction.

Traffic management

To ensure the safety of all road users, traffic management measures will be in place throughout the project, including temporary construction fencing and staffed traffic control.

Your patience during construction is appreciated.

Further information

For further information about this project, please contact council's project officer Clint Jones via the details below (please quote project number K4387).

**A note from your local councillor**

As part of Council's Stormwater Renewal Program, projects such as this one may appear small in comparison to more exciting and bigger projects delivered by your Council, but constantly renewing our incredibly critical stormwater network up to higher standards is super important given our regions increasingly unpredictable weather events. Every bit helps!

Cr Rick Baberowski
